[57] **CLAIM**

The ornamental design for front control panel for an automotive radio, as shown and described.

DESCRIPTION

FIG. 1 is a front, top, and right side perspective view of a front control panel for an automotive radio showing our new design;
FIG. 2 is a left side elevational view thereof;
FIG. 3 is a right side elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a front elevational view thereof; and,
FIG. 6 is a bottom plan view thereof.
The broken line showing of the radio case is for illustrative purposes only and forms no part of the claimed design.
