[57] **CLAIM**

The ornamental design for a front control panel for a combined automotive radio and cassette player, as shown and described.

DESCRIPTION

FIG. 1 is a front, top, and right side perspective view of a front control panel for a combined automotive radio and cassette player showing our new design; FIG. 2 is a left side elevational view thereof; FIG. 3 is a right side elevational view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a front elevational view thereof; and, FIG. 6 is a bottom plan view thereof.

The broken line showing of the combined radio and cassette casing is for illustrative purposes only and forms no part of the claimed design.
