[57] CLAIM

The ornamental design for combined face plate and push button actuator for controlling an elevator, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a combined face plate and push button actuator for controlling an elevator showing my new design. The broken line showing is included for the purpose of illustrating environmental elements only and forms no part of the claimed design; FIG. 2 is a left side elevational view thereof; FIG. 3 is a right side elevational view thereof; FIG. 4 is a top plan view thereof; FIG. 5 is bottom plan view thereof; and, FIG. 6 is a front and upper right perspective view thereof shown on an enlarged scale.
