[\*\*] Term: **14 Years**

[57] **CLAIM**

[21] Appl. No.: **886,015**

The ornamental design for a consumer article attachable receptacle for maintaining a sensor in an operative position on the article, as shown and described.

[22] Filed: **May 20, 1992**

**DESCRIPTION**

[52] U.S. Cl. .... **D8/332; D16/219**

FIG. 1 is a top, front, and right side perspective view of a consumer article attachable receptacle for maintaining a sensor in an operative position on the article showing our new design, the broken-line disclosure of a sensor and cord being for illustrative purposes only and forming no part of the claimed design; FIG. 2 is a top plan view thereof; FIG. 3 is a front elevational view thereof; FIG. 4 is a rear elevational view thereof; FIG. 5 is a right side elevational view thereof, the left side being a mirror image of that shown; and, FIG. 6 is a bottom plan view thereof.
