## [57] CLAIM

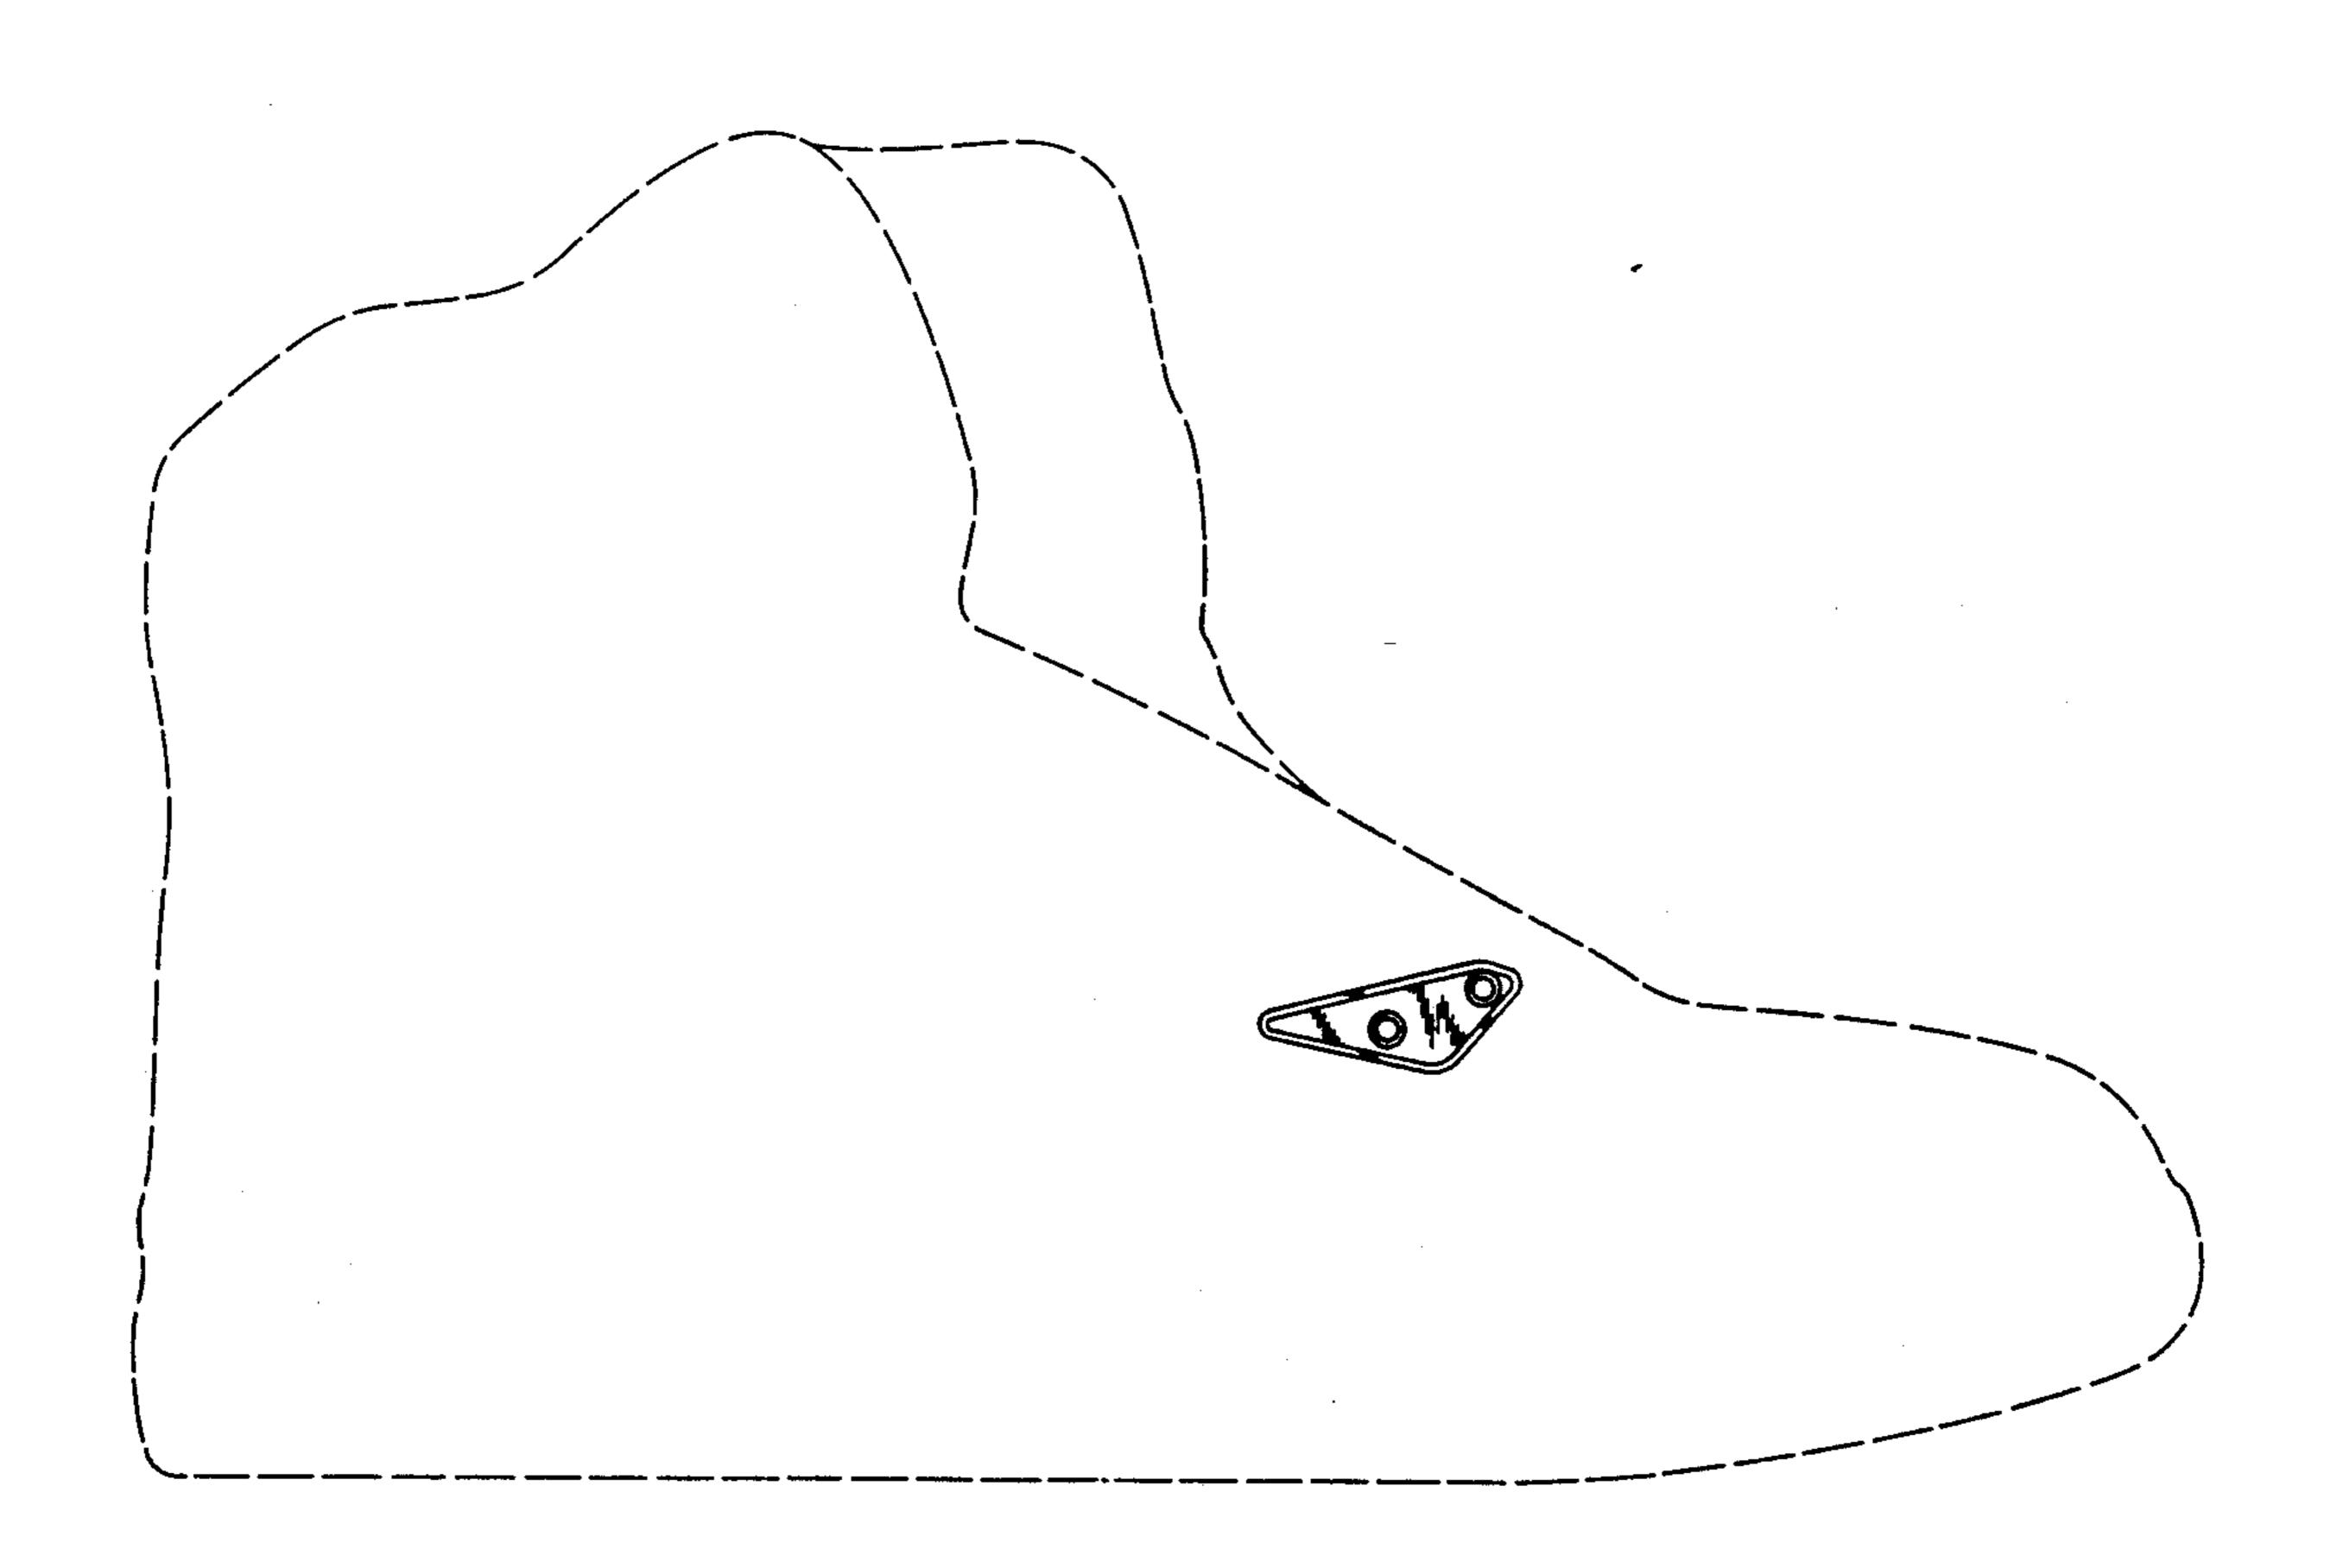

The ornamental design for a surface of an eyelet stay for a shoe upper, as shown and described.

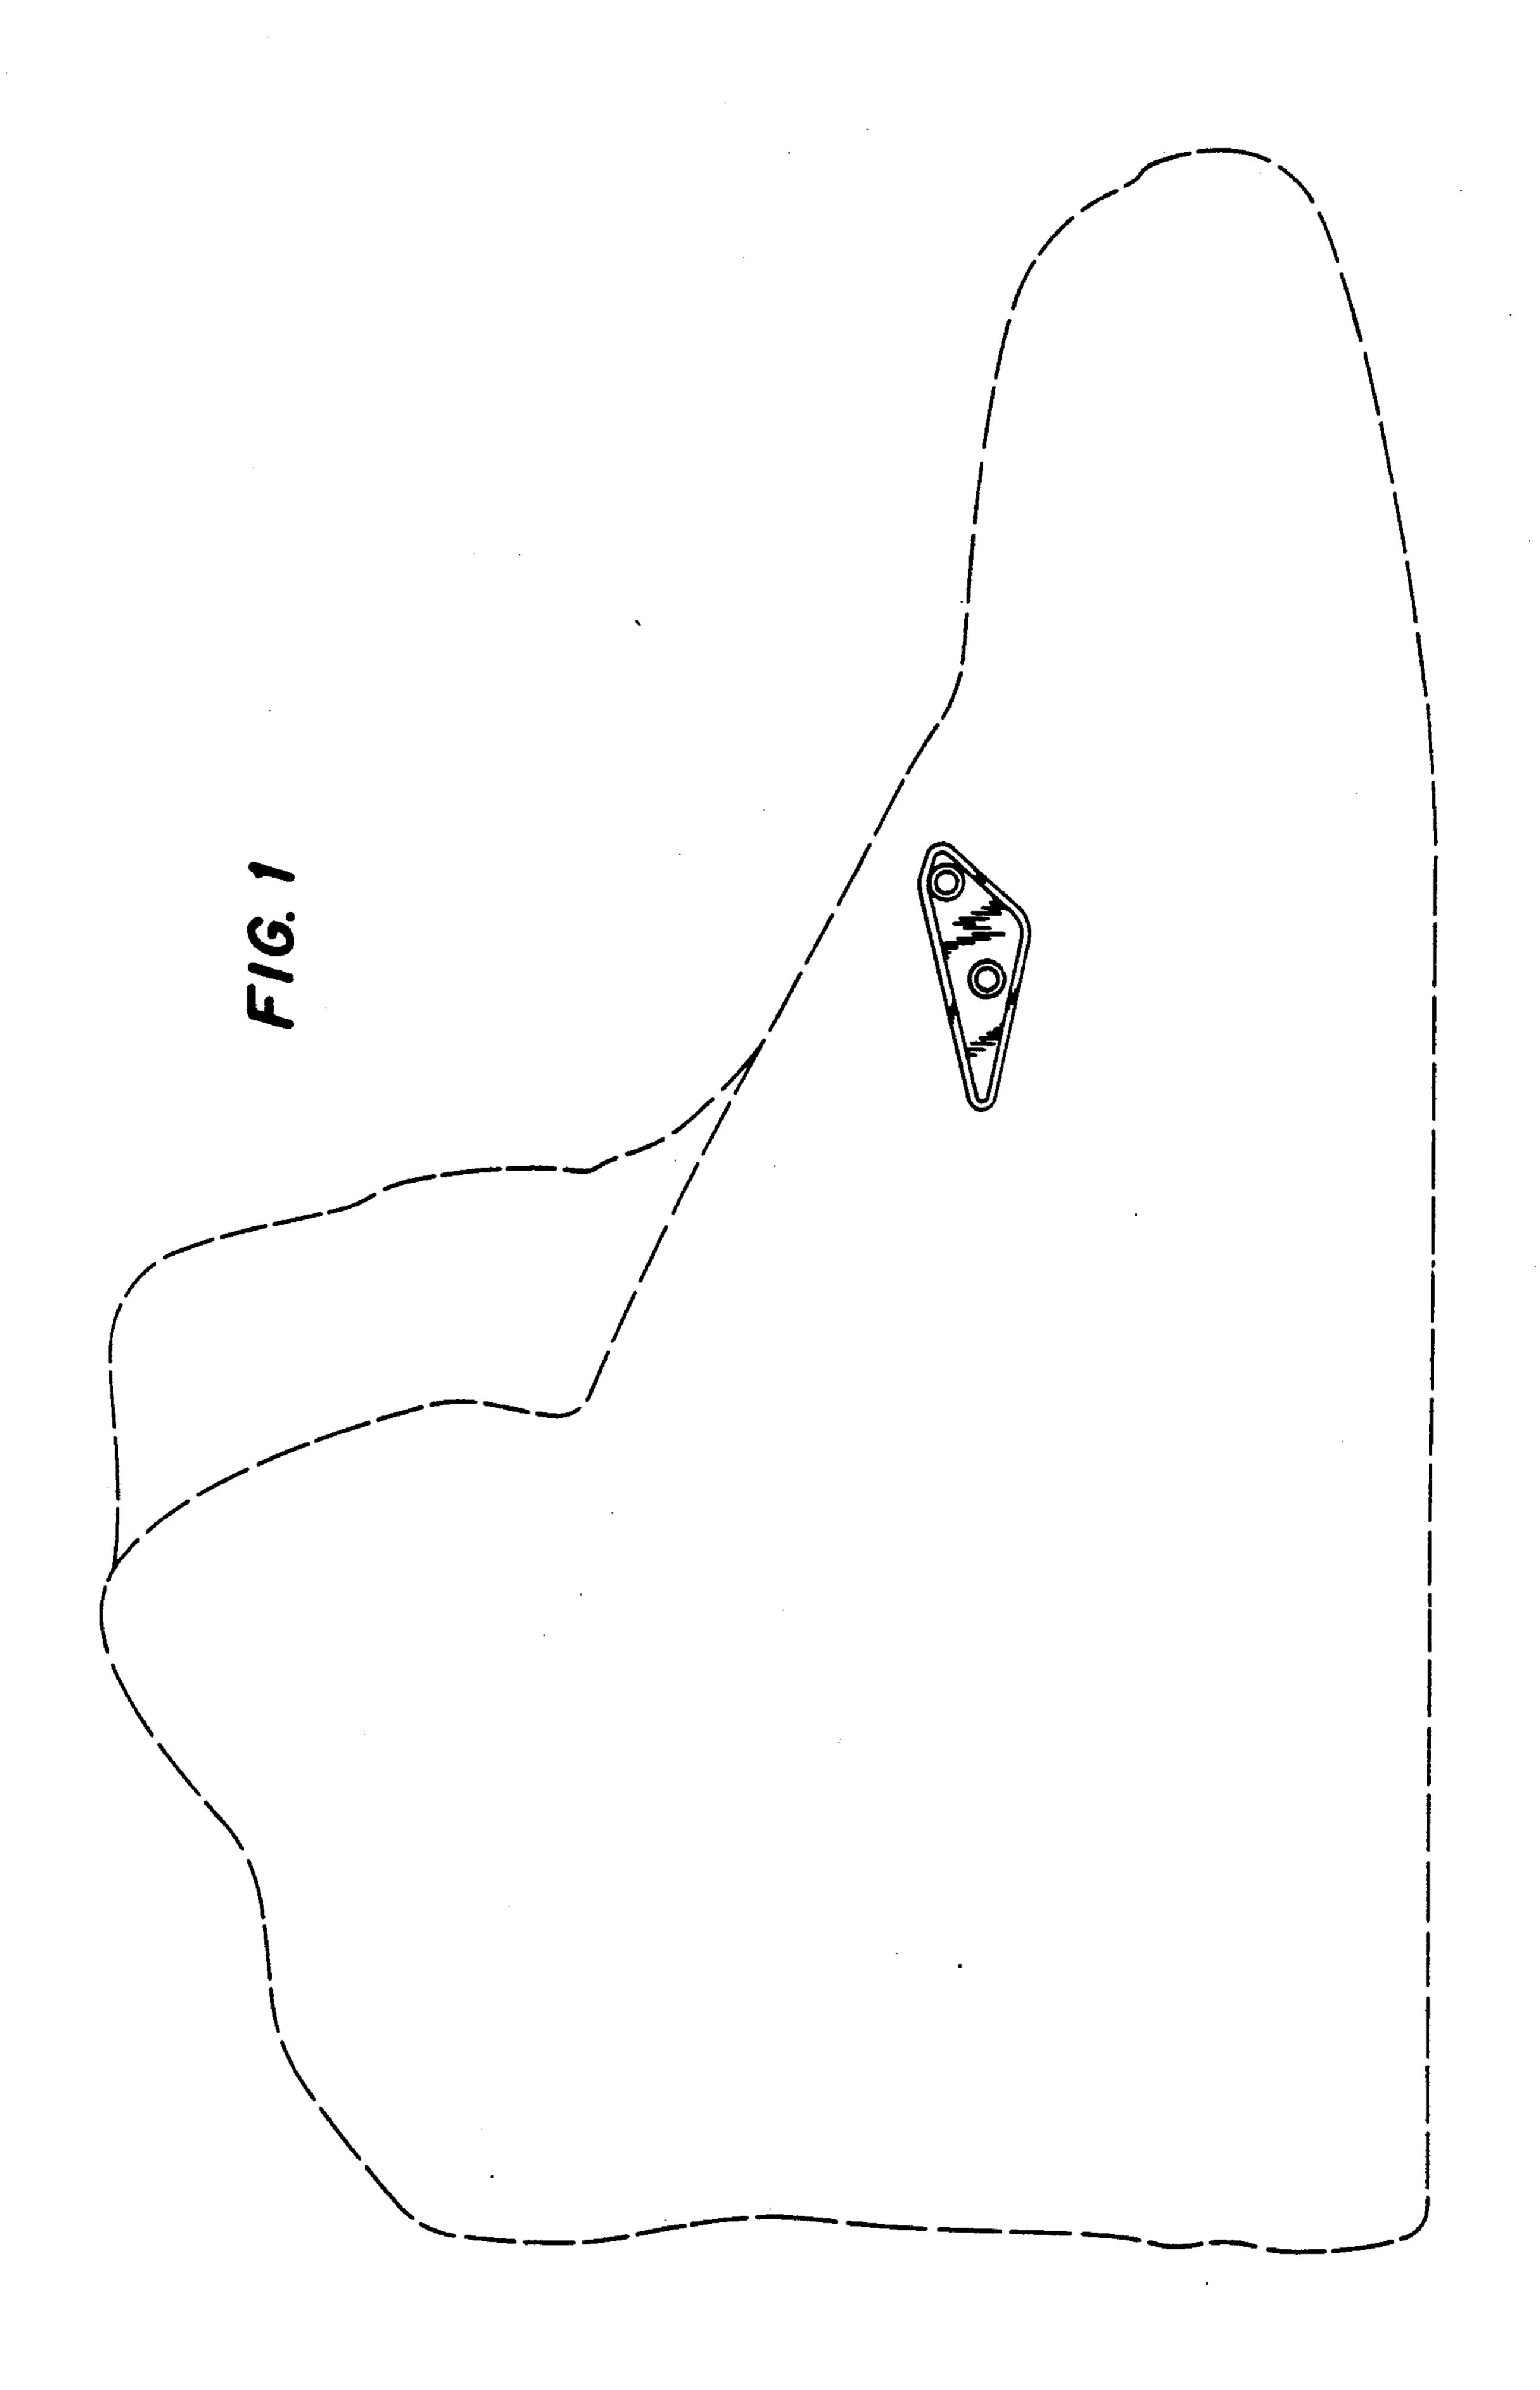

#### **DESCRIPTION**

FIG. 1 is a side elevational view of a first surface of an eyelet stay for a shoe upper showing our new design; FIG. 2 is a second side elevational view of the opposite side from that shown in FIG. 1 and showing a second surface of the eyelet stay; and,

FIG. 3 is a cross-section taken generally along lines 3—3 of FIG. 2.

The broken line showing of a shoe upper in FIGS. 1 and 2 is for illustrative purposes only and forms no part of the claimed design. The cross-section FIG. 3 illustrates the surface of the eyelet stay only in the cross sectional planes, and it being understood that there is a like cross-section with respect to FIG. 1.
