[57] CLAIM

The ornamental design for combined headband and ponytail holder, as shown and described.

DESCRIPTION

FIG. 1 is a rear perspective view of a combined headband and ponytail holder showing my new design, the broken lines are for illustrative purposes;

FIG. 2 is a front perspective view thereof, the bottom perspective view being a mirror image;

FIG. 3 is a rear perspective view of a second embodiment of a combined headband and ponytail holder showing my new design, the difference being the gathered headband, the broken lines are for illustrative purposes;

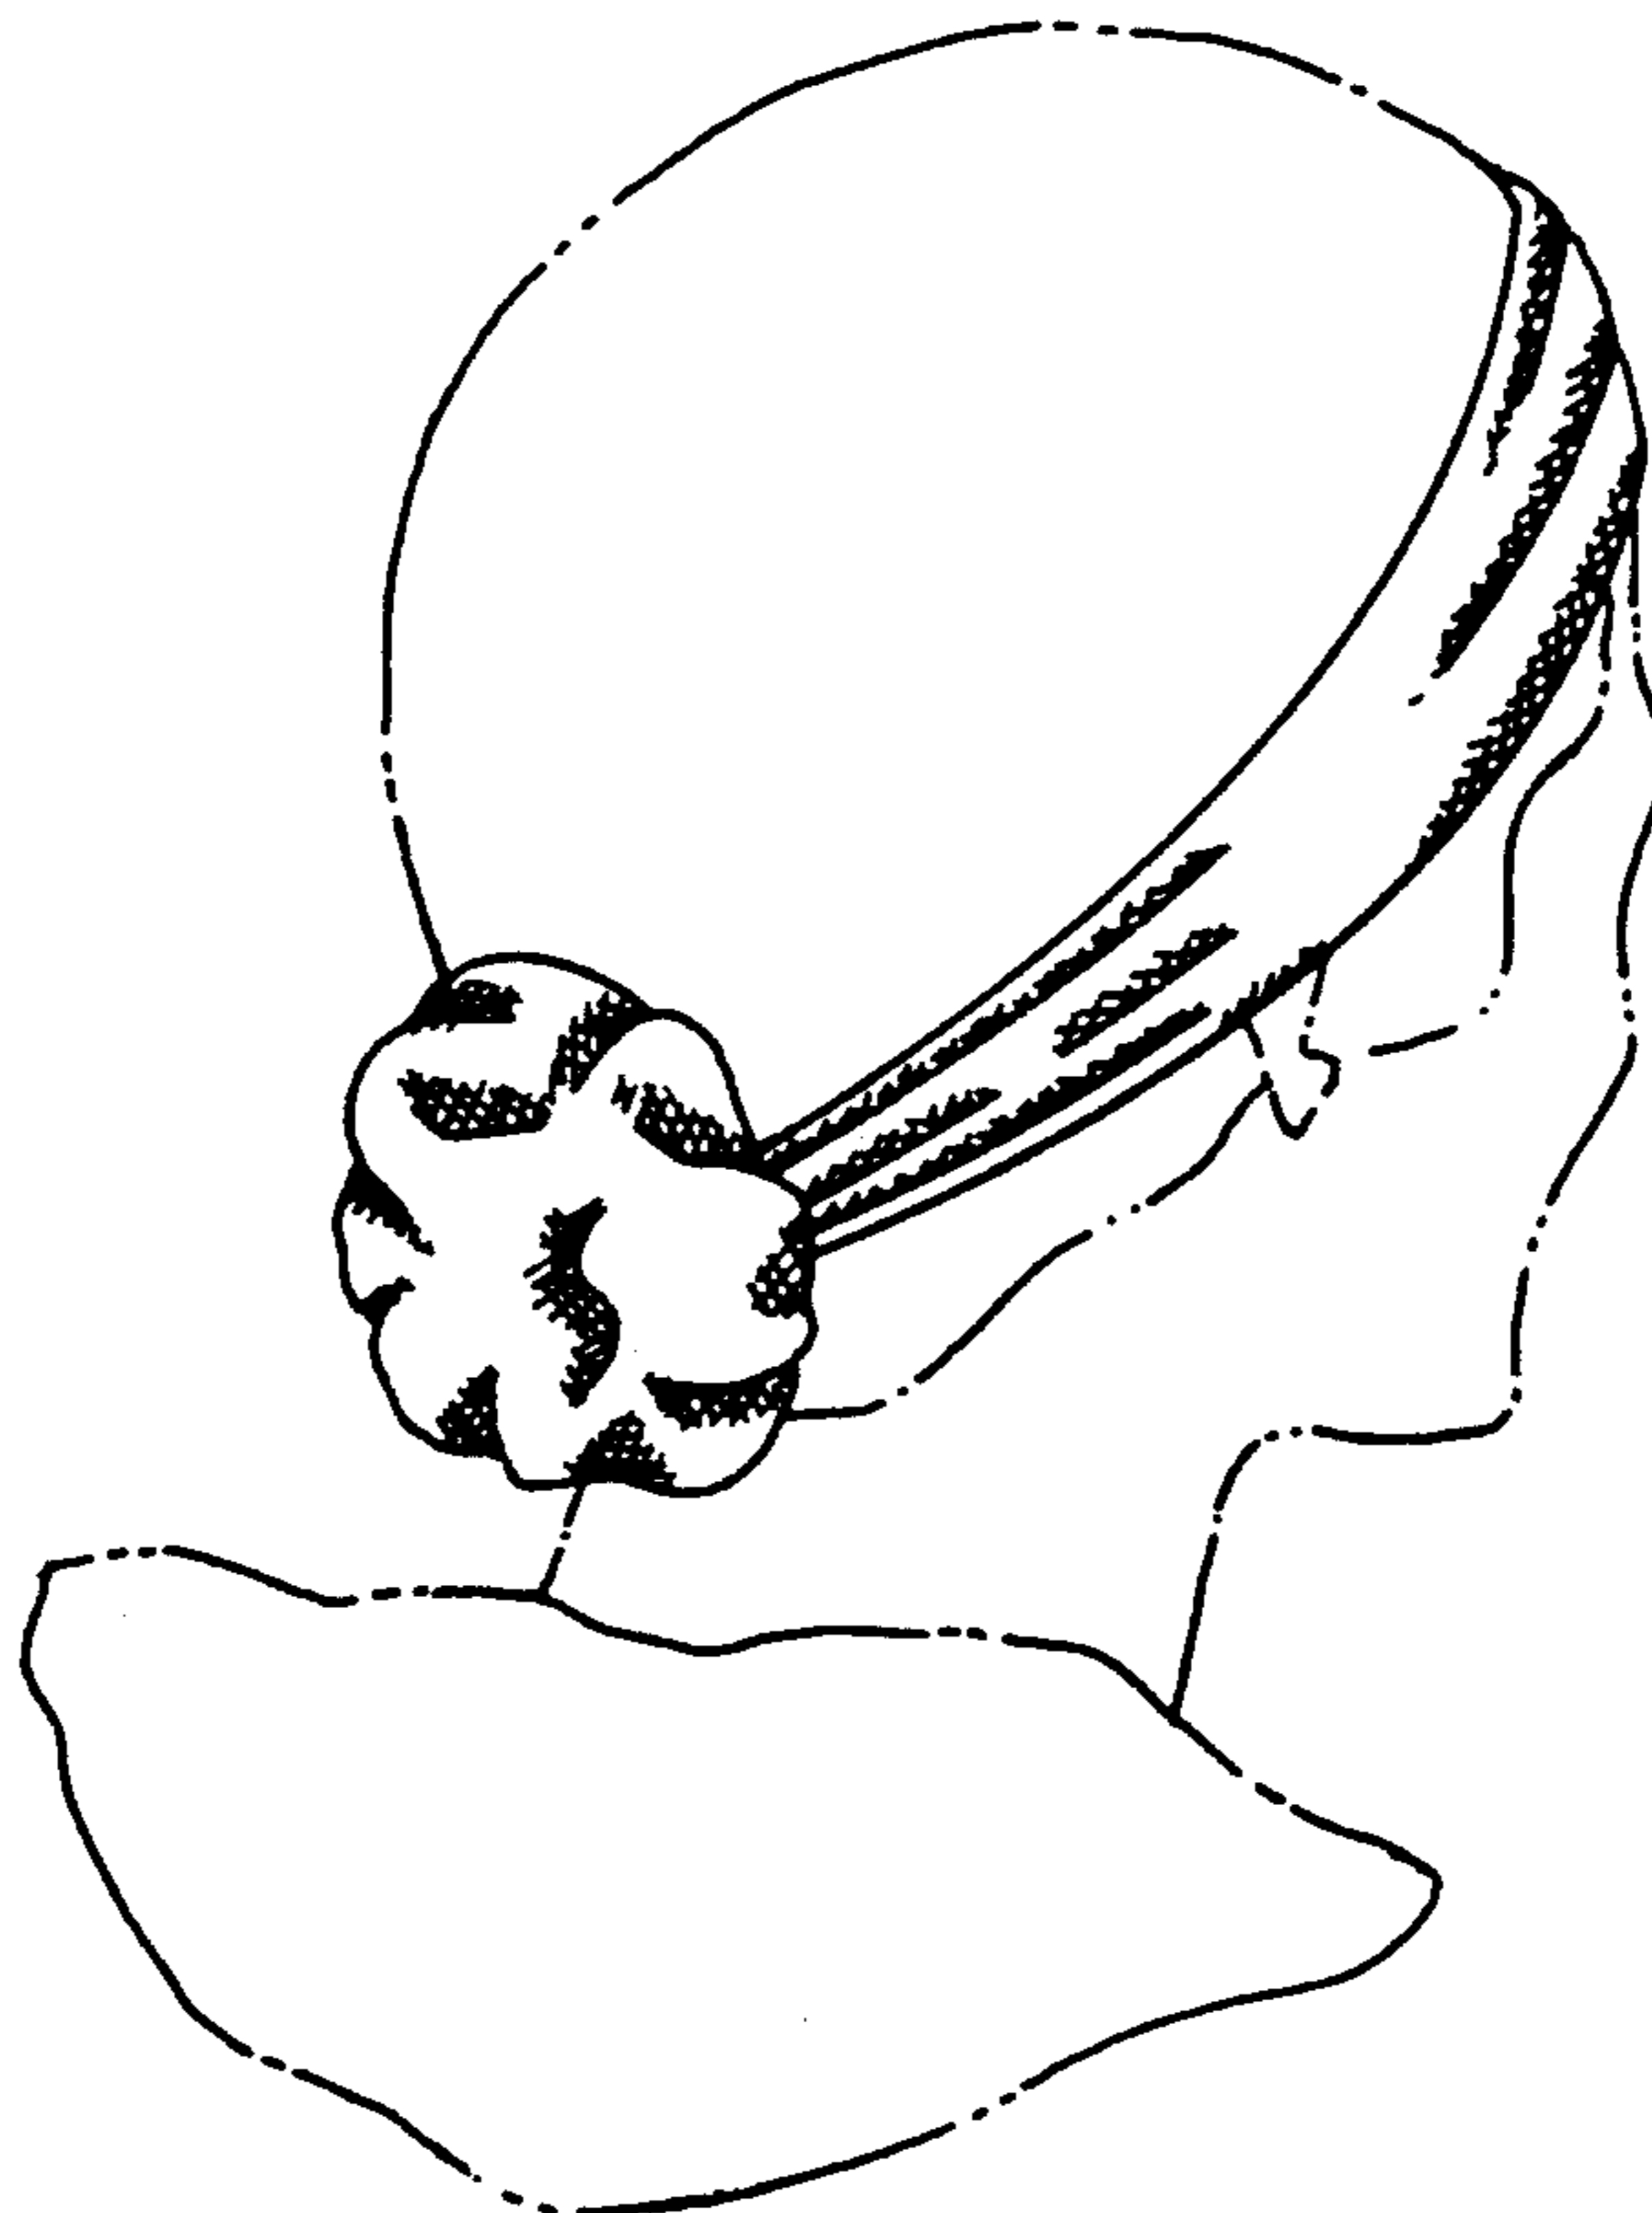

FIG. 4 is a front perspective view thereof, the bottom being a mirror image;

FIG. 5 is a rear perspective view of a third embodiment of a combined headband and ponytail holder showing my new design, the difference being the ruffled headband, the broken lines are for illustrative purposes;

FIG. 6 is a front perspective view the bottom perspective view being a mirror image;

FIG. 7 is a rear perspective view of a fourth embodiment of a combined headband and ponytail holder showing my new design, the difference being the braided headband, the broken lines are for illustrative purposes; and,

FIG. 8 is a front perspective view the bottom perspective view being a mirror image.

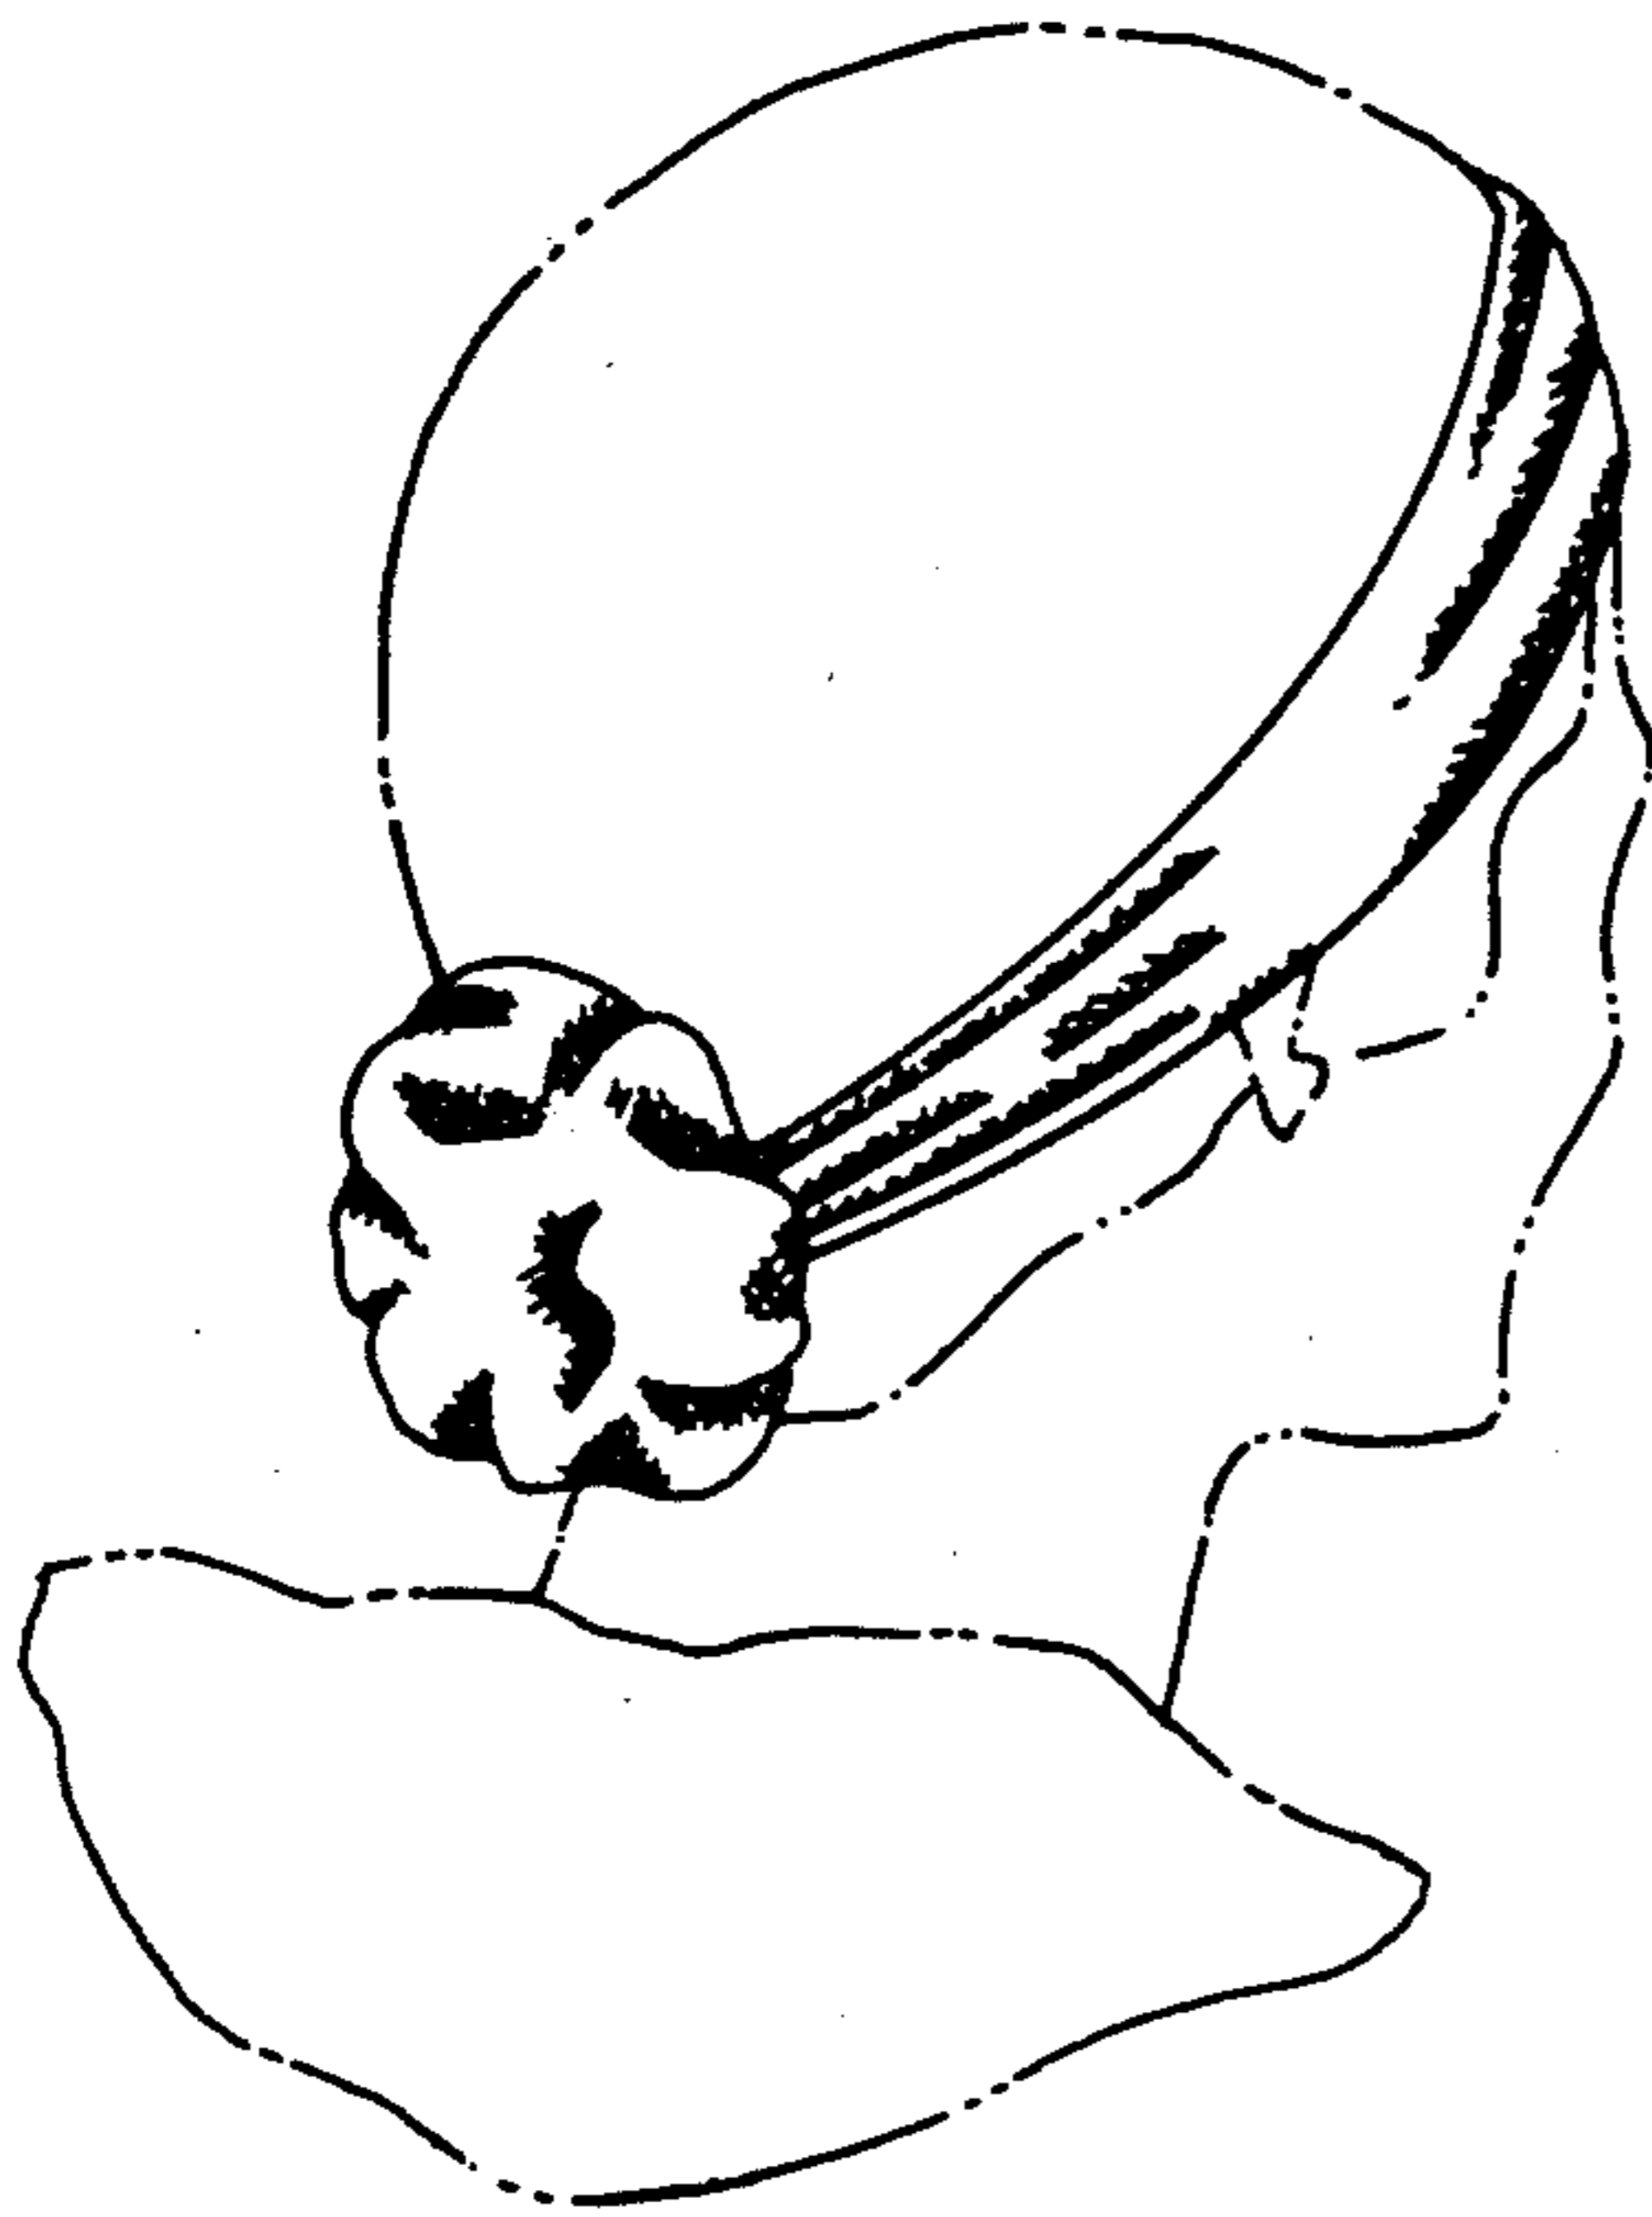

FIG. 1
