CLAIM

The ornamental design for a display board, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a display board showing my new design, the upper portion thereof being lined for the color silver and the lower portion thereof being lined for the color gold;

FIG. 2 is a right side elevation thereof, the left side elevational view being a mirror image thereof;

FIG. 3 is a top plan thereof;

FIG. 4 is a bottom plan thereof;

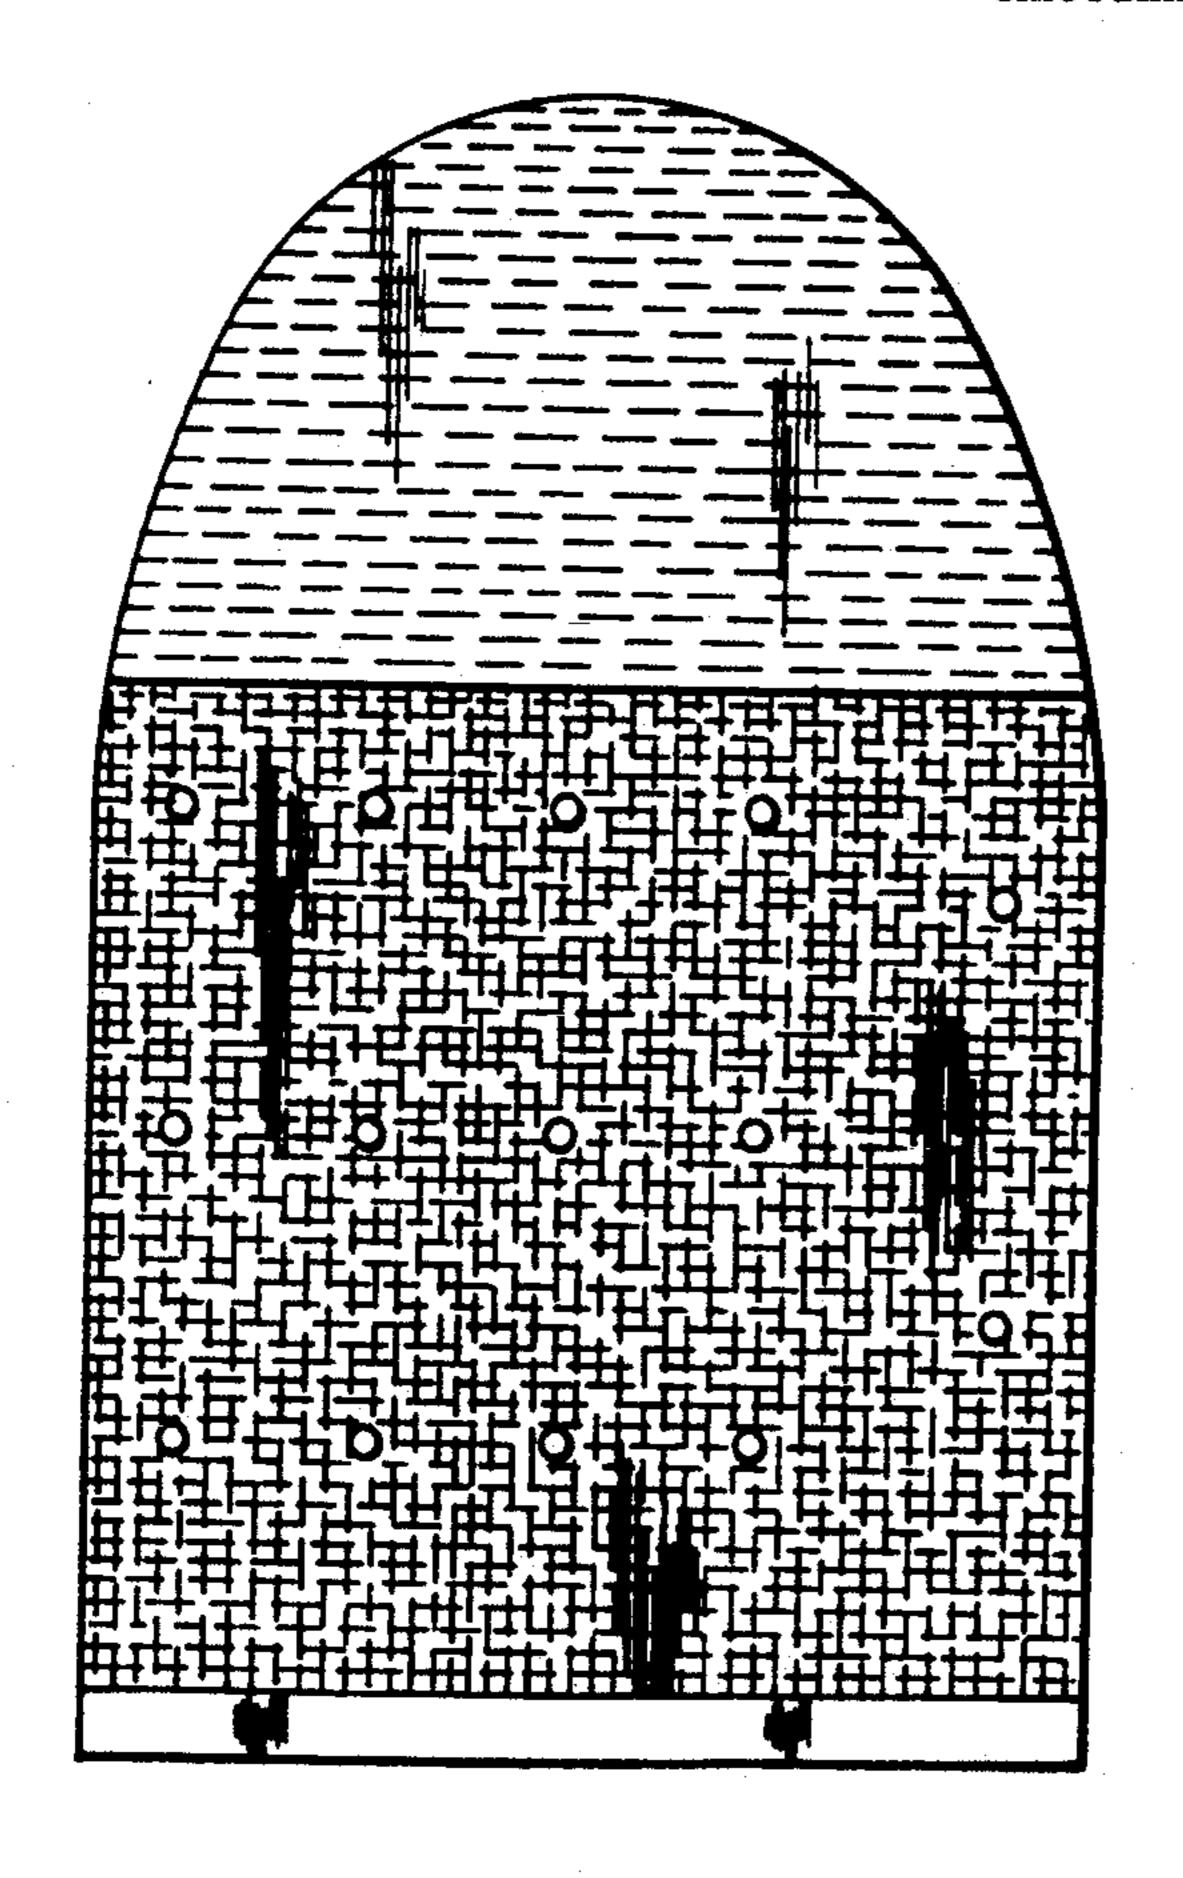

FIG. 5 is a rear elevation thereof, the upper portion being lined for the color silver and the lower portion being lined for the color gold;

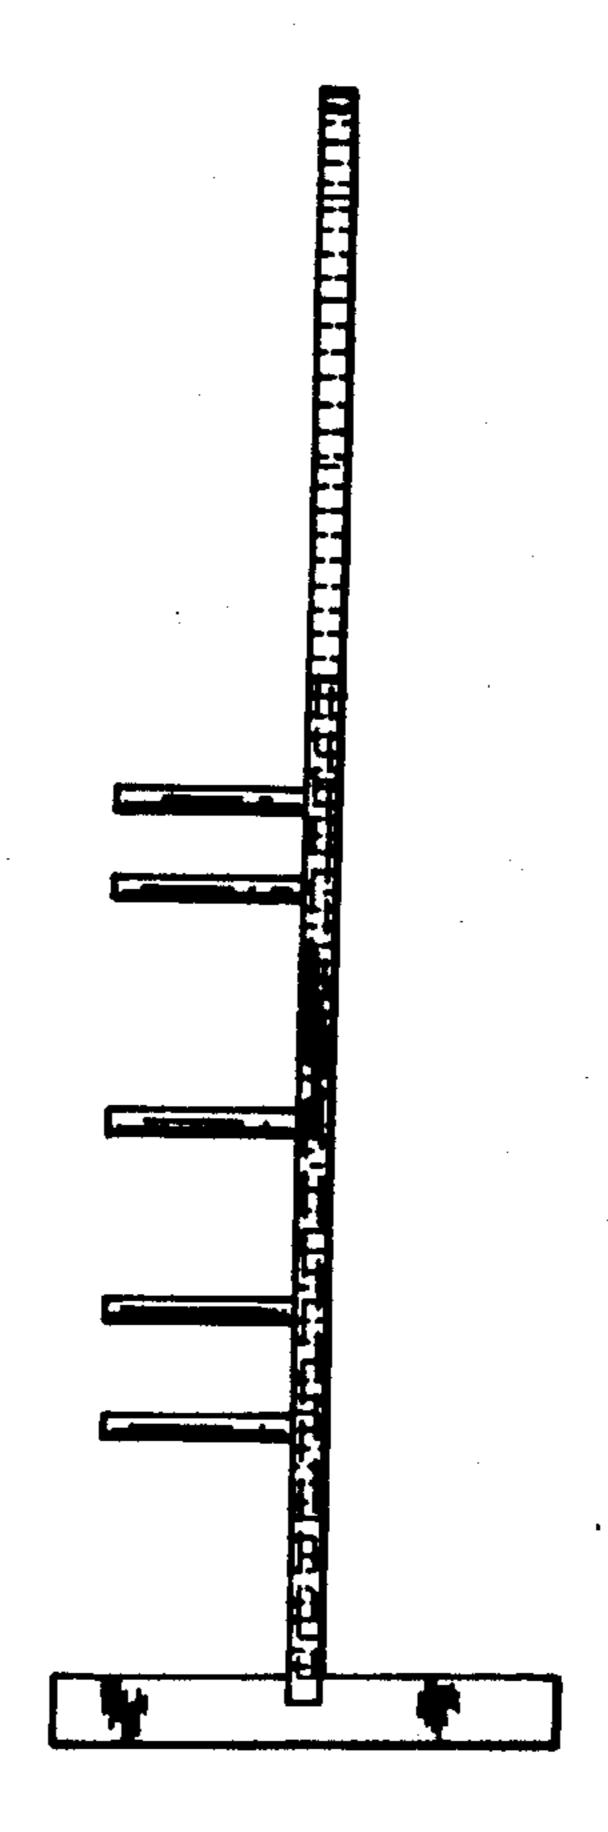

FIG. 6 is a front elevational view, the upper portion being lined for the color silver and the lower portion being lined for the color gold, of a second embodiment of that shown in FIG. 1 differing therefrom only in the shape of the upward support and the number and distribution of pegs;

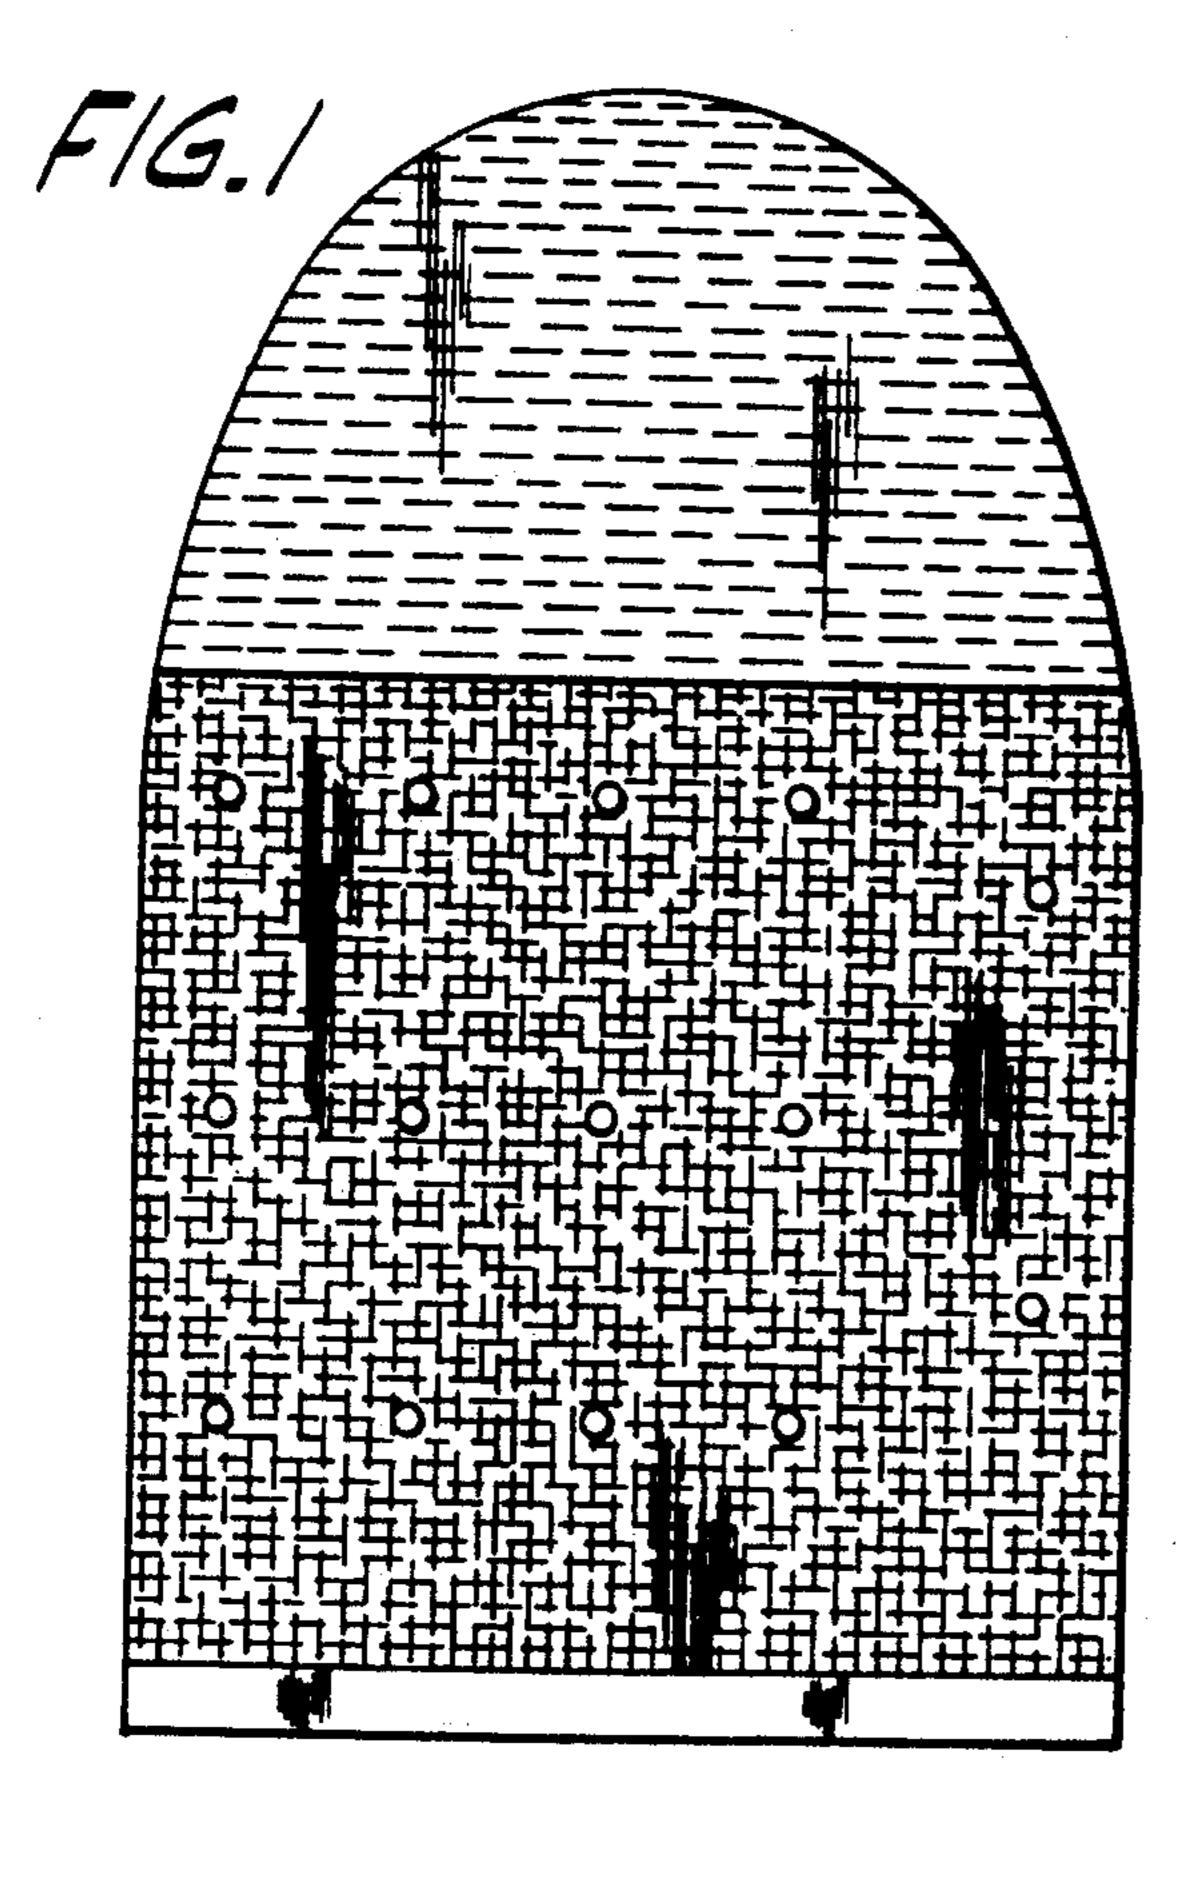

FIG. 7 is a front elevational view of a third embodiment of that shown in FIG. 1;

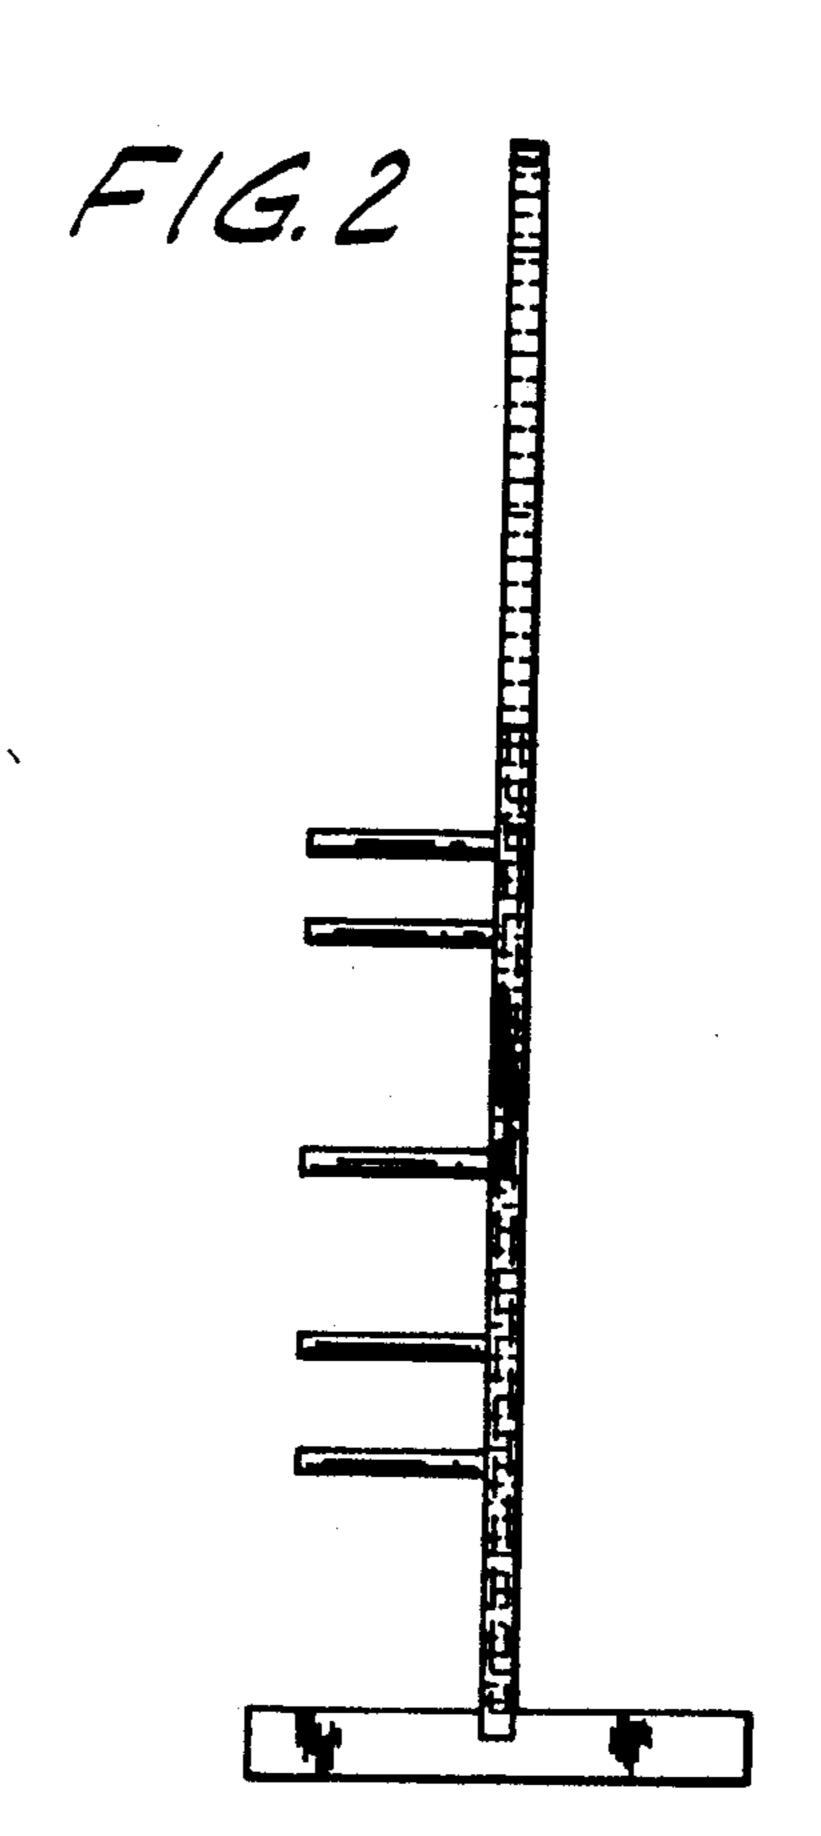

FIG. 8 is a front elevational view of a fourth embodiment of that shown in FIG. 1, the upper portion being lined for the color silver; and,

FIG. 9 is a rear elevational view of the third and forth embodiments.
