[57] **CLAIM**

The ornamental design for a clip-on aerobar for bicycles, as shown.

DESCRIPTION

FIG. 1 is a right side perspective view of the design of a clip-on aerobar for bicycles of the present invention, viewed from the top and front; FIG. 2 is a front elevation view of the design of FIG. 1; FIG. 3 is a top plan view of the design of FIG. 1; FIG. 4 is a left side elevation view of the present design, the right side elevation view being a mirror image of that shown; FIG. 5 is a bottom plan view; and, FIG. 6 is a rear elevation view.
My new design of a clip-on aerobar for bicycles may be applied to different conventional styles of bicycle handlebars.
