[57] CLAIM

The ornamental design for a electrical connector for housing electronic circuits, as shown and described.

DESCRIPTION

FIG. 1 is a front and upper left perspective view of an electrical connector for housing electronic circuits showing my new design. The broken line showing of the strain reliever is included for the purpose of illustrating environmental elements only and forms no part of the claimed design;

FIG. 2 is a right side elevational view thereof, the left side elevational view being a mirror image thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a front and upper left perspective view of an electrical connector for housing electronic circuits showing a second embodiment of the design. The broken line showing of the strain reliever is included for the purpose of illustrating environmental elements only and forms no part of the claimed design;

FIG. 8 is a right side elevational view of the alternate embodiment;

FIG. 9 is a front elevational view thereof;

FIG. 10 is a rear elevational view thereof;

FIG. 11 is a bottom plan view thereof; and,

FIG. 12 is a top plan view thereof.
