[57] CLAIM

The ornamental design for a control panel for an automobile radio, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a control panel for an automobile radio showing our new design;

FIG. 2 is a front, bottom and left side perspective view thereof;

FIG. 3 is a partial front and right side perspective view thereof;

FIG. 4 is a front and bottom perspective view thereof;

FIG. 5 is a right side elevational view thereof, rotated 90° from FIG. 1;

FIG. 6 is a left side elevational view thereof, rotated 90° from FIG. 1;

FIG. 7 is a top plan view thereof; and,
FIG. 8 is a bottom plan view thereof.

The rear of the control panel is plain and unornamented.
