[57] **CLAIM**

The ornamental design for a one-way valve for plugging the brake air line of a tractor trailer when working on the air brake system, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the one-way valve for plugging the brake air line of a tractor trailer when working on the air brake system embodying the design of the present invention.

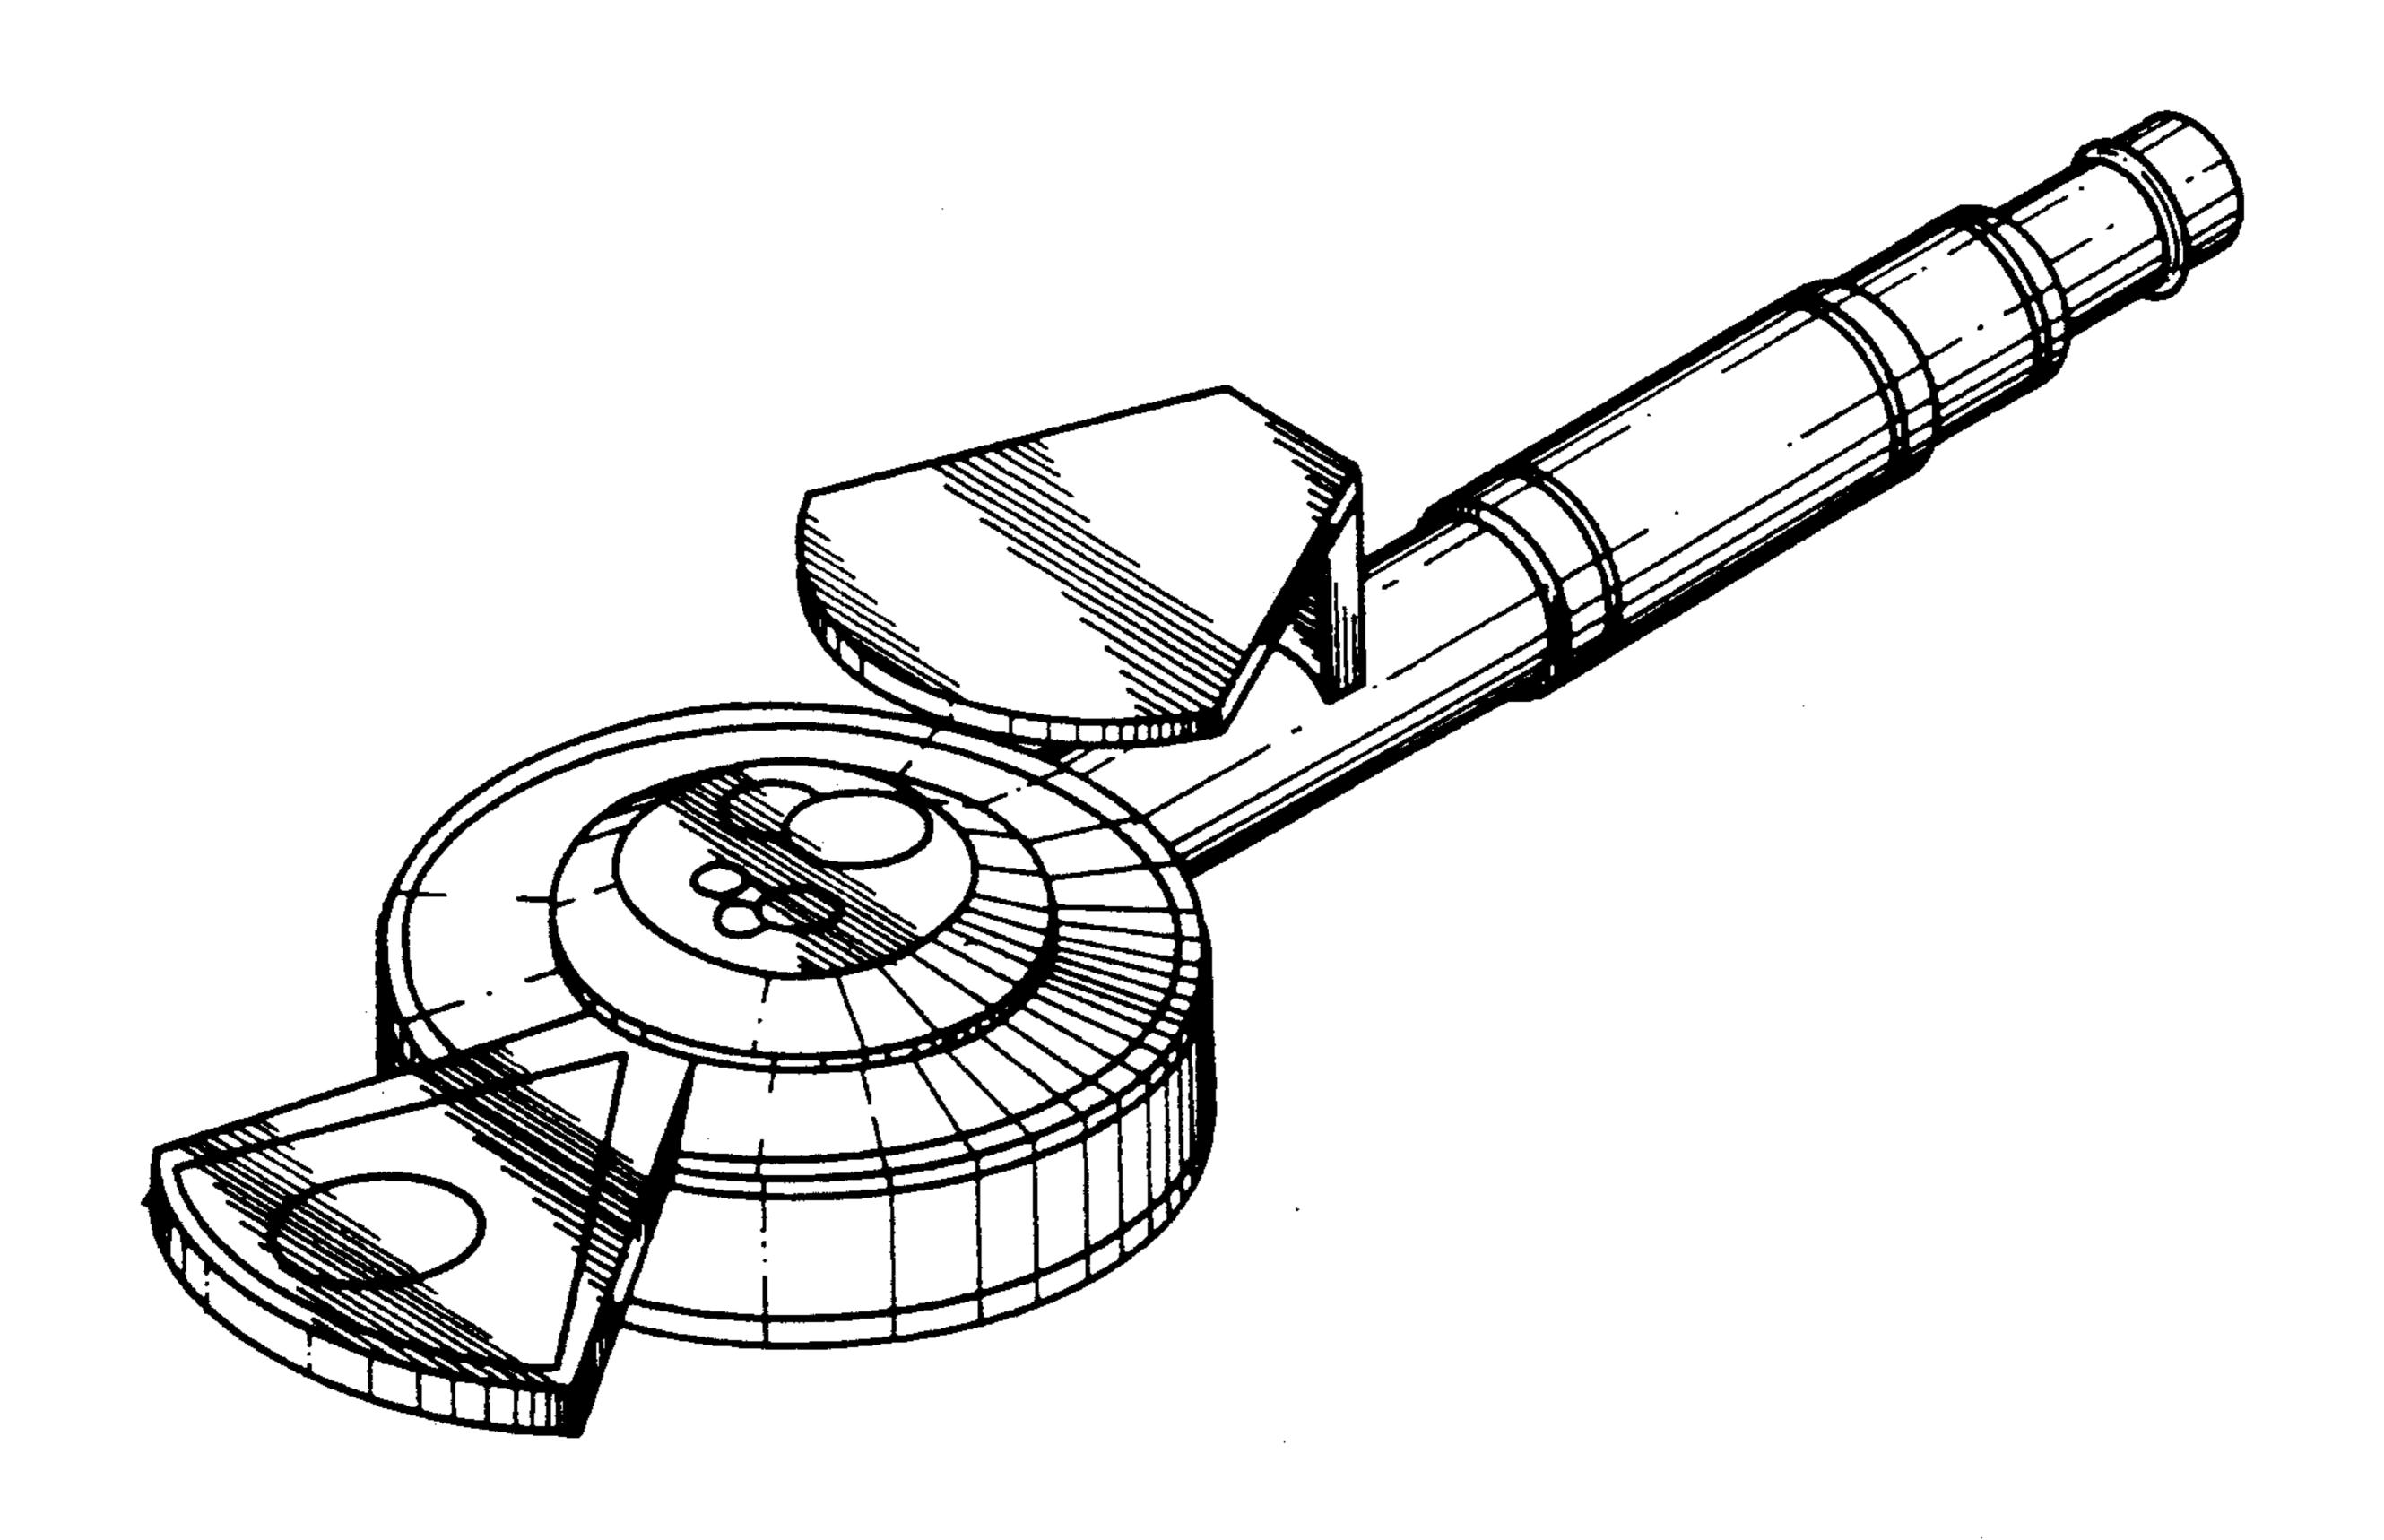

FIG. 2 is a front end elevational view thereof.

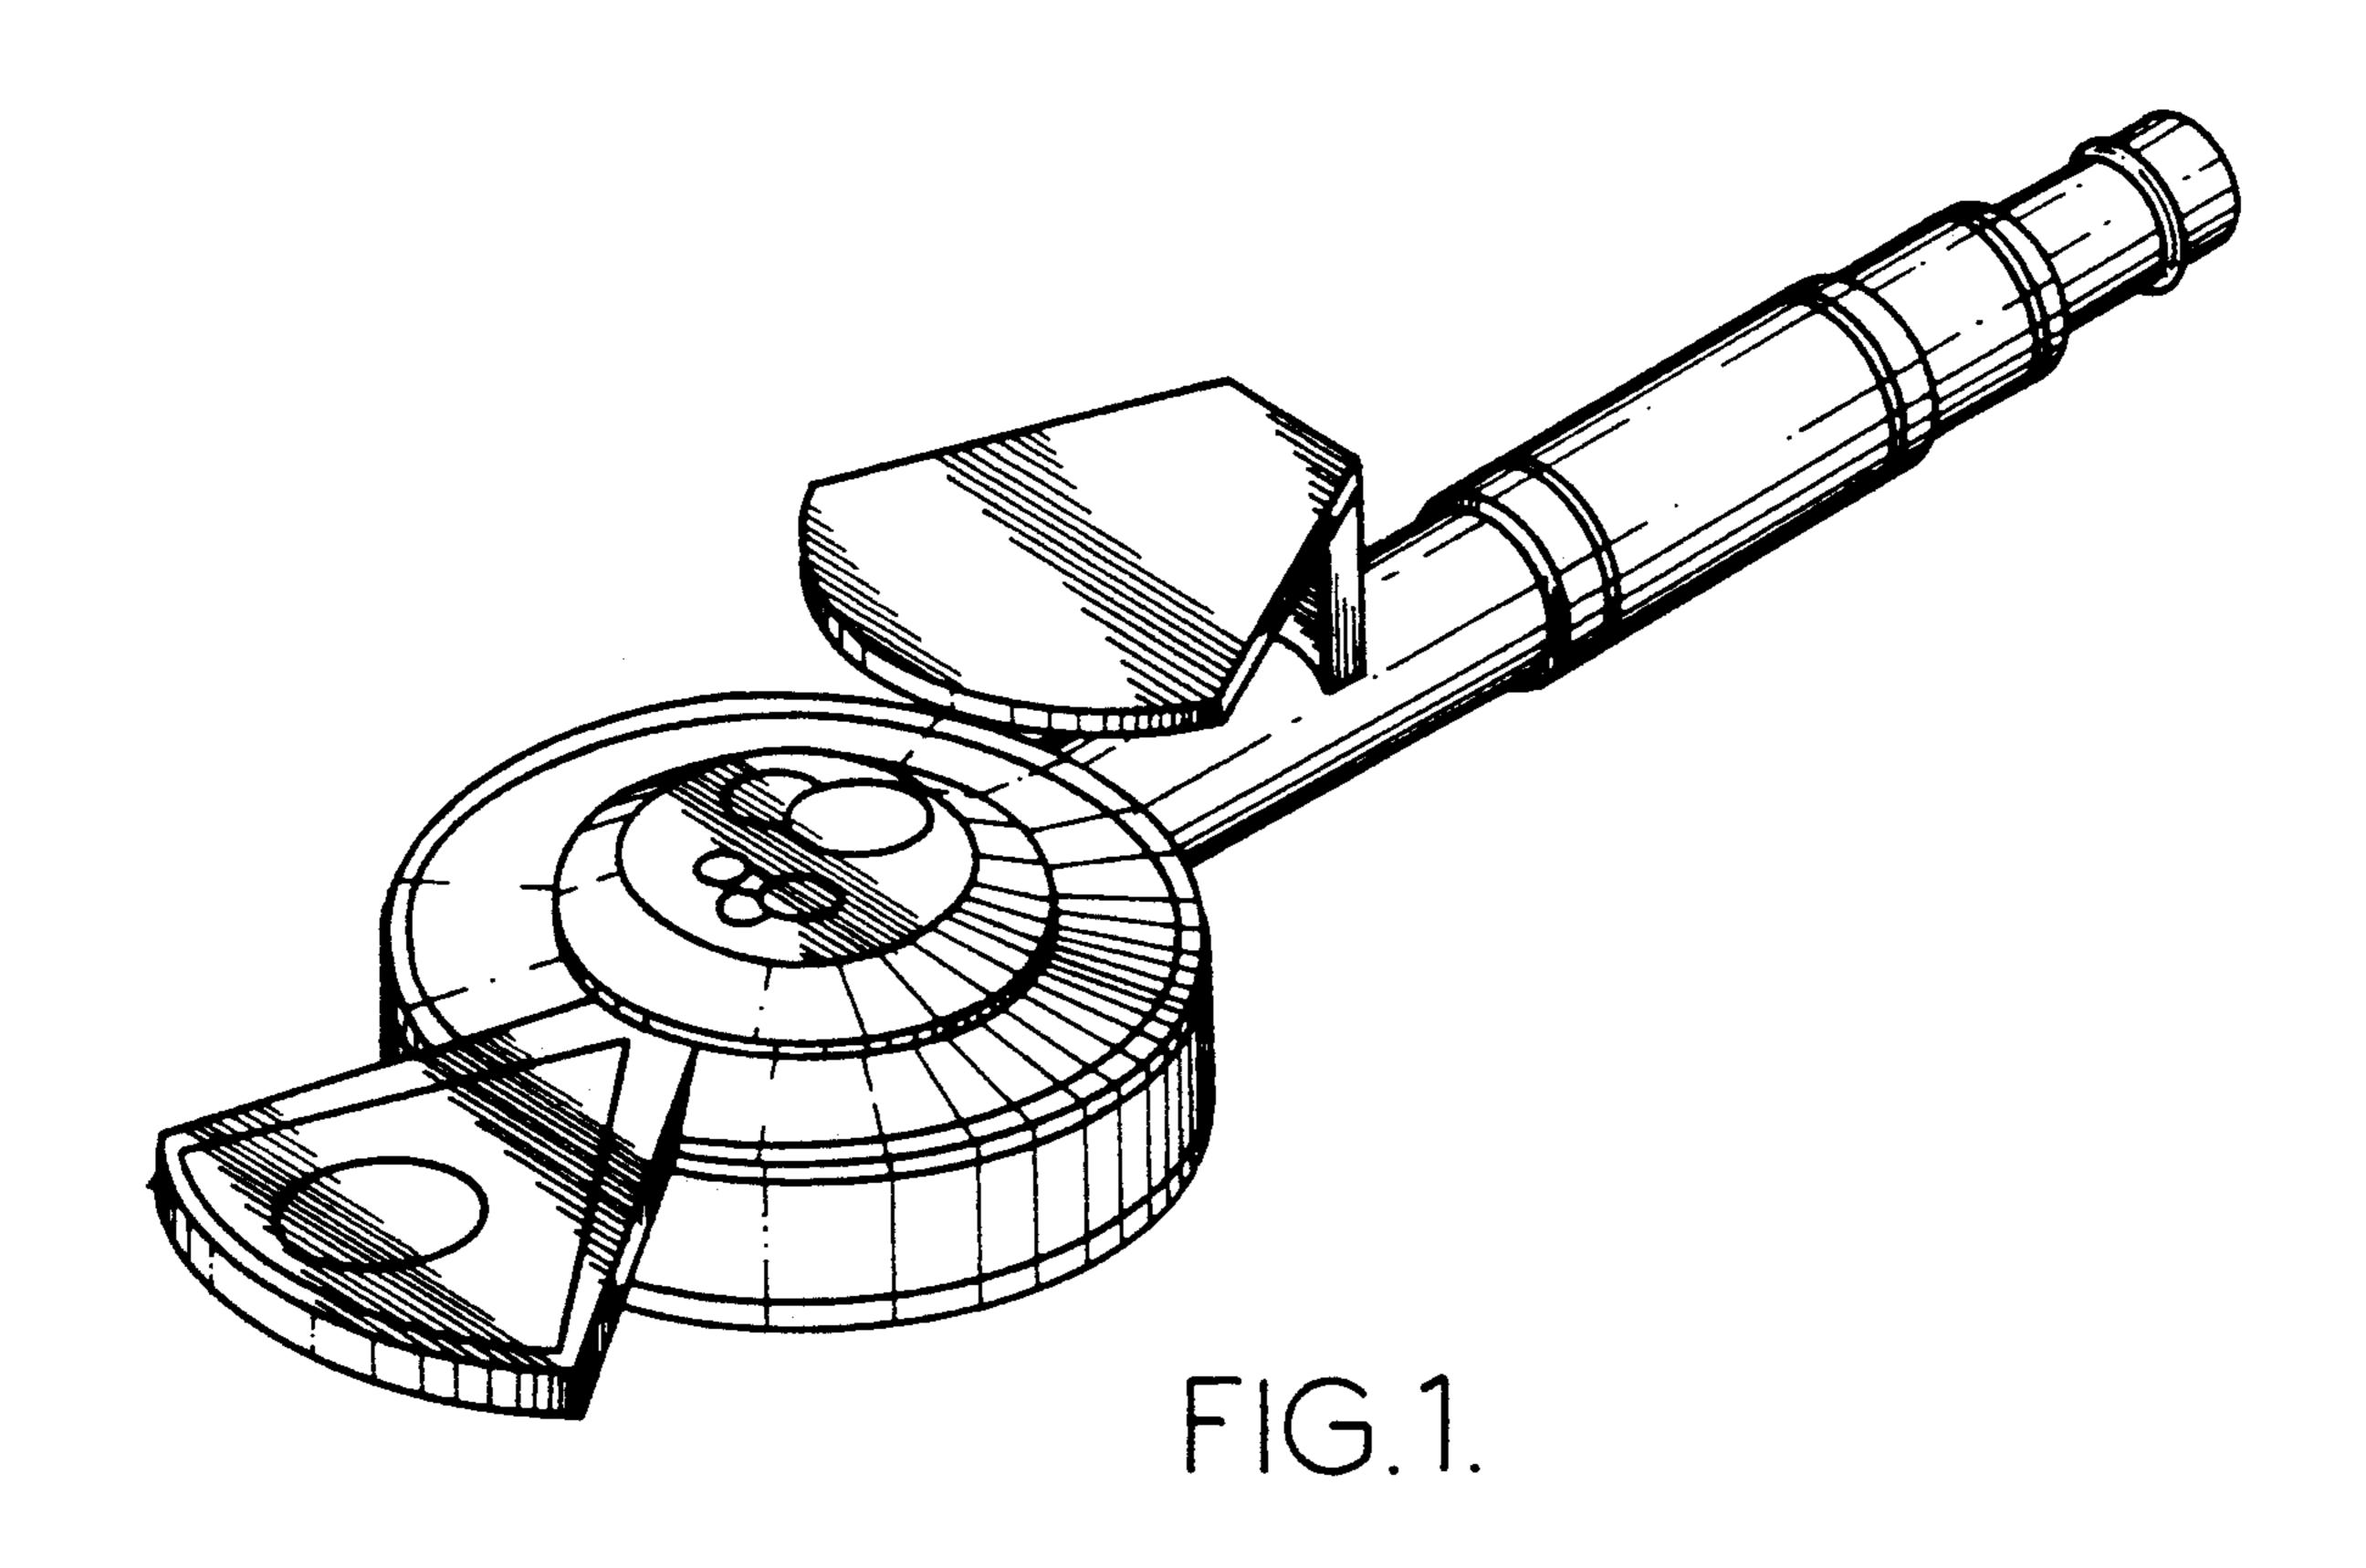

FIG. 3 is a rear end elevational view thereof.

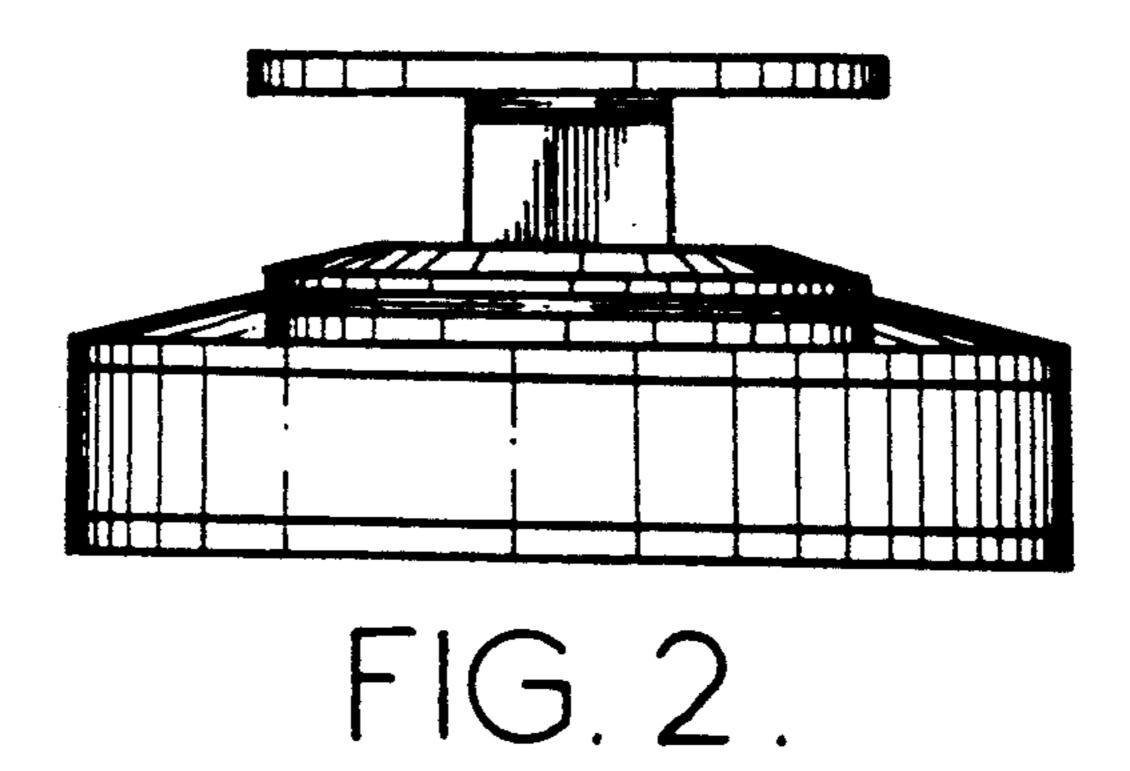

FIG. 4 is a side elevational view thereof, the side opposite being a mirror image of the side shown in FIG. 4.

FIG. 5 is a top plan view thereof.

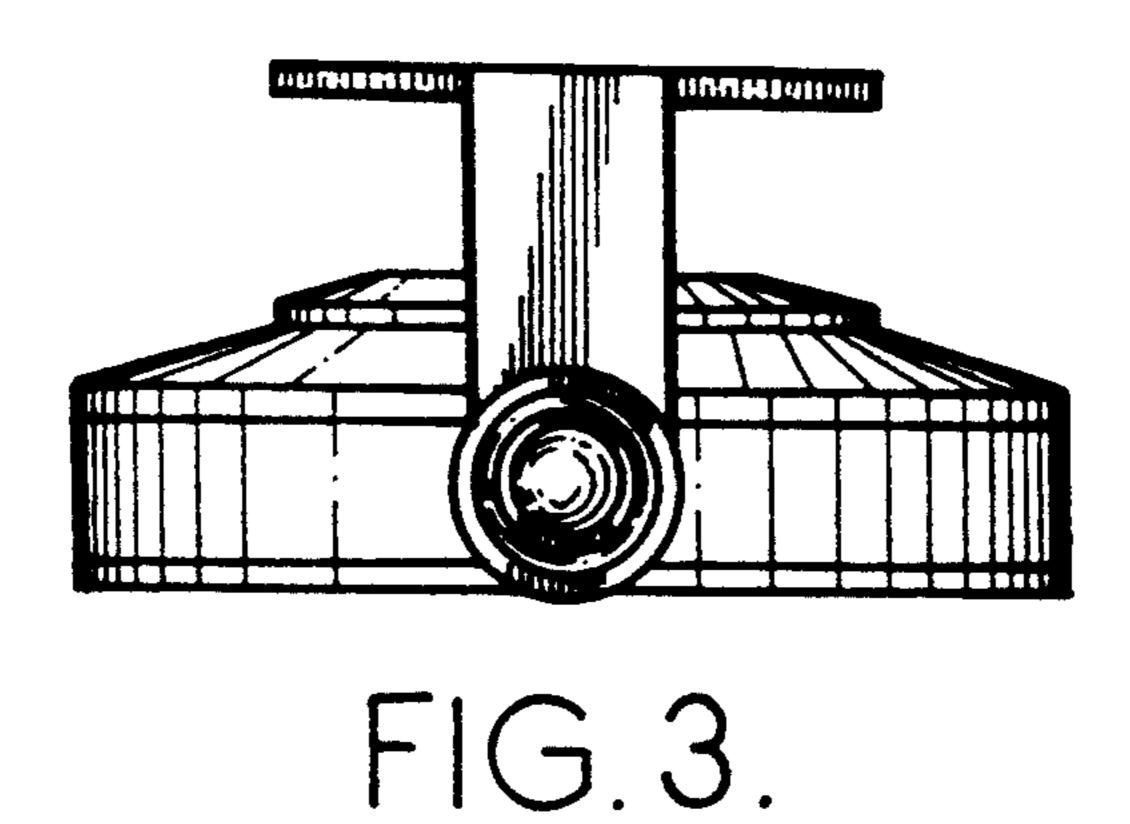

FIG. 6 is a bottom view thereof.
