[57] **CLAIM**

The ornamental design for a communication system display module, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a communication system display module showing my new design, the broken line showing of a support surface being for illustrative purposes only;

FIG. 2 is a front elevational view;

FIG. 3 is a side elevational view, the opposite side being a mirror image thereof; and,

FIG. 4 is an end elevational view, the opposite end being a mirror image thereof.

FIG 1

FIG. 3

FIG. 2

FIG. 4
