[57] **CLAIM**

The ornamental design for a vehicle tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a vehicle tire embodying our new design, it being understood that the pattern is repeated throughout the circumference of the tire, as shown schematically by solid lines the opposite side being substantially the same as that shown; and, FIG. 2 is a front elevation view of the tire of FIG. 1.

FIG. 1

FIG. 2
