### [57] CLAIM

The ornamental design for a low profile laptop personal computer with lift-up screen, as shown and described.

### DESCRIPTION

FIG. 1 is a top, front, right side perspective view of a low profile laptop personal computer with lift up screen showing our new design;

FIG. 2 is a front perspective view thereof, with the display screen in the opened position;

FIG. 3 is a front elevational view thereof on an enlarged scale;

FIG. 4 is a left side elevational view thereof on an enlarged scale;

FIG. 5 is a right side elevational view thereof on an enlarged scale;

FIG. 6 is a rear elevational view thereof on an enlarged scale;

FIG. 7 is a bottom plan view thereof on an enlarged scale;

FIG. 8 is a left side elevational view thereof on an enlarged scale, with the display screen in the opened position;

FIG. 9 is a right side elevational view thereof on an enlarged scale, with the display screen in the opened position;

FIG. 10 is a top plan view thereof, on an enlarged scale showing the keyboard, the display screen having been omitted for the convenience of illustration;

FIG. 11 is a top plan view thereof on an enlarged scale;

FIG. 12 is a front elevational view thereof on an enlarged scale, with the display screen in an opened position; and,

FIG. 13 is a top plan view thereof on an enlarged scale, with the display screen in the opened position.
