[57] CLAIM

The ornamental design for a paper feeder for printer, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a paper feeder for printer according to the present design, the printer and a paper support being illustrated in dashed lines for environmental purposes and forming no part of the present design;

FIG. 2 is a front elevational view of the paper feeder for printer;

FIG. 3 is a top plan view of the paper feeder for printer hereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a right side elevational view thereof, the left side elevational view being a mirror-image thereof; and,

FIG. 7 is a top, front and right side perspective view of the paper feeder hereof.

FIG. 1

FIG. 2

FIG. 3

FIG. 4
