FIG. 5 is a perspective view of the handset, the telephone being omitted for convenience of illustration;

FIG. 6 is a front elevational view of the handset; and, FIG. 7 is a side elevational view of the handset, the opposite side being a mirror image.

A characteristic feature of this design is that the backboard is transparent and is trimmed with a tubular neon light or similar light, and the earpiece is textured to resemble the texture of a basketball and is made of plastic or rubber.
