[57] CLAIM

The ornamental design for a protective cover for bicycles, as shown and described.

DESCRIPTION

FIG. 1 is a right side elevational view of a protective cover for bicycles showing our new design; FIG. 2 is a left side elevational view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a left side elevational view removed from the bicycle, in unfolded condition; and, FIG. 7 is a right side elevational view removed from the bicycle, in unfolded condition.

The broken-line showing of a bicycle mounted onto a can top carrier is for illustrative purposes only and forms no part of the claimed design. The mesh pattern fragmentarily shown in FIGS. 1-7 is indicative of fabric material and is understood to extend throughout the cover.

FIG. 1.

FIG. 2.

FIG. 3.

FIG. 4.
