[57] CLAIM

The ornamental design for a recumbent exercise cycle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the recumbent exercise bicycle showing our new design;
FIG. 2 is a side elevational view thereof, the opposite side being substantially a mere image thereof;
FIG. 3 is a top view thereof;
FIG. 4 is a bottom view thereof;
FIG. 5 is a front elevational view thereof; and,
FIG. 6 is a rear elevational view thereof.
