[57] **CLAIM**

The ornamental design for a battery unit for a portable radiotelephone, as shown and described.

DESCRIPTION

FIG. 1 is a front and upper left perspective view of a battery unit for a portable radiotelephone showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a rear elevational view thereof. The broken line showing is included for the purpose of illustrating environmental elements only and forms no part of the claimed design;

FIG. 4 is a right side elevational view thereof, the left side elevational view thereof being a mirror image;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a cross-sectional view taken along line 7—7 of FIG. 5;

FIG. 8 is a cross-sectional view thereof taken along line 8—8 of FIG. 5; and,

FIG. 9 is a front and upper left perspective view thereof shown on a reduced scale. The broken line showing of the radiotelephone is included for the purpose of illustrating environmental elements only and forms no part of the claimed design.
