[57]

The ornamental design for a modular computer terminal desk, as shown and described.

CLAIM

DESCRIPTION

FIG. 1 is a front perspective of a four station modular computer terminal desk showing our new design, the opposite side as well as the two lateral side views being mirror images thereof;

FIG. 2 is a bottom plan view thereof;

FIG. 3 is a perspective view of a first alternate two station embodiment of our design; and,

FIG. 4 is a perspective view of a second alternate one station embodiment of our design.

The broken line showings in FIGS. 1, 3 and 4 are for illustrative purposes only and form no part of the claimed design.

The under sides of the embodiments shown in FIGS. 3 and 4 are planar as best shown in FIG. 2.
