[57] CLAIM

The ornamental design for a combined switch and face plate, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a combined switch and face plate showing my new design, the rear being unornamented;

FIG. 2 is a right side elevational view thereof, the left side being a mirror image;

FIG. 3 is a bottom plan view thereof, the top being a mirror image;

FIG. 4 is a isometric perspective view thereof;

FIG. 5 is a front elevational view of a second embodiment of the design of FIG. 1, the only difference being the addition of an indicator to the switch face; and,

FIG. 6 is a front elevational view of a third embodiment of the design of FIG. 1, the only difference being the addition of two indicators to the switch face.

The broken lines showing of a switch housing in FIGS. 2-4 is for illustrative purposes only.

FIG. 1

FIG. 2

FIG. 3

FIG.4
