[57] CLAIM

The ornamental design for a tire, as shown and described.

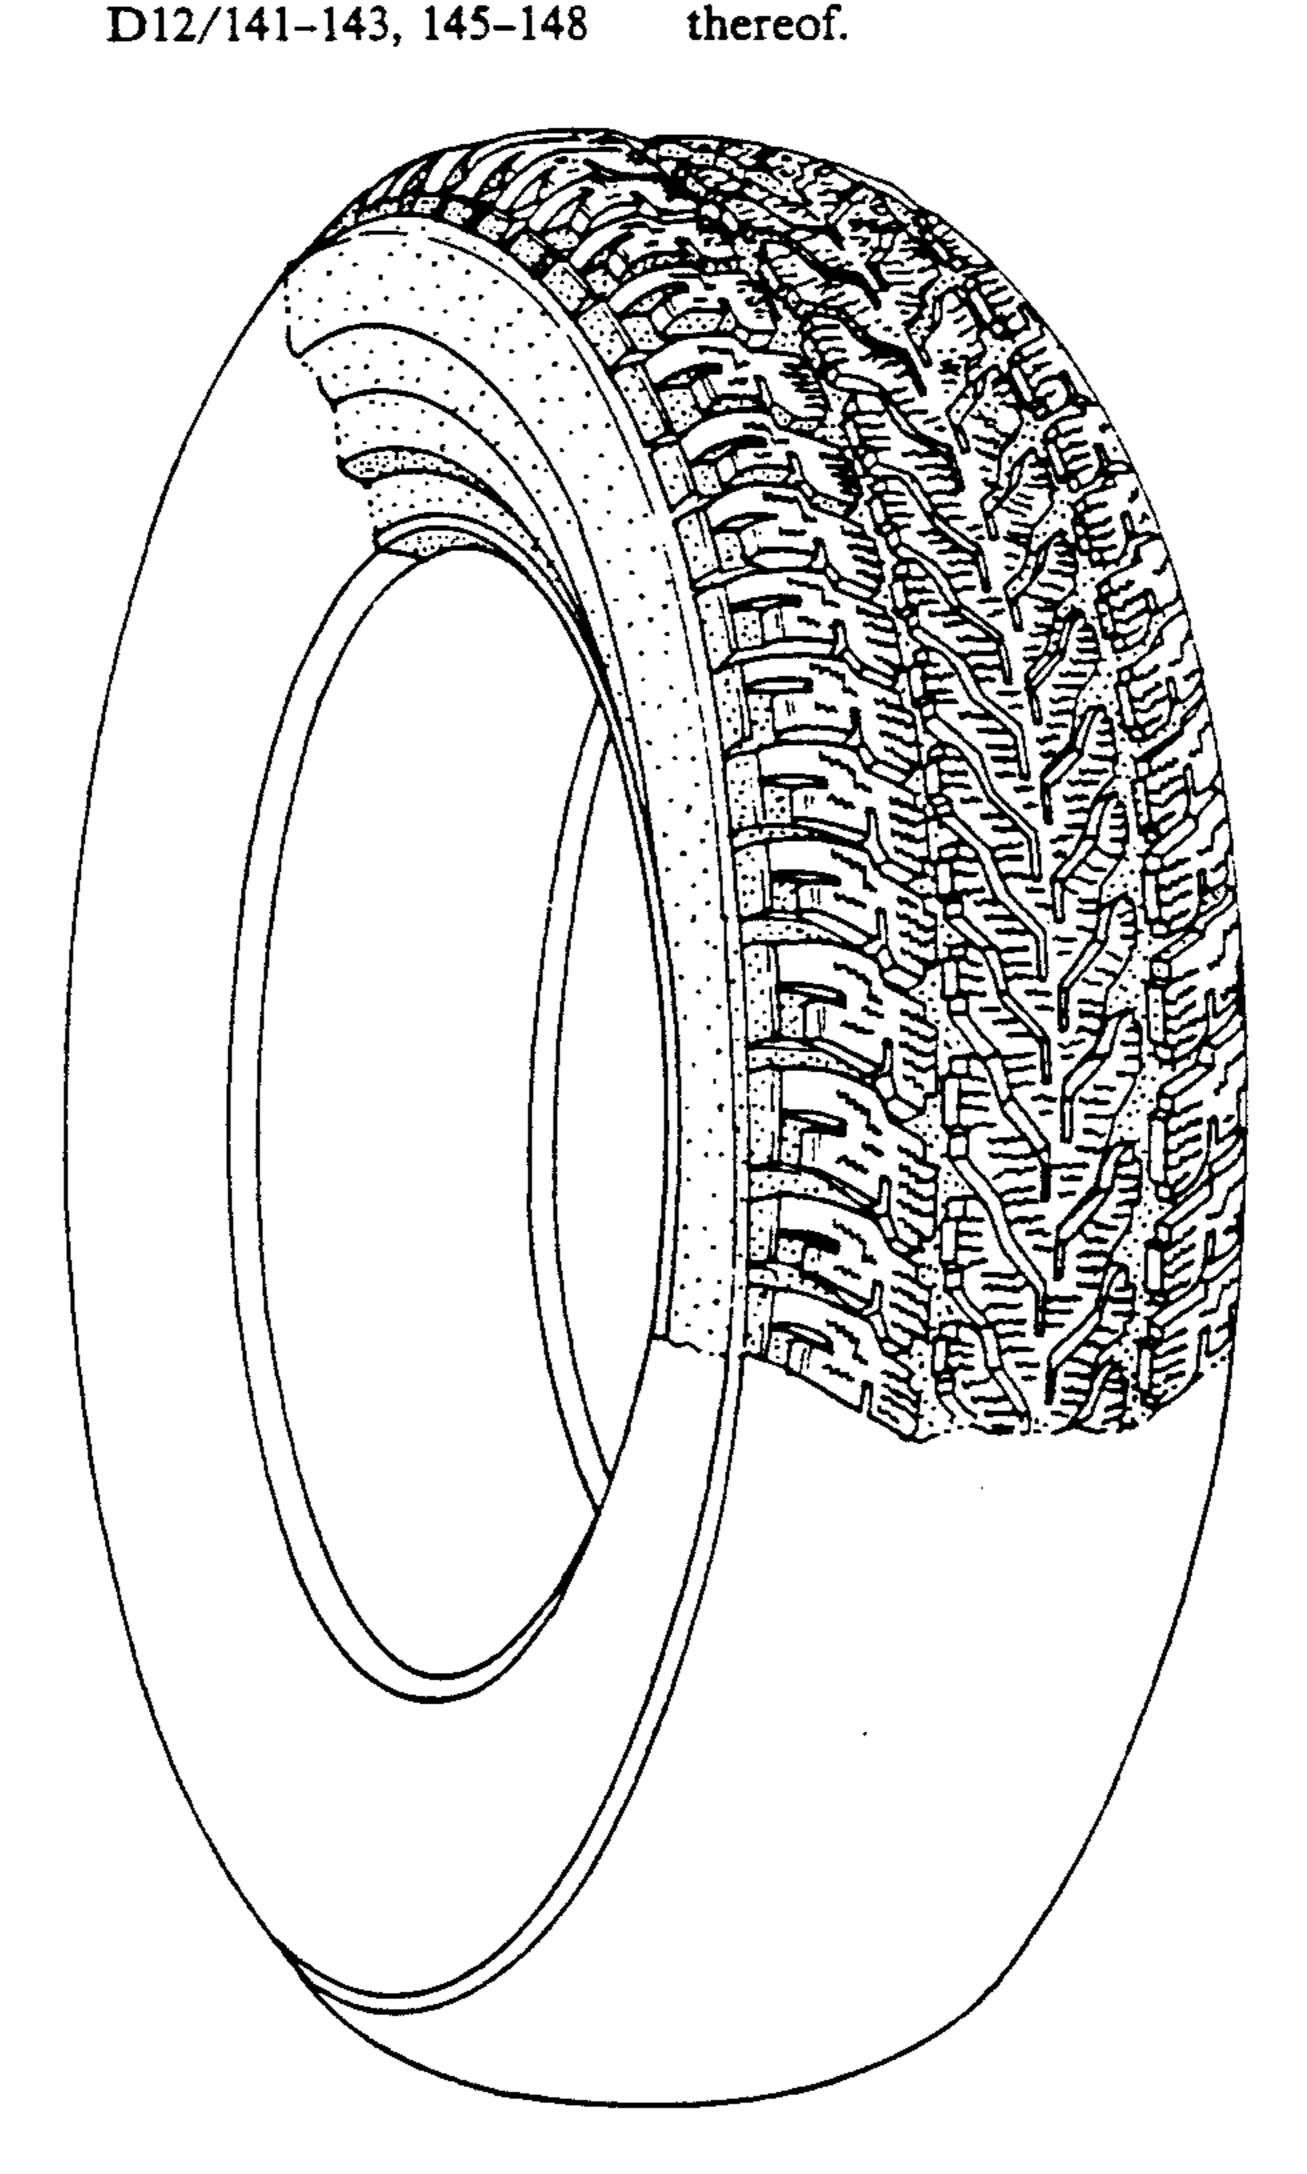

#### DESCRIPTION

FIG. 1 is a perspective view of a tire showing our new design it being understood that the tread pattern is repeated uniformly throughout the circumference of the tire as shown schematically by solid lines and the opposite side is the same as that shown.

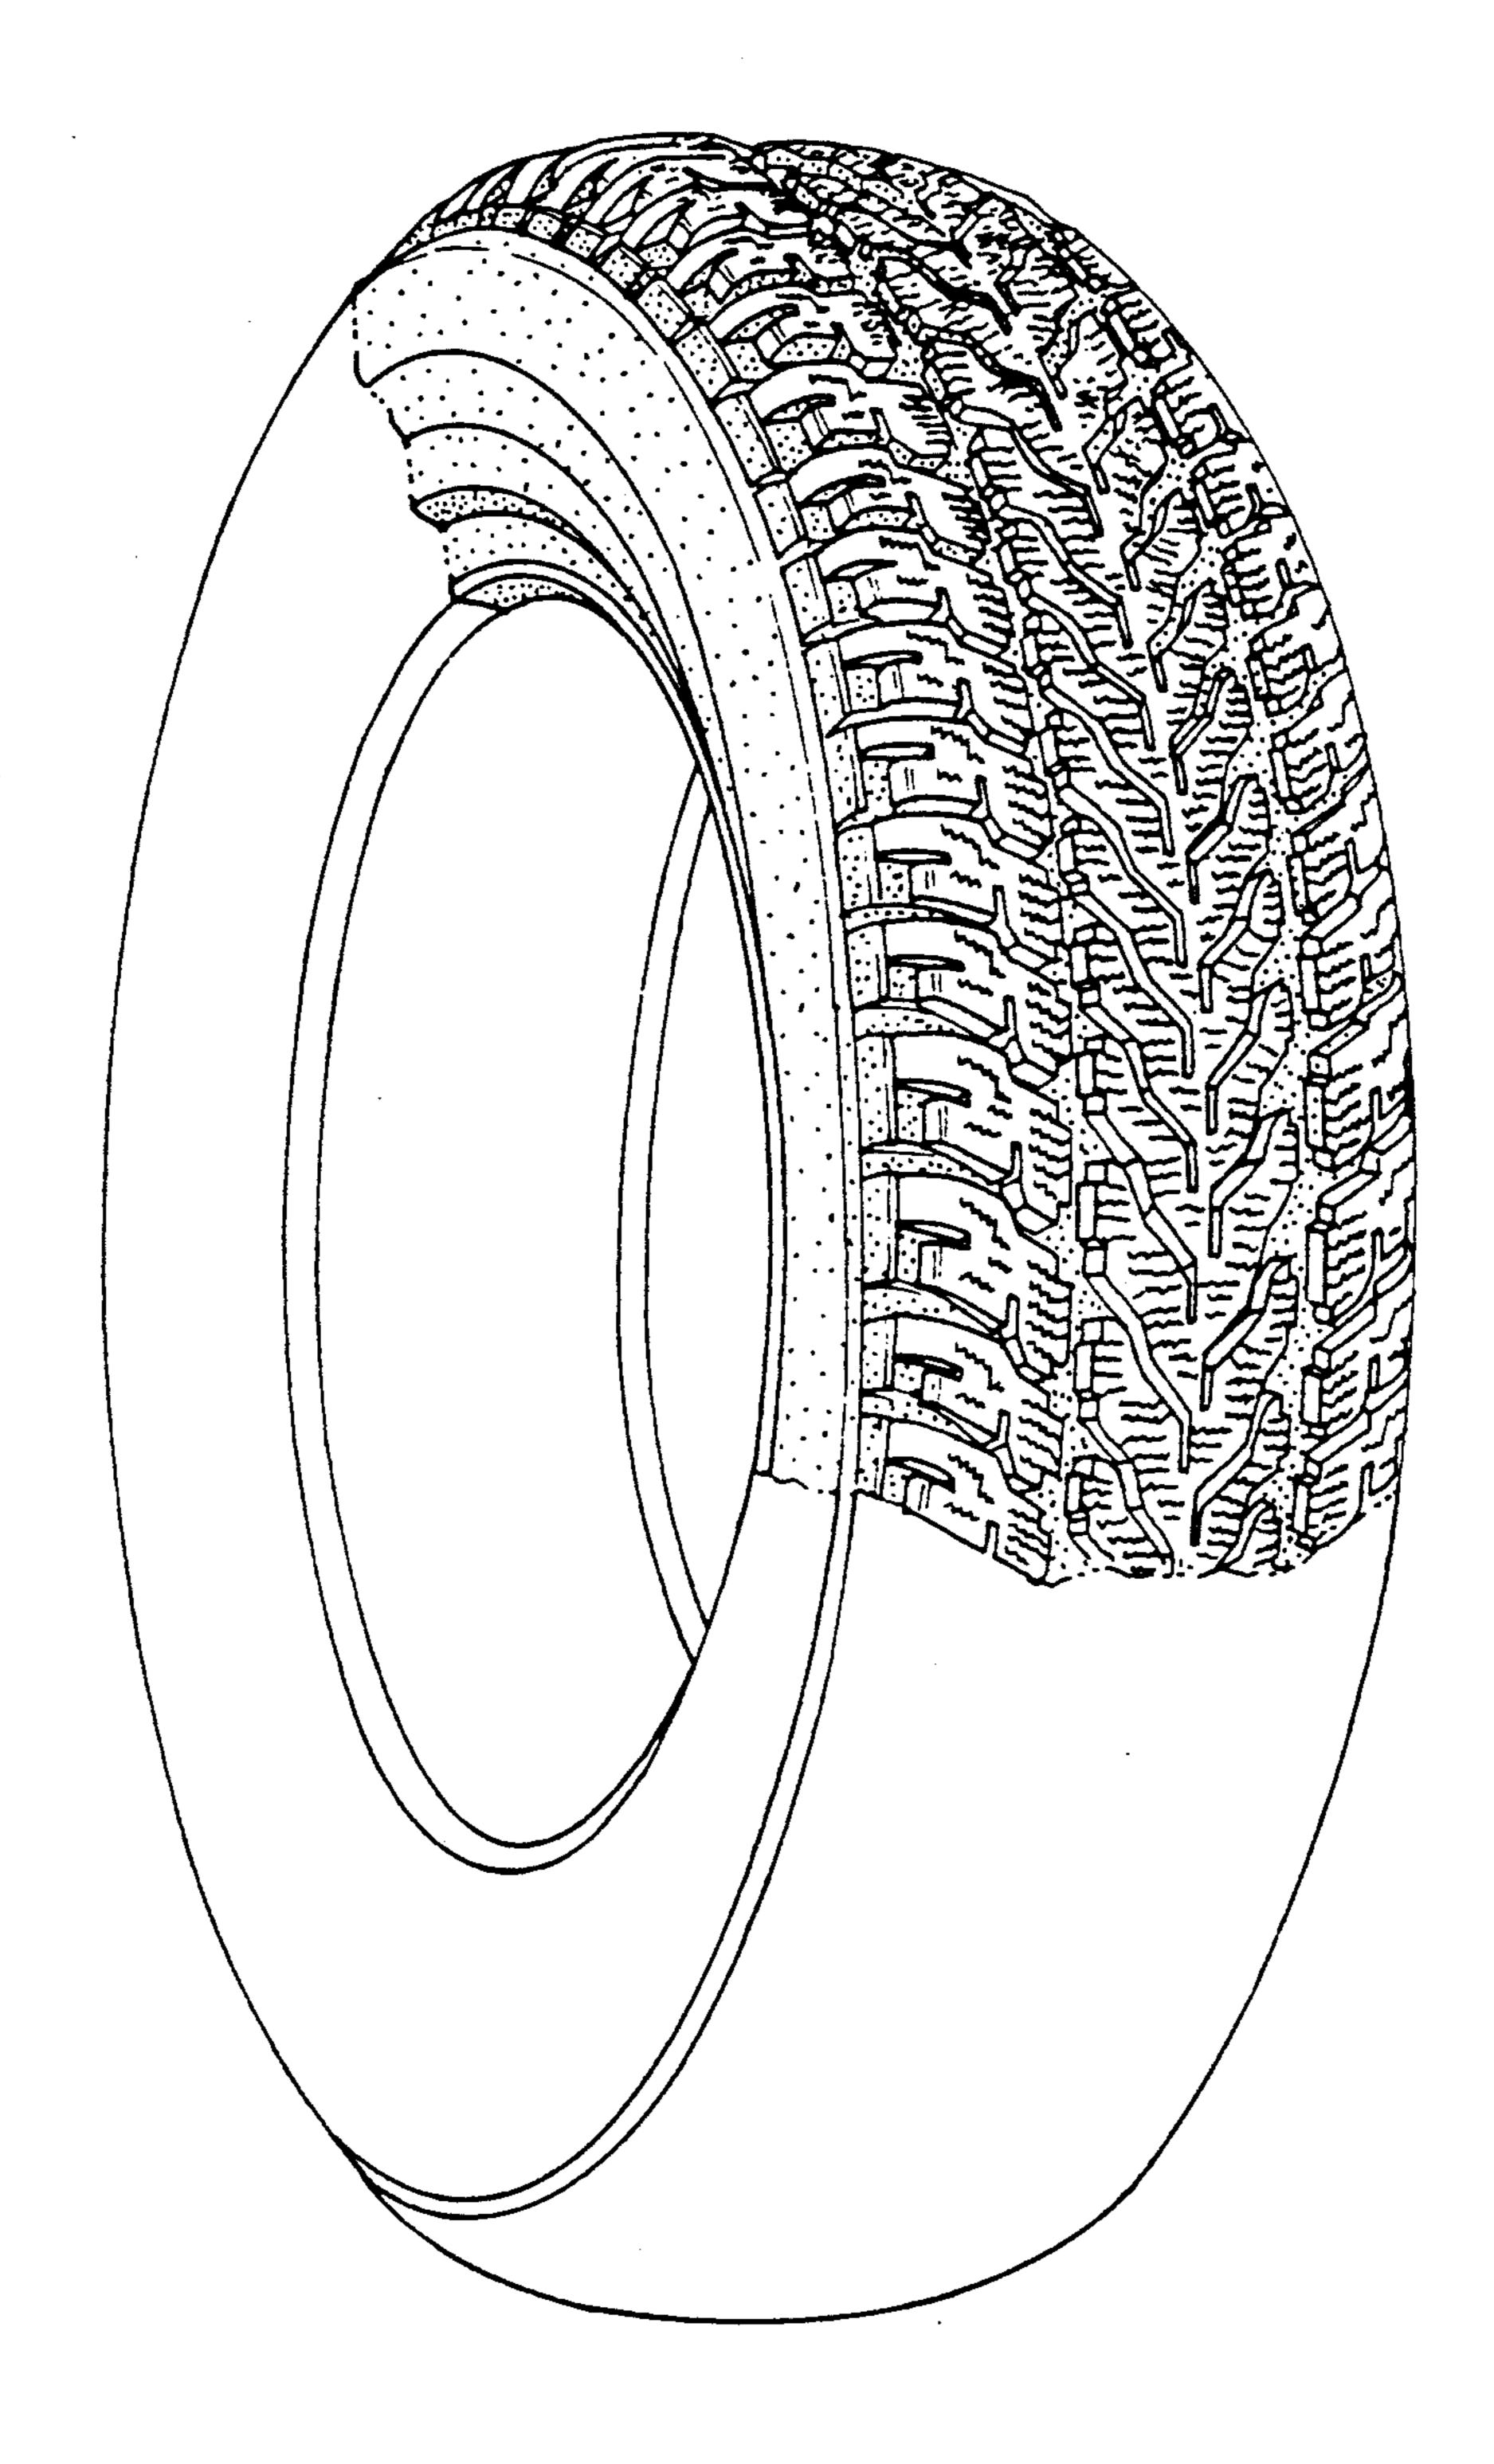

FIG. 2 is a side elevational view thereof on a slightly reduced scale;

FIG. 3 is a front elevation view thereof; and,

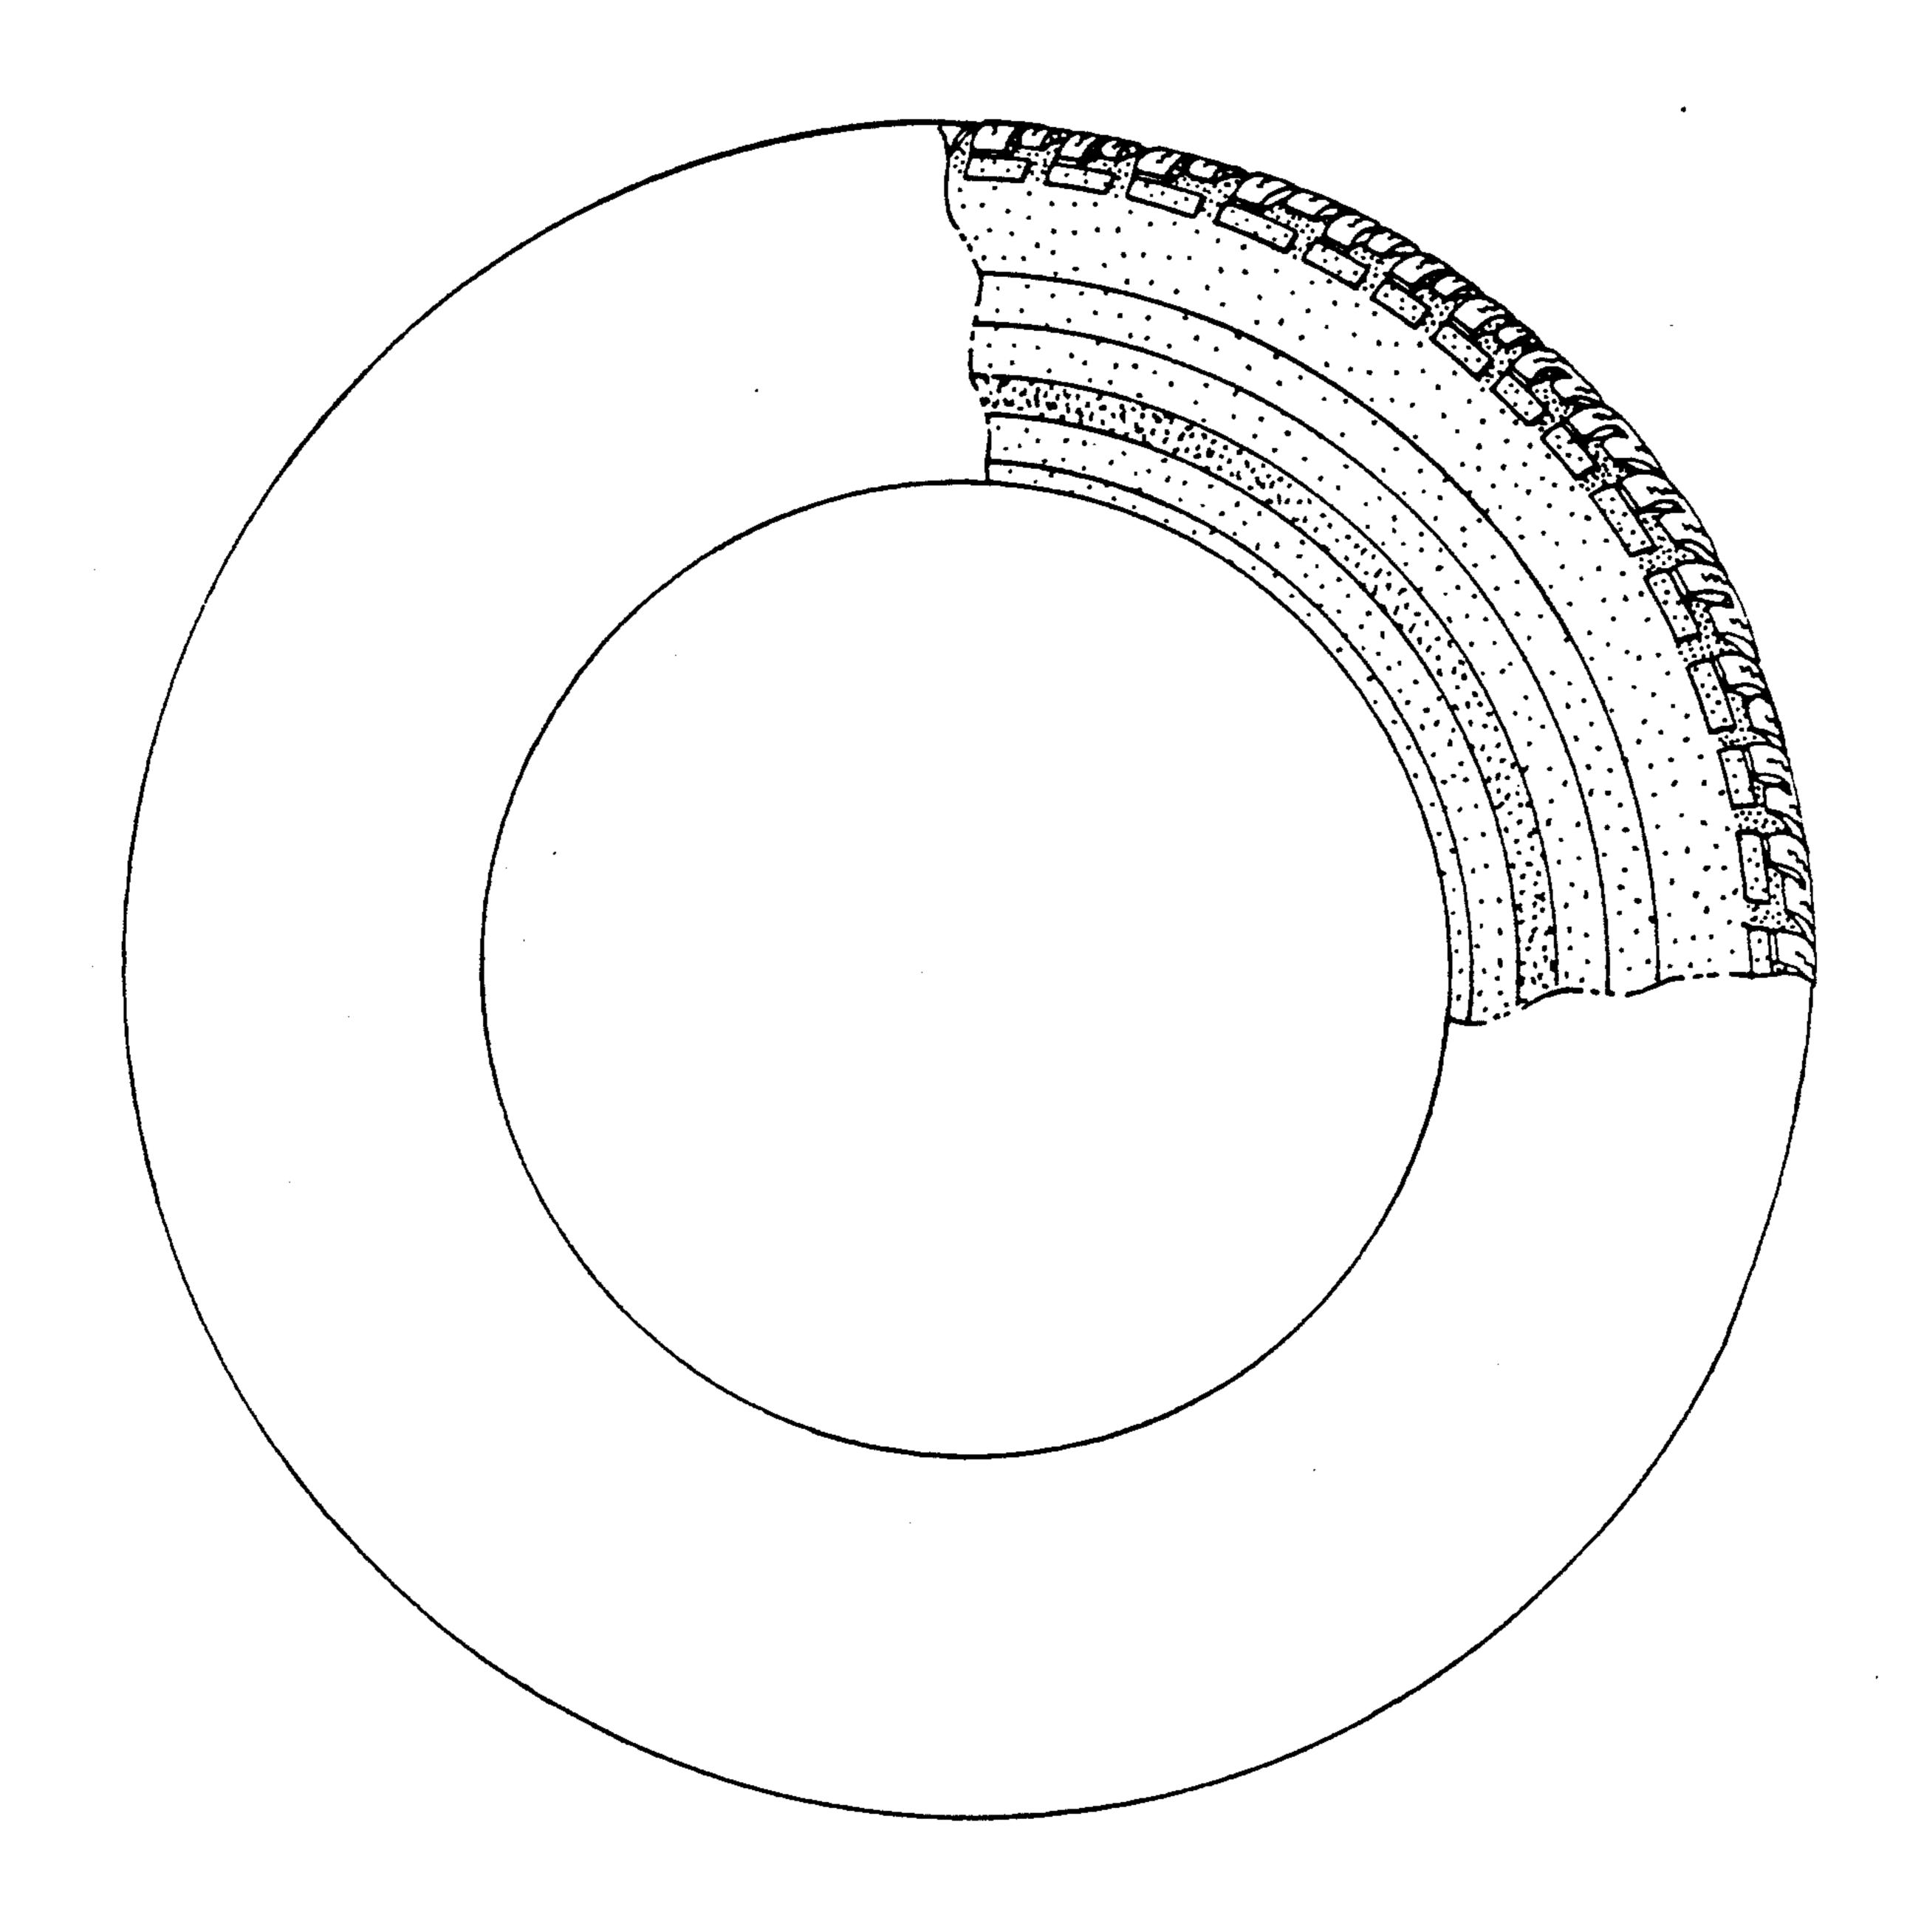

FIG. 4 is an enlarged fragmentary front elevation view thereof.
