[21] Appl. No.: **690,086**

[57] CLAIM

The ornamental design for a watch and clock face, as shown and described.

[22] Filed: **Apr. 23, 1991**

DESCRIPTION

[52] U.S. Cl. **D10/126**

The FIGURE is a top plan view of a watch and clock face showing my new design, the rear being plain and unornamented. The watch and clock face is conventionally of no appreciable thickness.
