[57] CLAIM

The ornamental design for a sheet of decals, as shown and described.

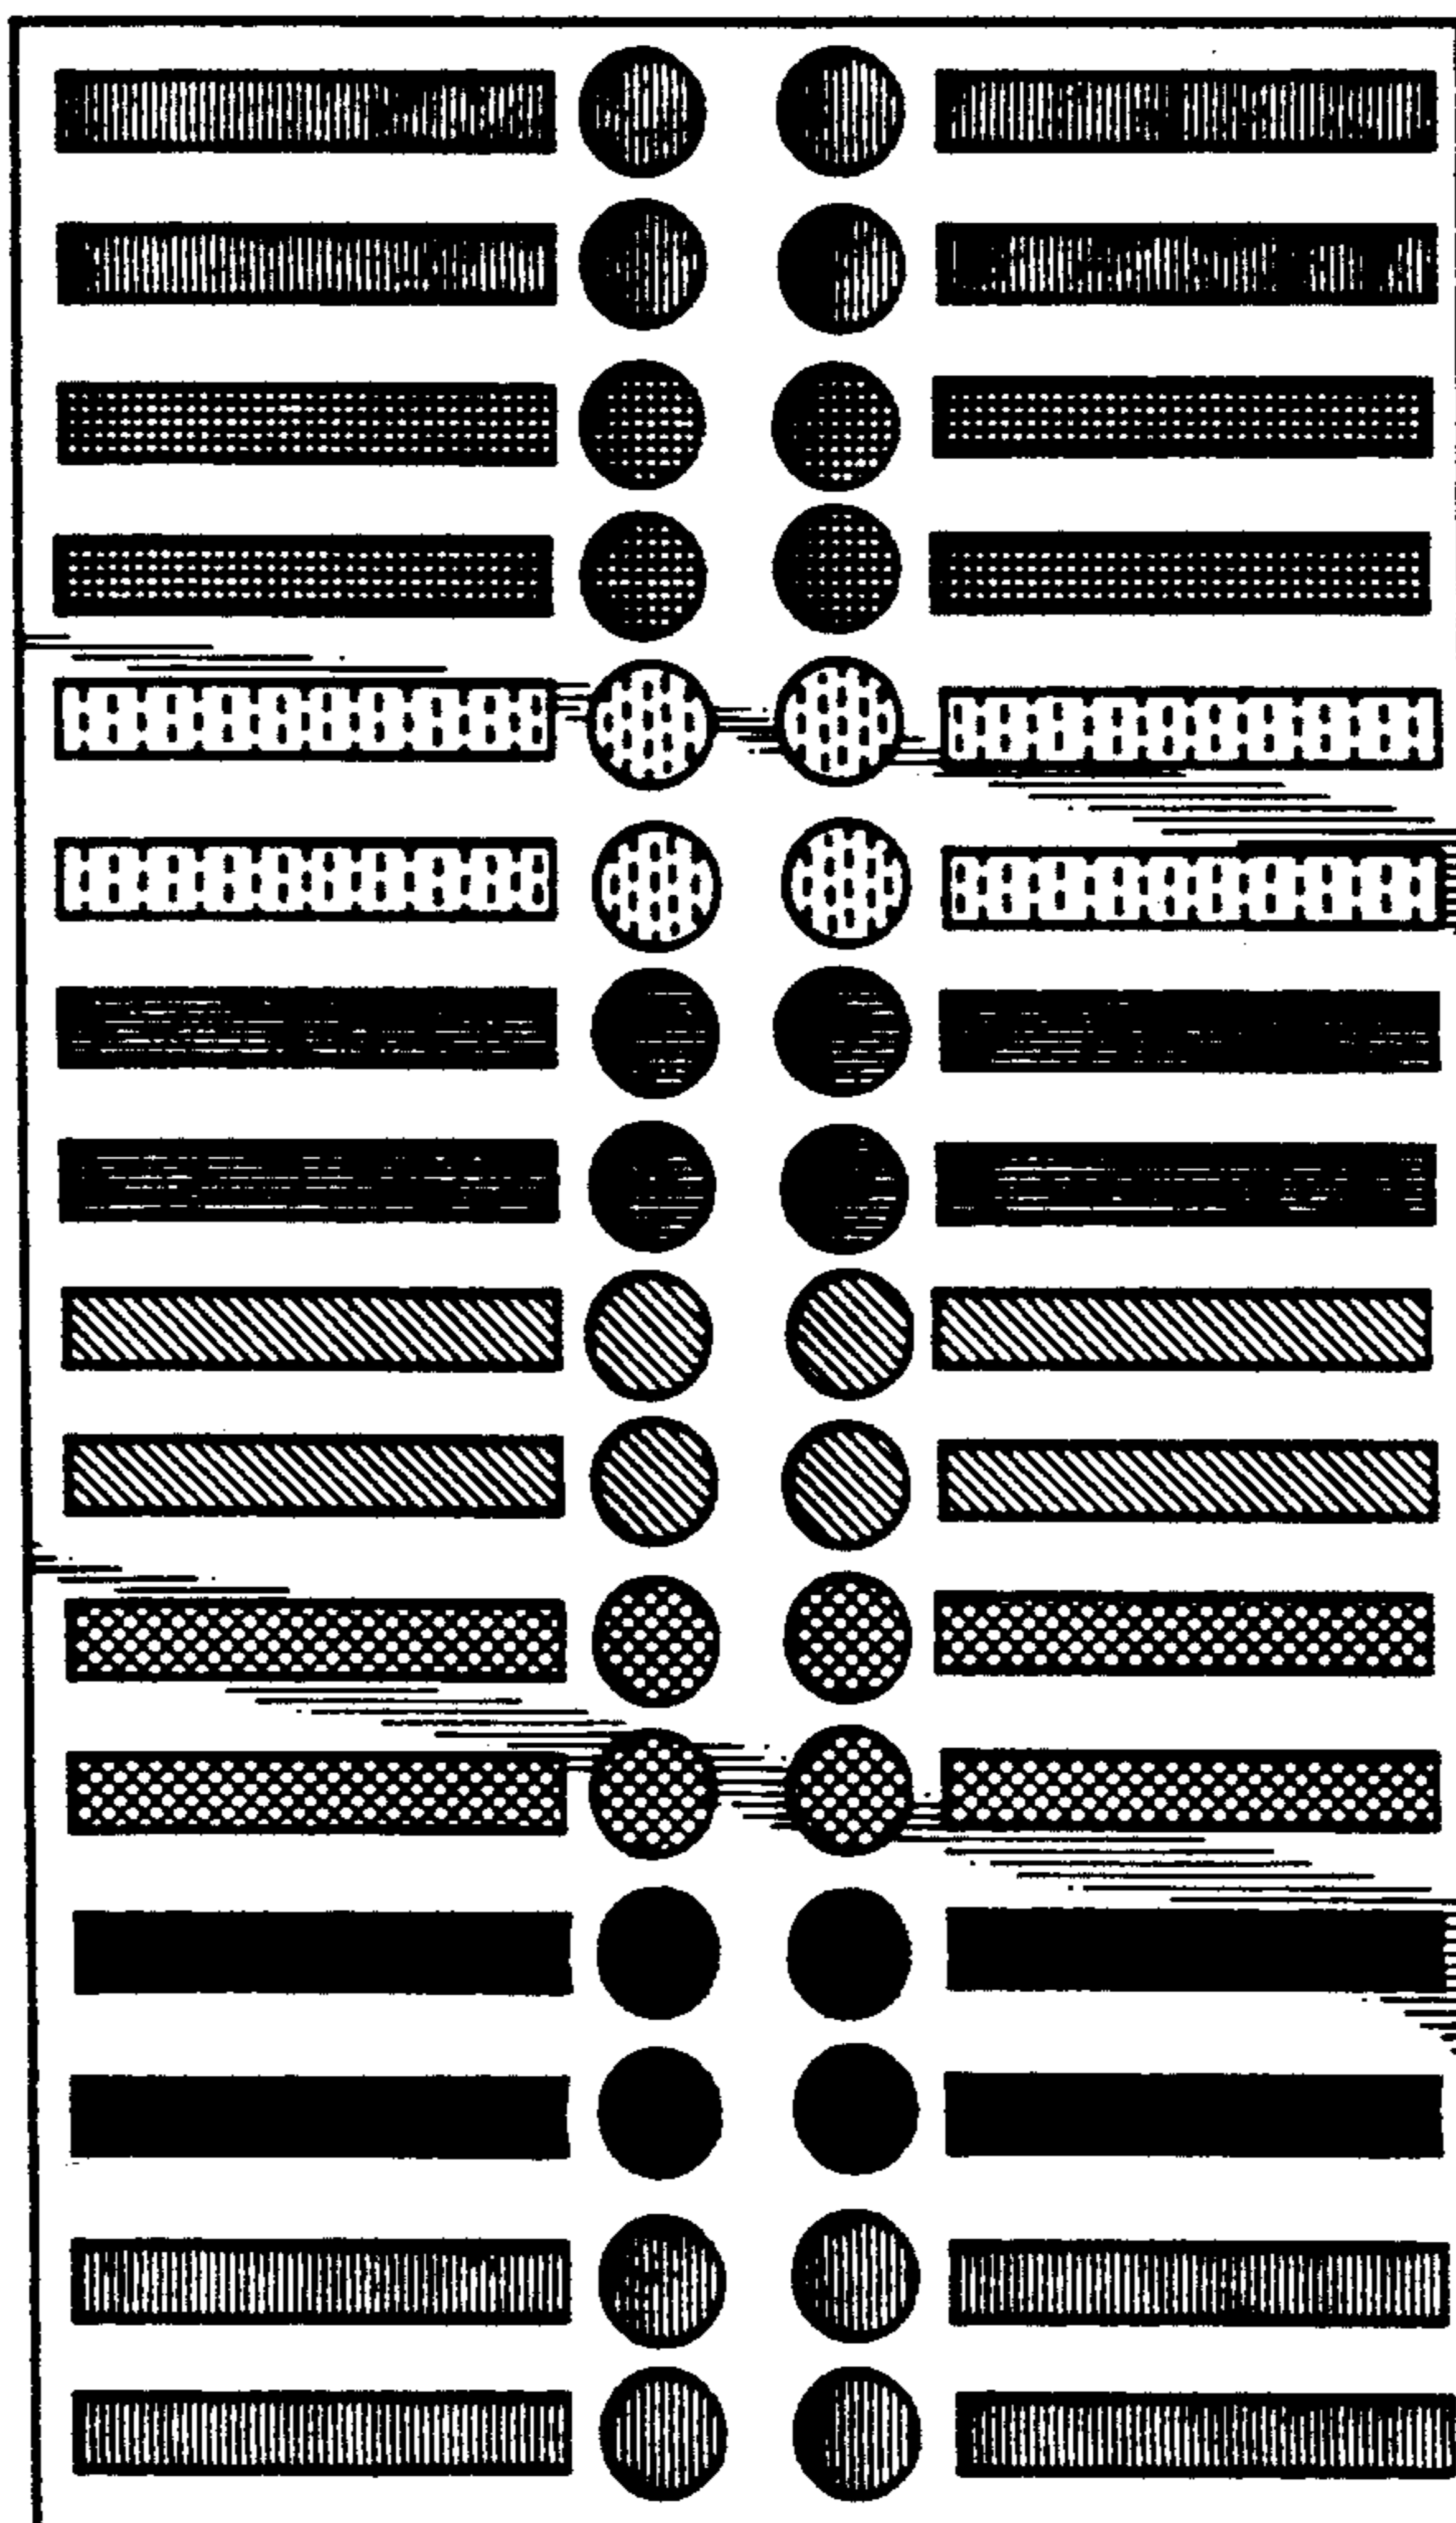

DESCRIPTION

FIG. 1 is a plan view of a first embodiment of a sheet of decals according to the present invention with the rear being flat and unornamented and it being understood that the sheet is of conventional thickness;

FIG. 2 is a plan view of a second embodiment of a sheet of decals according to the present invention; and,

FIG. 3 is a plan view of a third embodiment of a sheet of decals according to the present invention.

The attached drawings are shaded to represent decal color schemes of the sheet of decals according to the present invention.
