[57] **CLAIM**

The ornamental design for an eye for a toy animal or similar article, as shown and described.

DESCRIPTION

FIG. 1 is a back view of an embodiment of an eye for a toy animal or similar article;

FIG. 2 is a side view thereof;

FIG. 3 is a front view of the eye showing my new design;

FIG. 4 is a detailed view of a variation of the eye shown in FIG. 3;

FIG. 5 is another variation of the eye shown in FIG. 3;

FIG. 6 is another variation of the eye shown in FIG. 3;

FIG. 7 is another variation of the eye shown in FIG. 3;

FIG. 8 is another variation of the eye shown in FIG. 3;

FIG. 9 is another variation of the eye shown in FIG. 3;

FIG. 10 is another variation of the eye shown in FIG. 3;

FIG. 11 is another variation of the eye shown in FIG. 3;

FIG. 12 is another variation of the eye shown in FIG. 3;

FIG. 13 is another variation of the eye shown in FIG. 3;

and,

FIG. 14 is another variation of the eye shown in FIG. 3.

FIGS. 1 and 2 are representative of the back and side of the various embodiments shown except for the peripheral configuration.

The characteristic feature of the design resides in the use of multiple hearts in the make up of the eye.
