[57] CLAIM

The ornamental design for a vitamin tablet dispenser, as shown and described.

DESCRIPTION

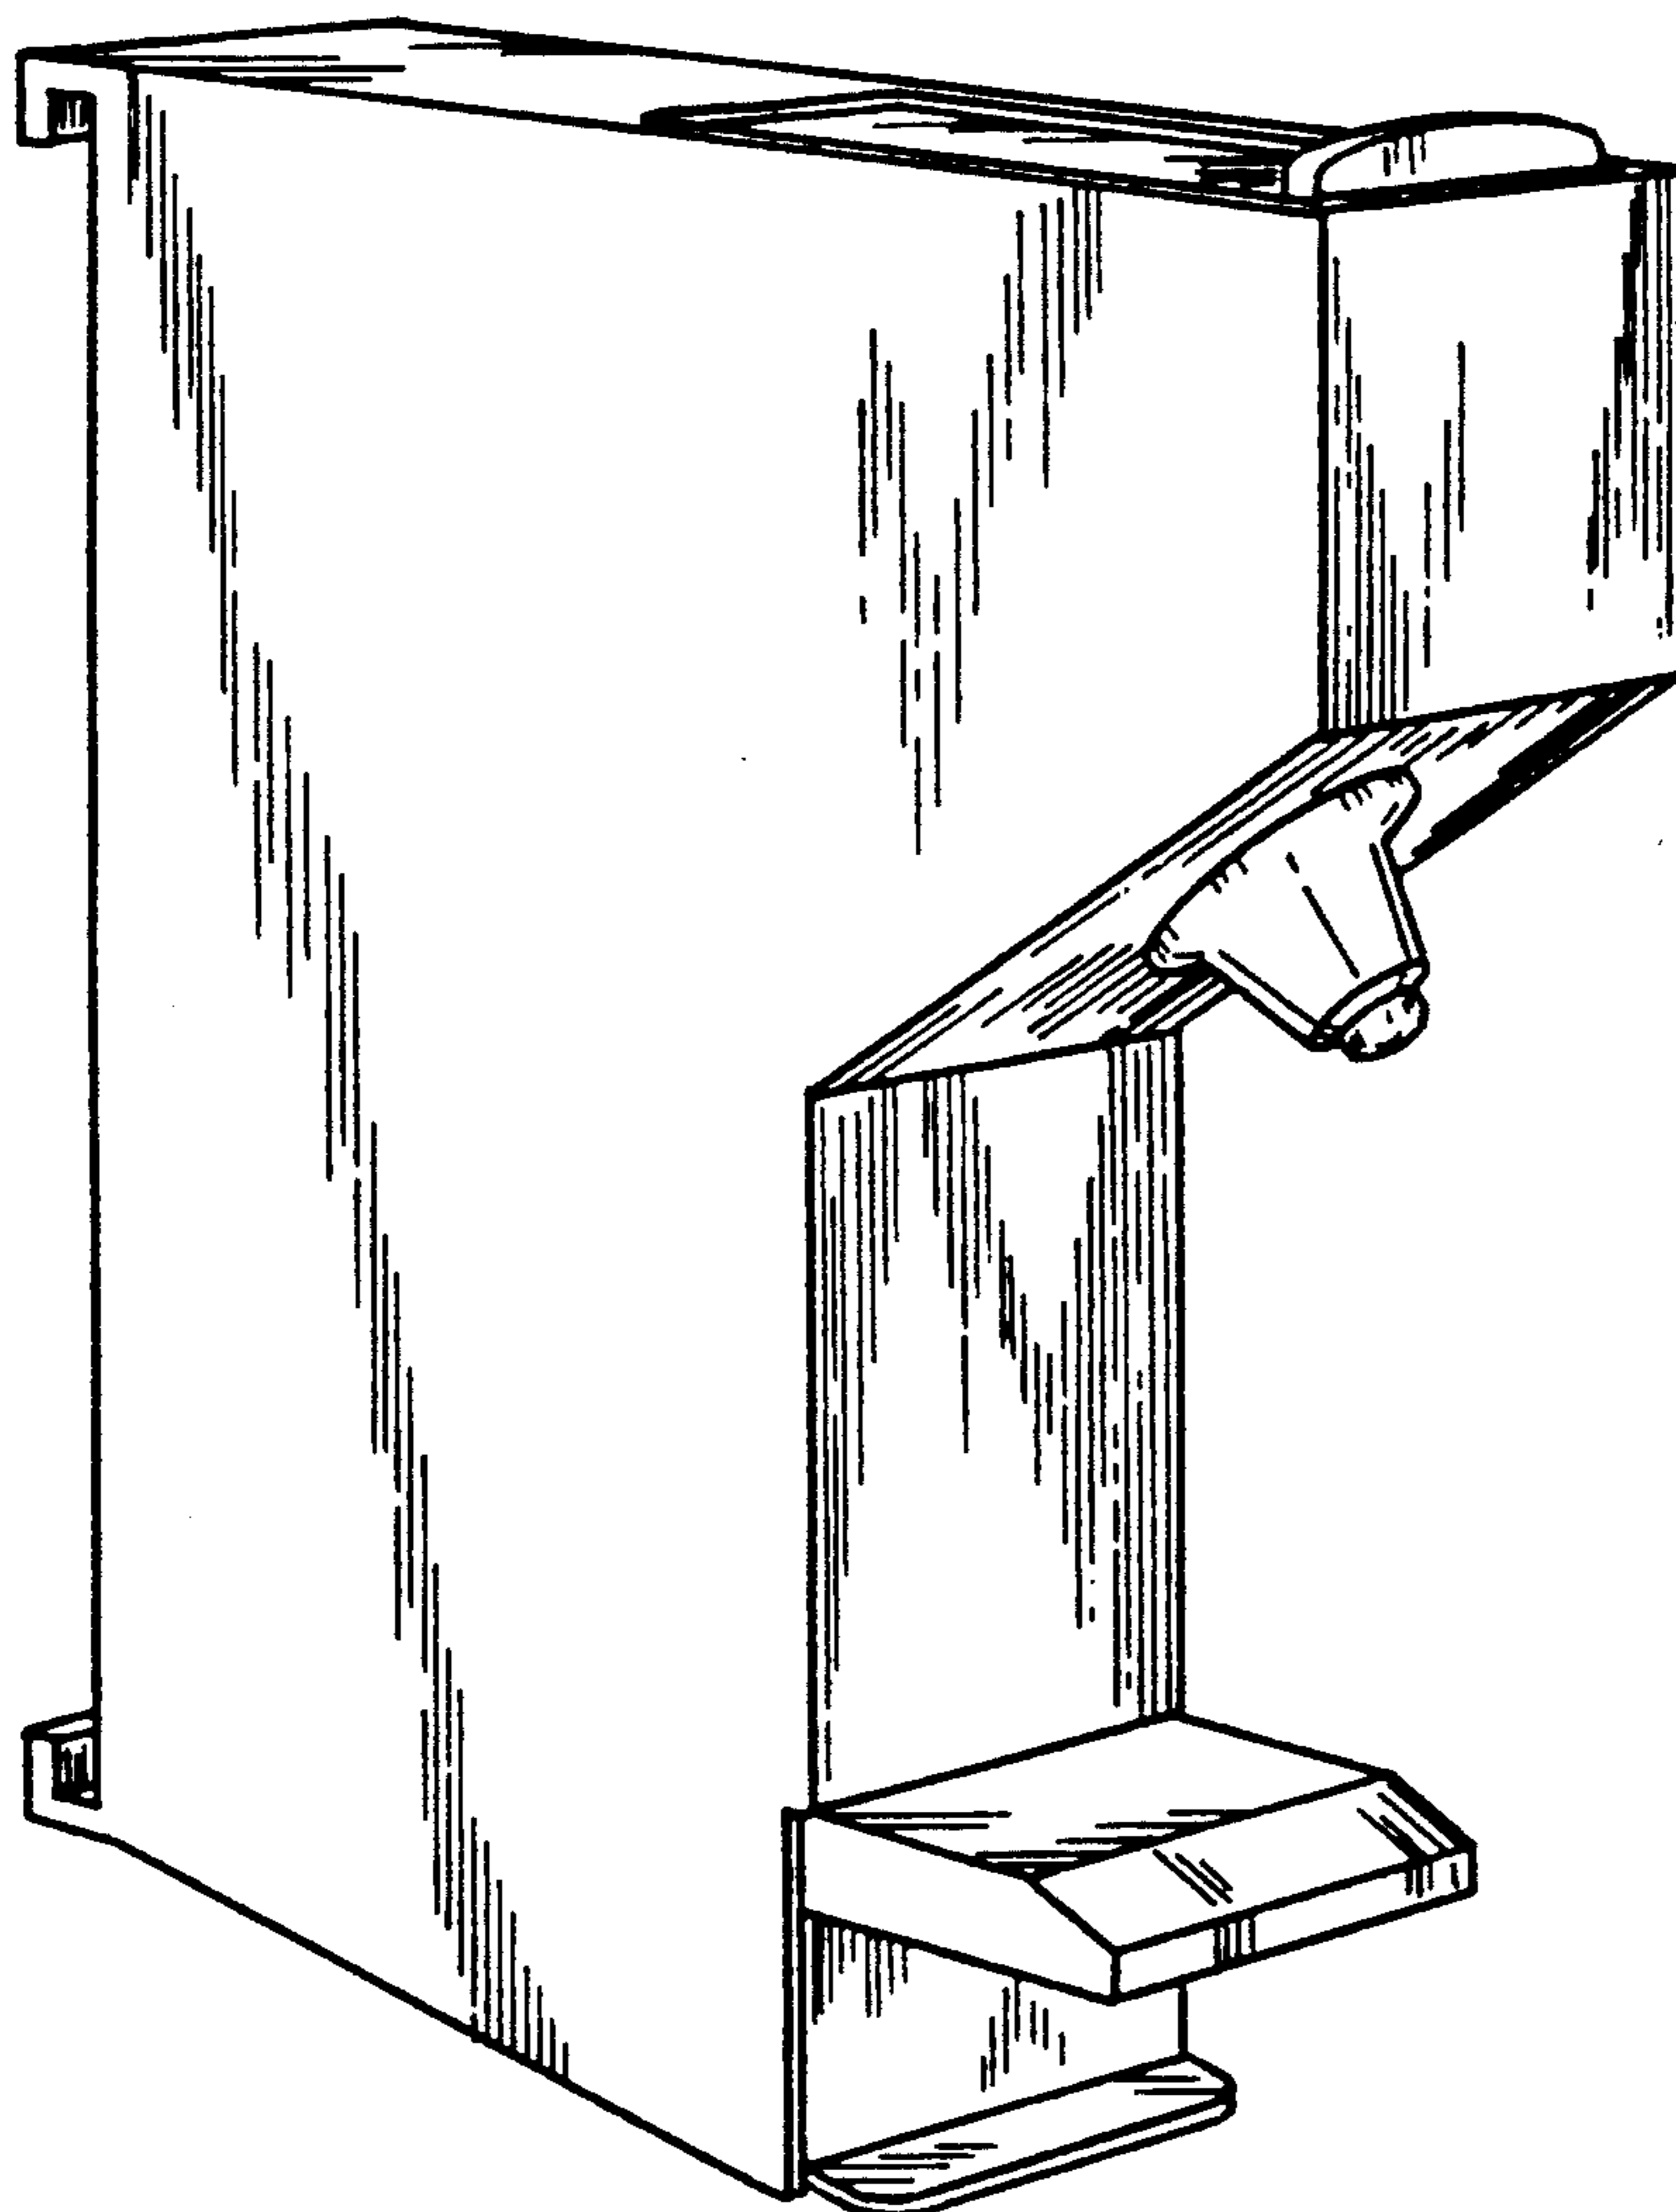

FIG. 1 is a top, front, and left side perspective view of a vitamin tablet dispenser showing my new design;

FIG. 2 is a top, front, and left side perspective view thereof, with the product filling door at the top shown partially opened and the delivery chute at the bottom shown open;

FIG. 3 is a left side elevational view thereof, the right side being a mirror image of that shown and the bottom-line disclosure of a wall-mounting rail being for illustrative purposes only and forming no part of the claimed design;

FIG. 4 is a front elevational view thereof; and,

FIG. 5 is a rear elevational view thereof.

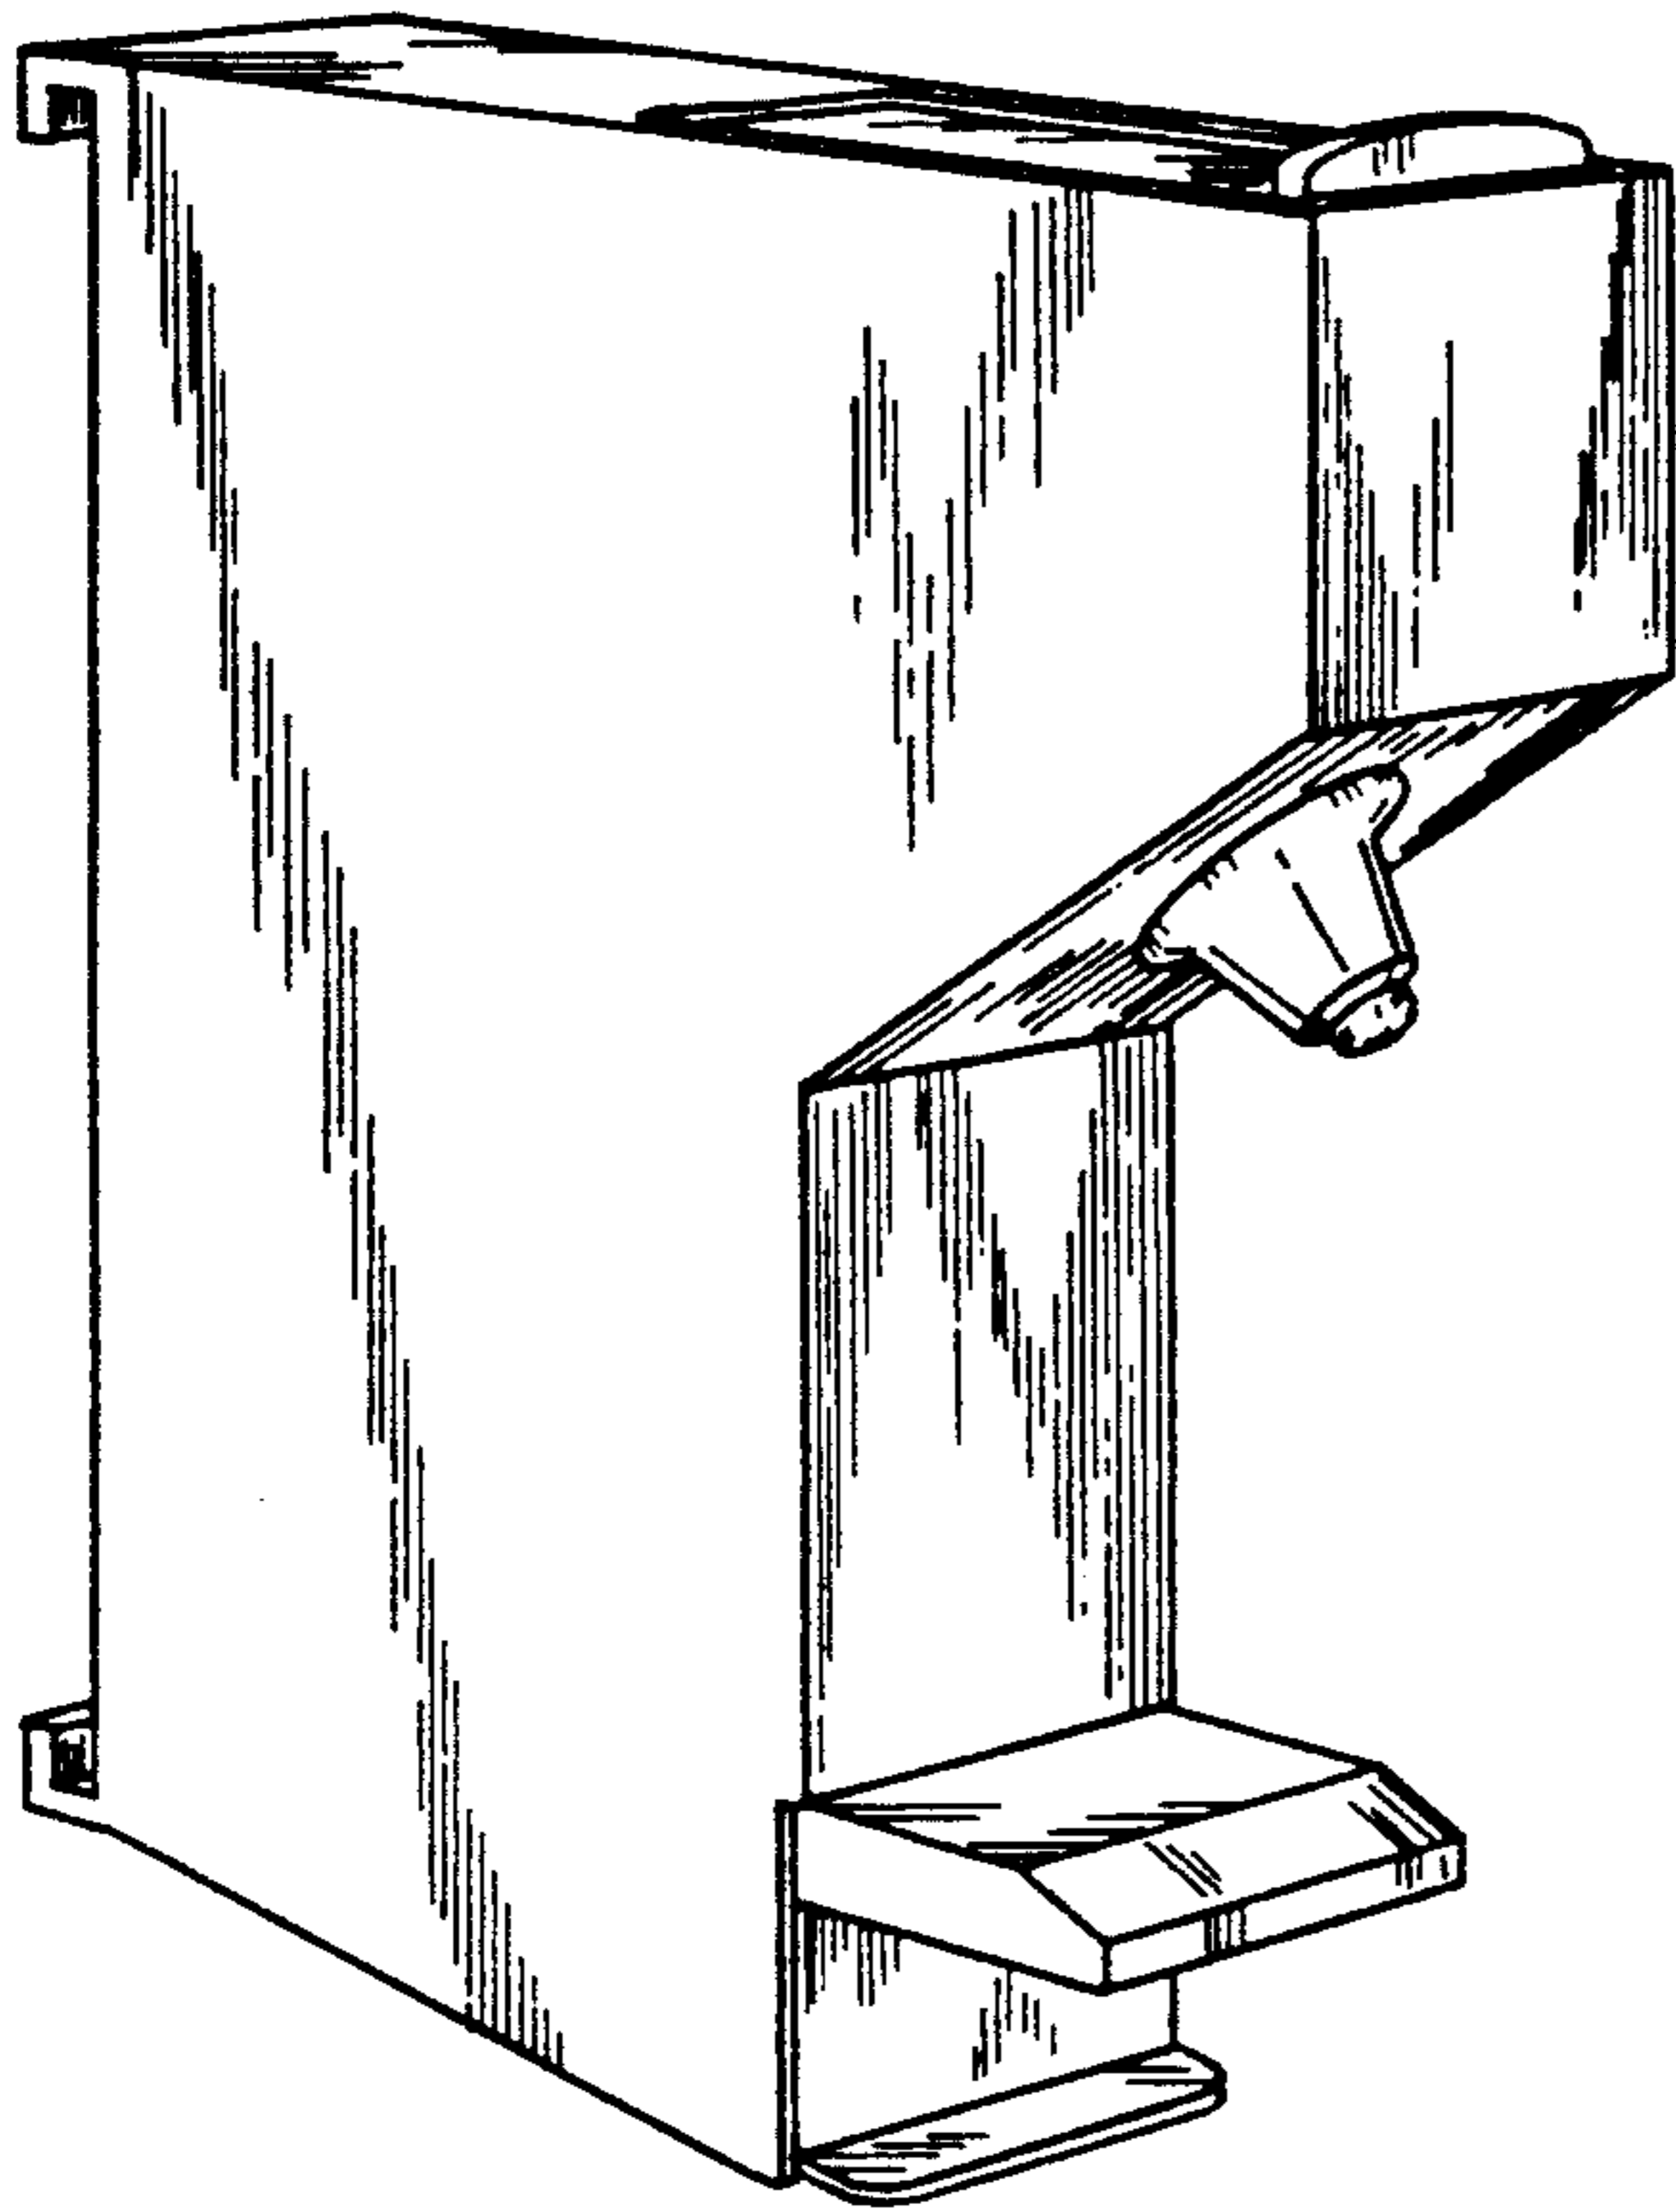

FIG. 1

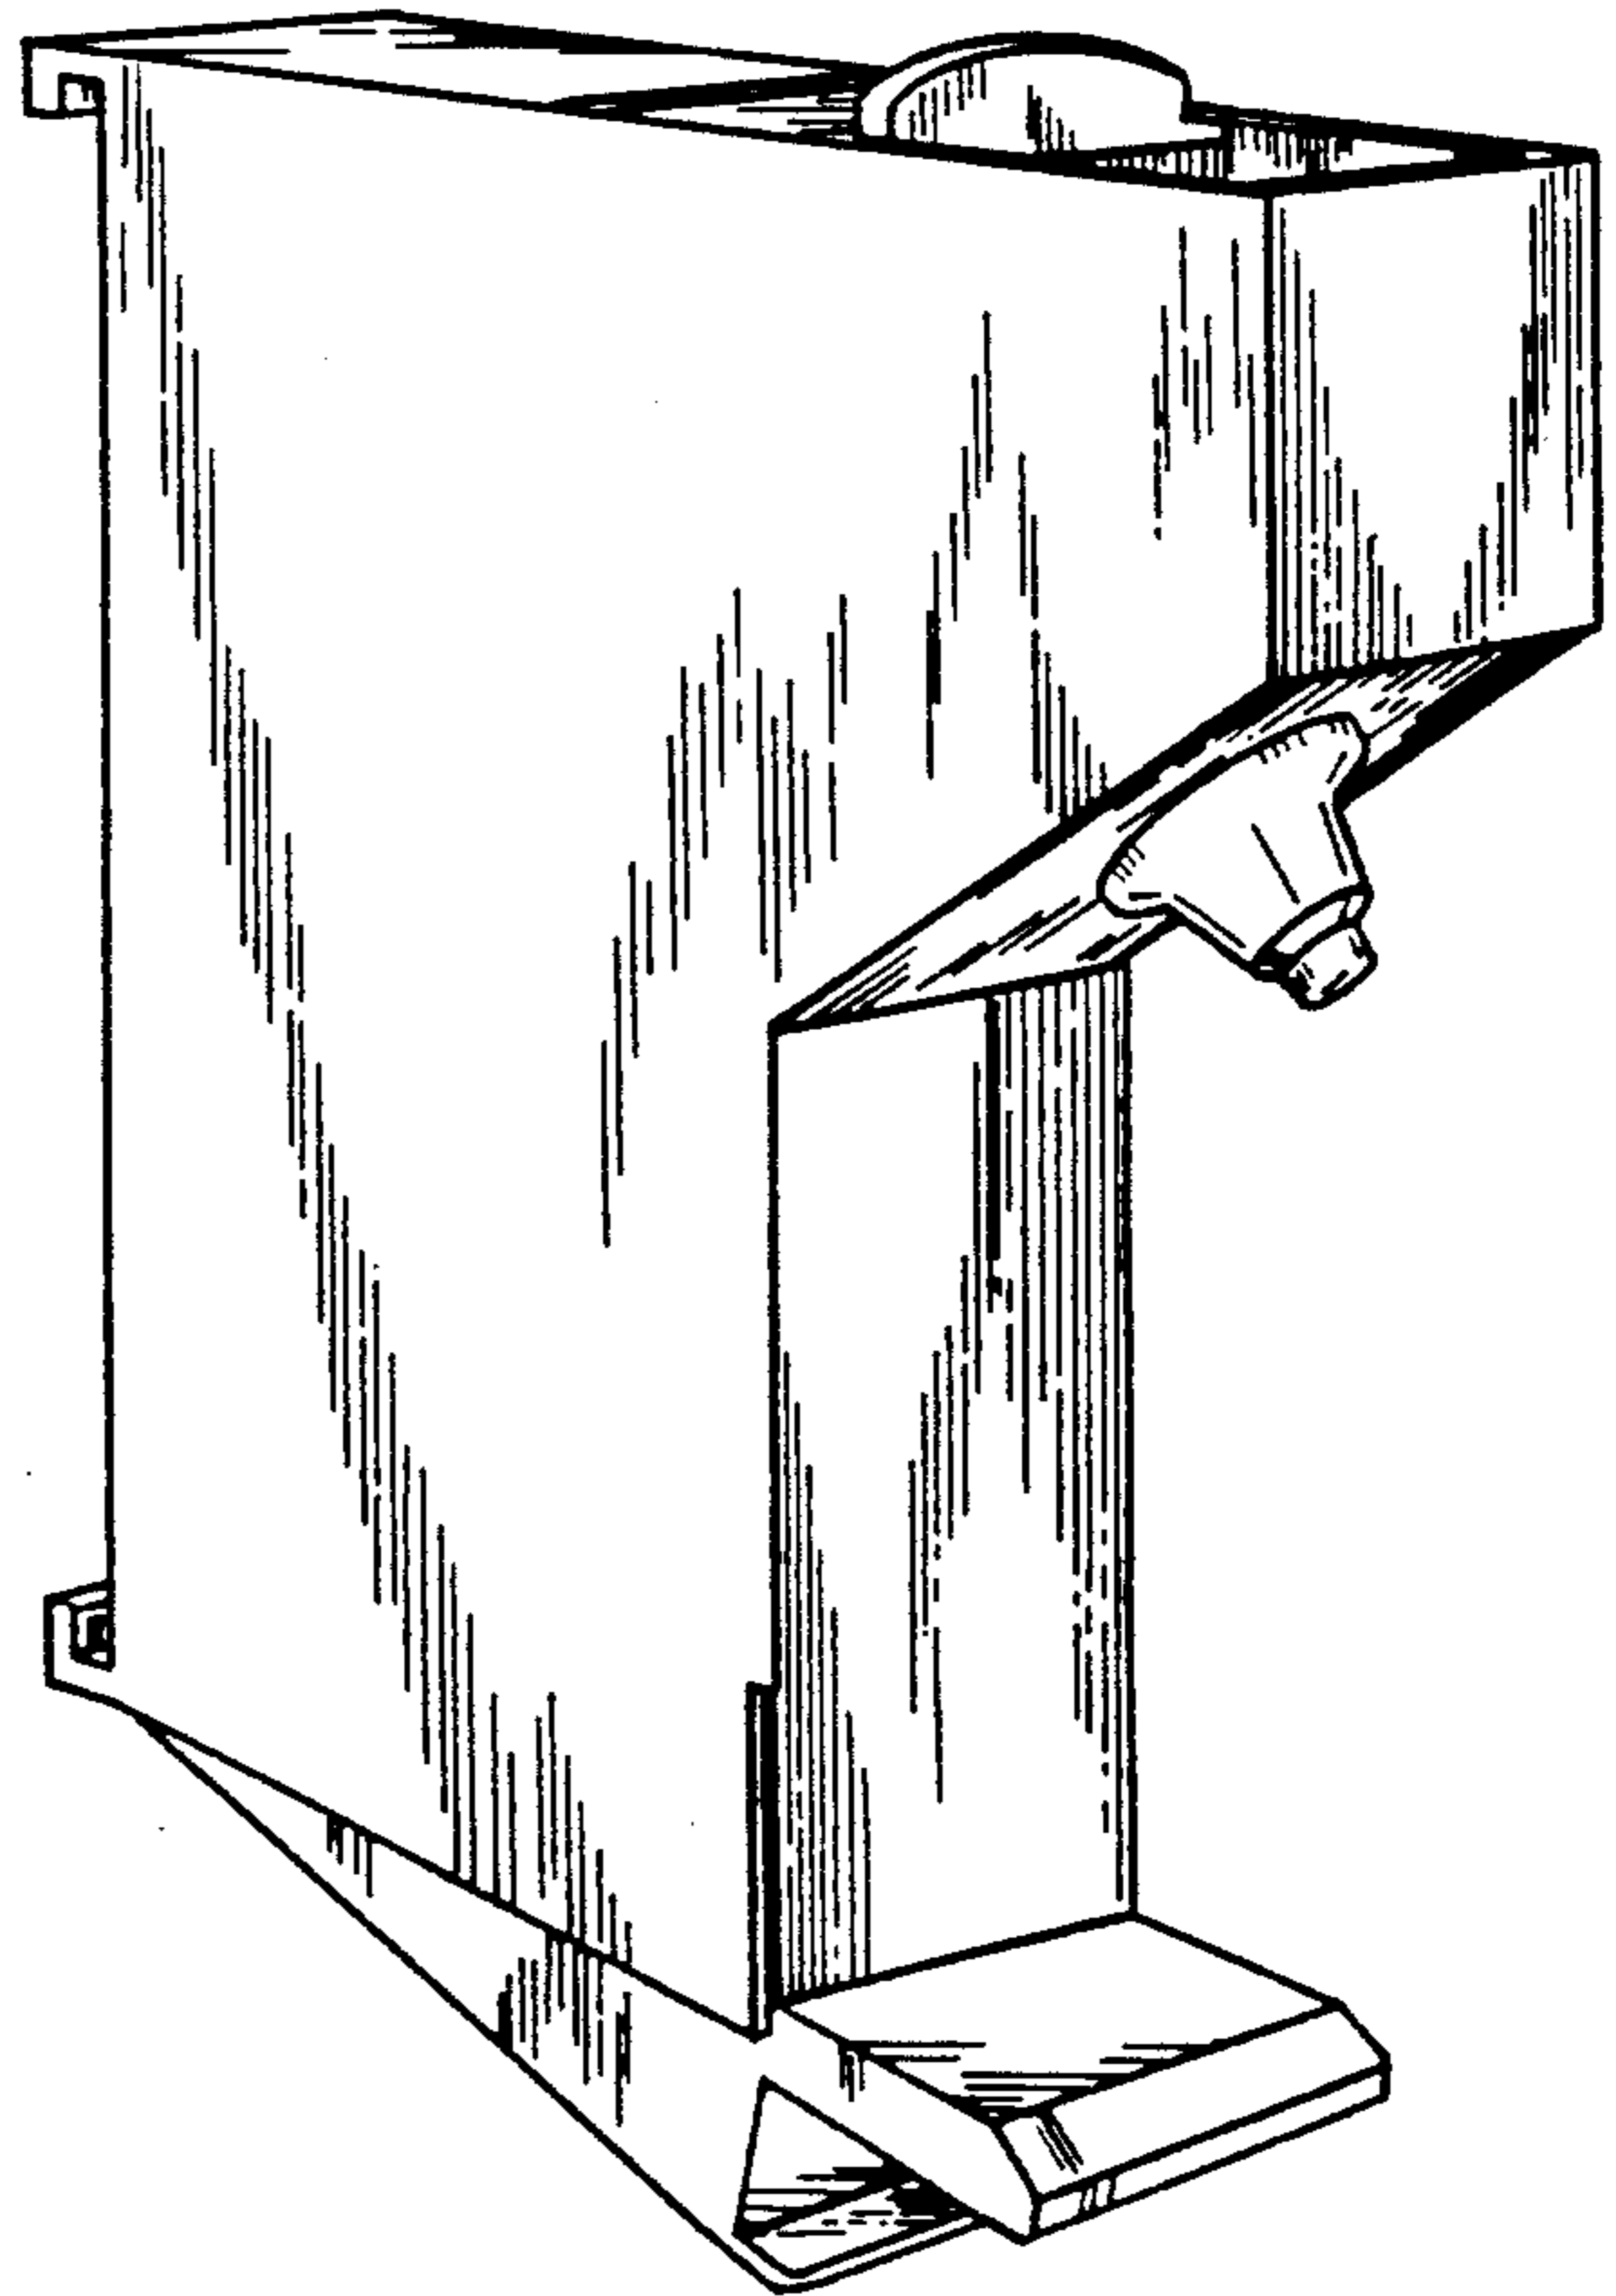

FIG. 2

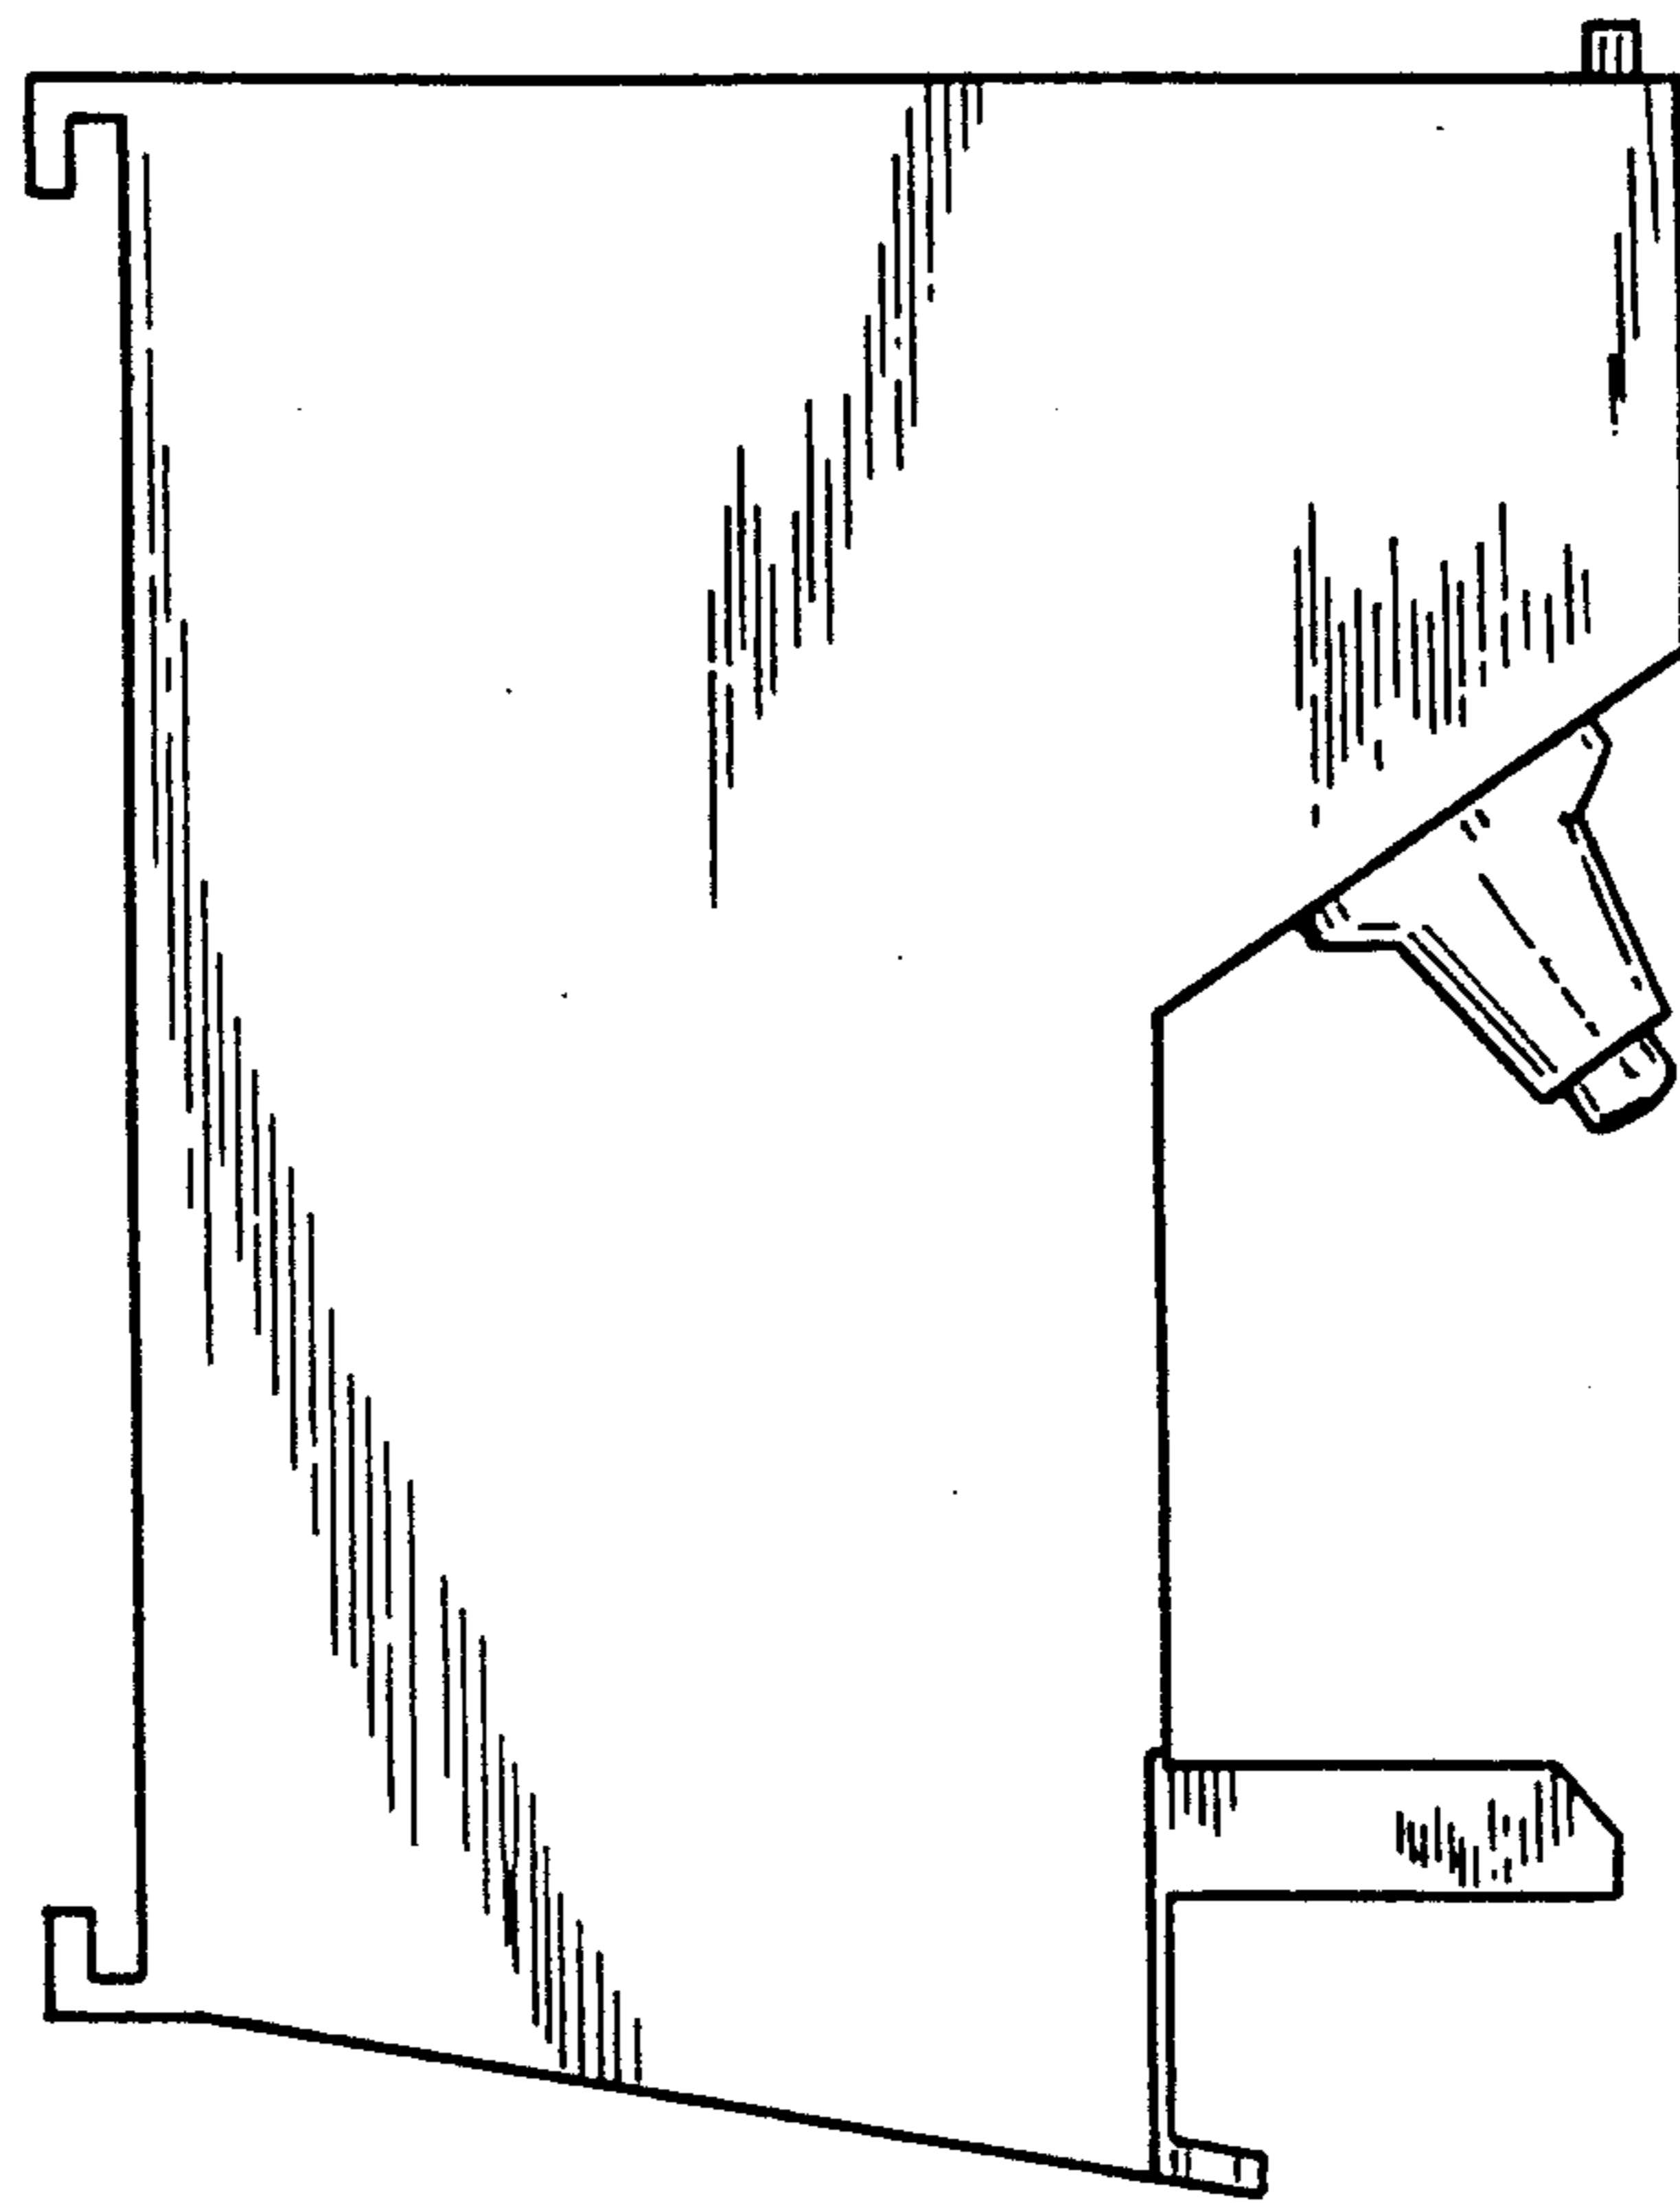

FIG. 3

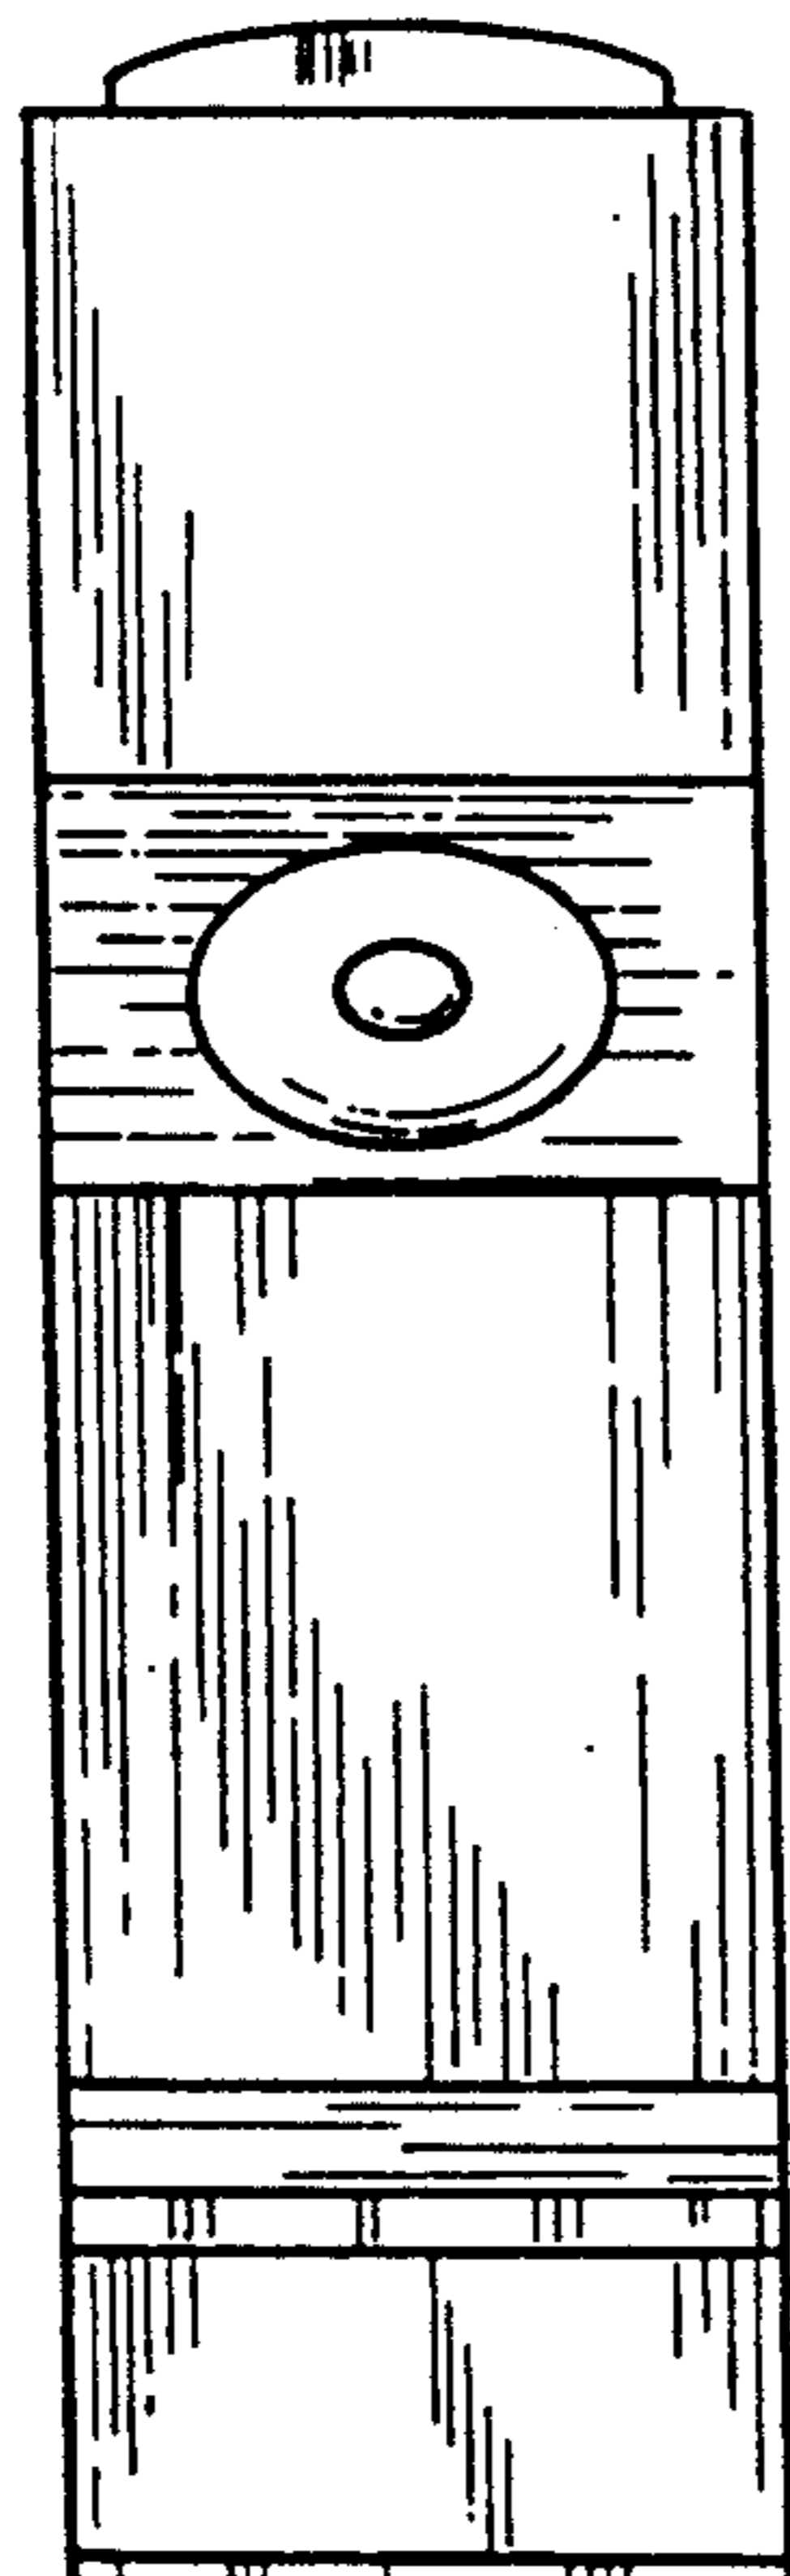

FIG. 4

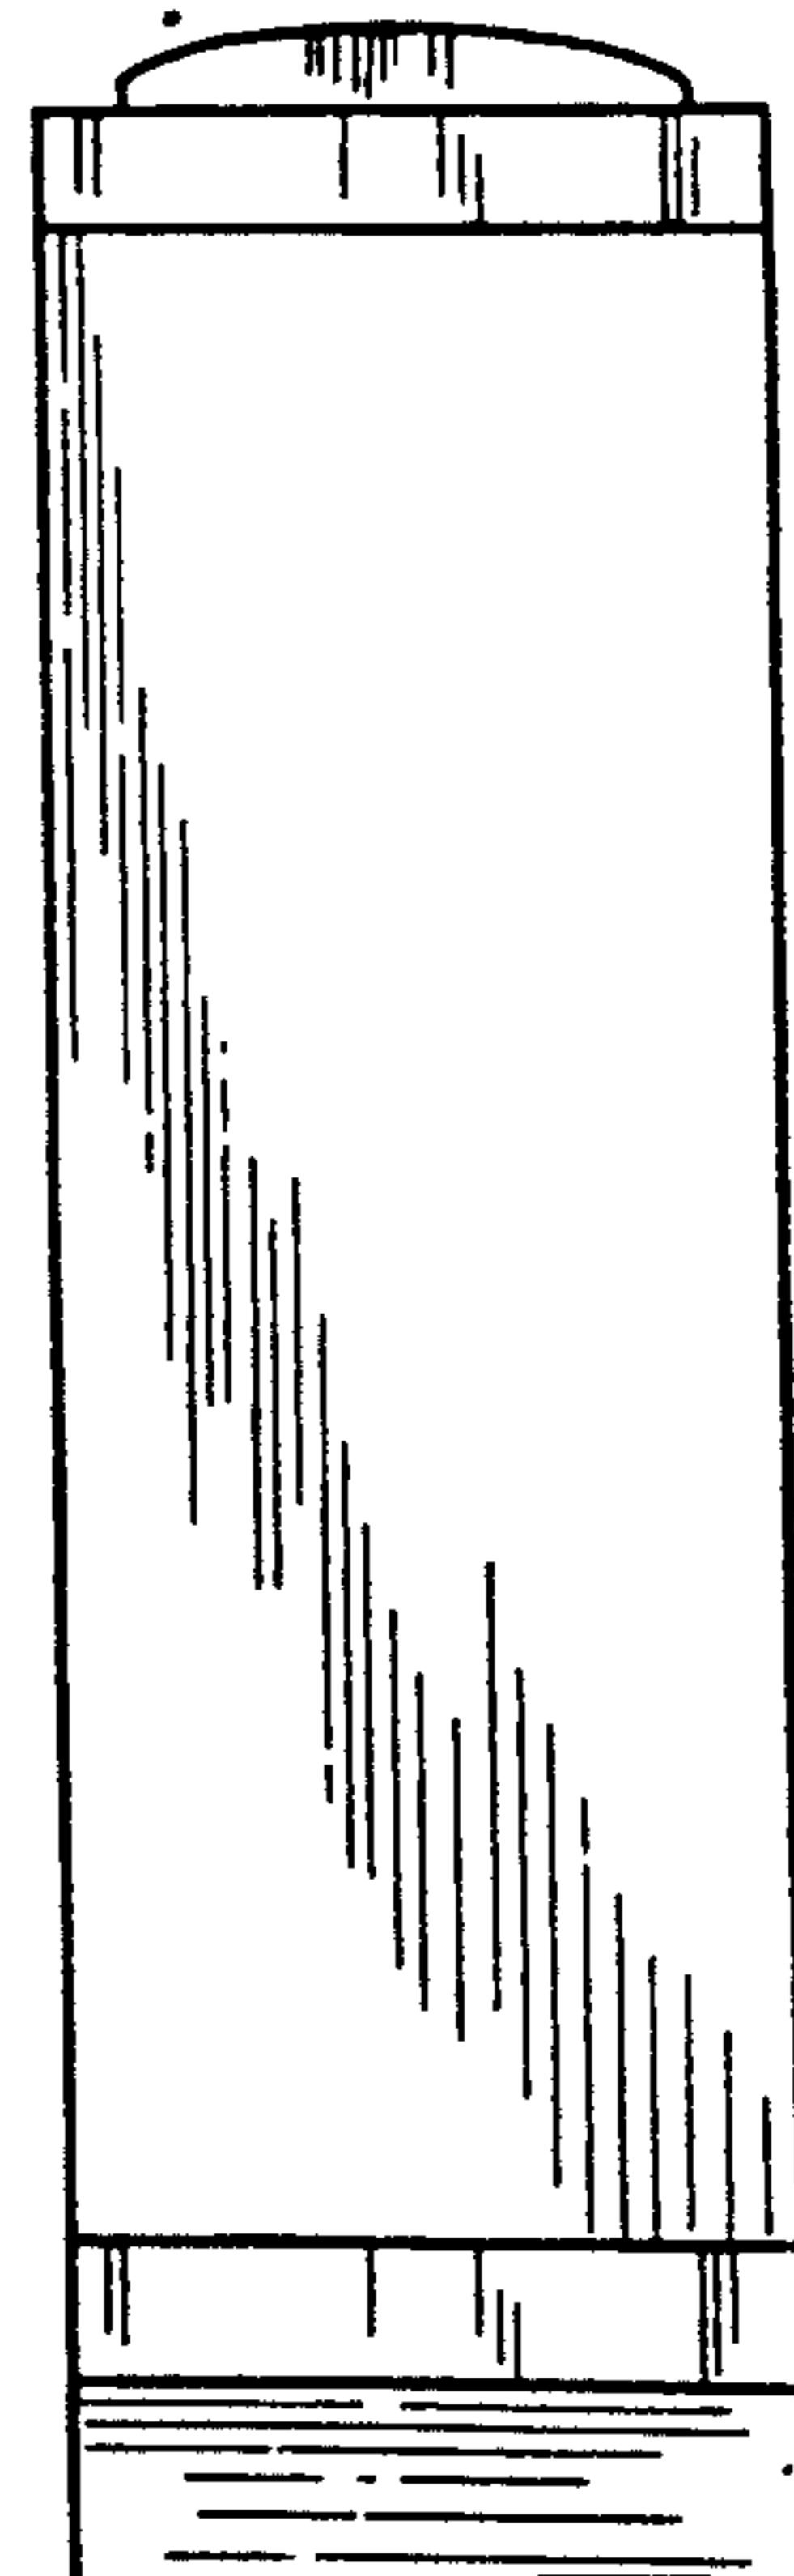

FIG. 5
