[57] CLAIM

The design for a three-hole tray table, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the three-hole tray table in the assembled condition, showing my new design. The foreground side is partially broken away for convenience of illustration;

FIG. 2 is a top plan view of the blank for the tray of FIG. 1 in the unfolded condition. The broken lines represent fold lines for the blank;

FIG. 3 is a longitudinal edge view of the blank shown in FIG. 2. The opposite longitudinal edge view is substantially identical;

FIG. 4 is a bottom plan view of the blank shown in FIG. 2. The broken lines represent fold lines for the blank;

FIG. 5 is a left end elevational view thereof; and, FIG. 6 is a right end elevational view thereof.
