[57] **CLAIM**

The ornamental design for a currency acceptor and coin dispensing machine, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the currency acceptor and coin dispensing machine showing my new design with the locks, electronic display area and the currency acceptor opening shown in broken lines for illustration purposes only;

FIG. 2 is a front view of the currency acceptor and coin dispensing machine showing my new design with the locks, electronic display area and the currency acceptor opening shown in broken lines for illustration purposes only;

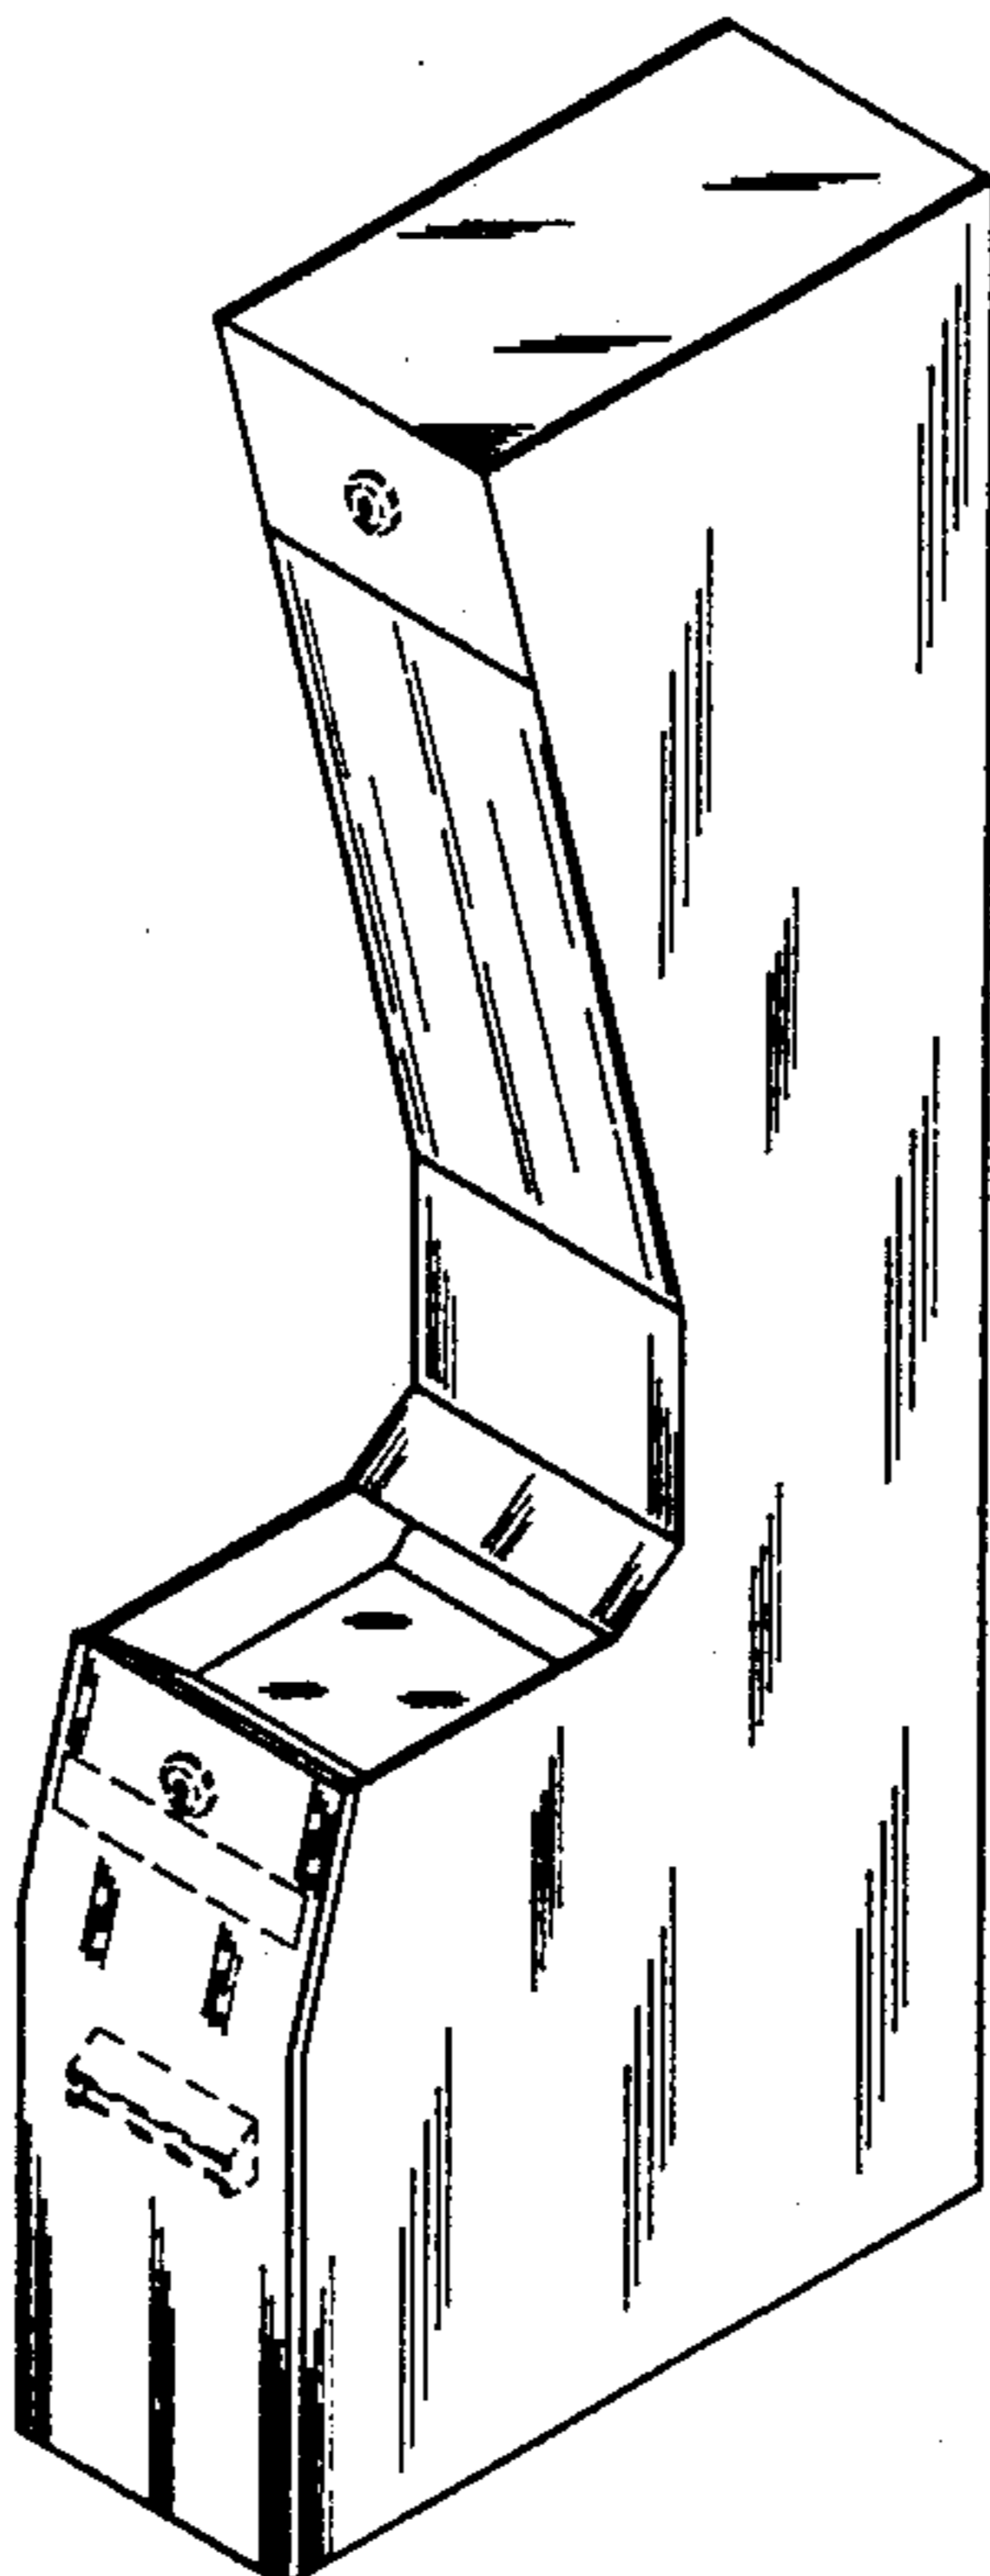

FIG. 3 is a rear view of the currency acceptor and coin dispensing machine;

FIG. 4 is a top view of the currency acceptor and coin dispensing machine showing my new design with the locks, electronic display area and the currency acceptor opening shown in broken lines for illustration purposes only;

FIG. 5 is a bottom view of the currency acceptor and coin dispensing machine;

FIG. 6 is a left side view of the currency acceptor and coin dispensing machine showing my new design with the locks and the currency acceptor opening shown in broken lines for illustration purposes only; and,

FIG. 7 is a right side view of the currency acceptor and coin dispensing machine showing my new design with the locks and the currency acceptor opening shown in broken lines for illustration purposes only.
