[57] CLAIM

The ornamental design for a dispenser for rolled material, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, and right side perspective view of a dispenser for rolled material showing our new design; FIG. 2 is a top plan view thereof; FIG. 3 is a left side elevational view thereof, the right side being a mirror image of that shown; FIG. 4 is a front elevational view thereof; FIG. 5 is a rear elevational view thereof; FIG. 6 is a bottom plan view thereof; and, FIG. 7 is an exploded, top, rear and right side perspective view thereof, with the broken-line disclosure of rolled material being for illustrative purposes only and forming no part of the claimed design.
