[57] CLAIM

The ornamental design for an amusement driving unit, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an amusement driving unit showing my new design;
 FIG. 2 is a front elevation view thereof;
 FIG. 3 is a top plan view thereof;
 FIG. 4 is a rear elevation view thereof; and,
 FIG. 5 is a right side elevation view thereof which is a mirror image of the left side thereof;
 The Figures illustrate an amusement driving unit that is especially suited for use by children. Specifically, the figures show a booth having a simulated vehicular control panel which includes a wheel such as a steering wheel.
