[57] **CLAIM**

The ornamental design for a flower pot cover, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a flower pot cover showing our new design, the bottom being flat; FIG. 2 is a reduced side elevational view thereof, all sides being identical and the pattern which is partially shown is understood to repeat uniformly across the circumscribed area;

FIG. 3 is a reduced side elevational view of a second embodiment of the design of FIG. 1, the only difference being the area to which the pattern is applied;

FIG. 4 is a reduced side elevational view of a third embodiment of the design of FIG. 1, the only difference being the scalloped upper edge of the outer layer;

FIG. 5 is a reduced side elevational view of a fourth embodiment of the design of FIG. 1, the only difference being the area to which the pattern is applied and the scalloped upper edge of the outer layer;

FIG. 6 is a reduced side elevational view of a fifth embodiment of the design of FIG. 1, the only difference being the straight upper edge of the outer layer;

FIG. 7 is a reduced side elevational view of a sixth embodiment of the design of FIG. 1, the only differences being the area to which the pattern is applied and the straight upper edge of the outer layer; and,

FIG. 8 is an enlarged plan view of the pattern which is partially shown in FIGS. 1-7.

The flower pot cover has no substantial thickness.
