[57] CLAIM

The ornamental design for an escutcheon, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view taken from the top, front and right side of an escutcheon showing my new design; FIG. 2 is a front elevational view thereof;

FIG. 3 is a top plan view thereof and of the FIGS. 5 and 8 embodiments, the bottom views being the mirror image of the top view shown;

FIG. 4 is a right side elevational view thereof, the left side elevational view being the mirror image of the right side shown;

FIG. 5 is a perspective view taken from the top, front and right side of a second embodiment showing my new design;

FIG. 6 is a left side elevational view thereof;

FIG. 7 is a right side elevational view thereof; and,

FIG. 8 is a perspective view taken from the top, front and left side of a third embodiment showing my new design which is the same as the FIG. 5 embodiment except that only the left side has a side hole.

The fragmentary broken line representations of a portion of a towel ring in FIG. 1 and a portion of a towel bar in FIG. 5 are for the purpose of illustration only and form no part of the claimed design.
