## [57] CLAIM

The ornamental design for snack tray, as shown and described.

FIG. 1 is a plan view of a snack tray, according to the first embodiment of our design;  
 FIG. 2 is a bottom view of the tray of FIG. 1;  
 FIG. 3 is a side view of the tray according to the first embodiment;  
 FIG. 4 is a longitudinal cross-sectional view of the tray of the first embodiment, and illustrating its use by a broken line representation of the end portion of a user's thumb;  
 FIG. 5 is a side view of the tray of the first embodiment showing the side of the tray opposite the side shown in FIG. 3;  
 FIG. 6 is an end view showing the rear face of the tray of the first embodiment;  
 FIG. 7 is an end view showing the front face of the tray of the first embodiment;  
 FIG. 8 is a pictorial view of the tray of the first embodiment;  
 FIG. 9 is a plan view of a snack tray, according to the second embodiment of our design;  
 FIG. 10 is a side view of the tray according to the second embodiment;  
 FIG. 11 is a longitudinal cross-sectional view of the tray of the second embodiment, and illustrating its use by a broken line representation of the end portion of a user's thumb;  
 FIG. 12 is a bottom view of the tray of FIG. 9;  
 FIG. 13 is a side view of the tray of the second embodiment showing the side of the tray opposite the side shown in FIG. 10;  
 FIG. 14 is an end view showing the rear face of the tray of the second embodiment;  
 FIG. 15 is an end view showing the front face of the tray of the second embodiment; and,  
 FIG. 16 is a pictorial view of the tray of the second embodiment.  
 The broken line showing of a thumb in FIG. 4 and FIG. 11 is for illustrative purposes only and forms no part of the claimed design.
