[57] **CLAIM**

The ornamental design for an instrument for determining the arch configuration of a person's eye contour, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of an instrument for determining the arch configuration of a person's eye contour, showing a first embodiment of my new design;
FIG. **2** is a side elevational view thereof, the opposite side elevational view being identical thereto;
FIG. **3** is a top plan view thereof;
FIG. **4** is a bottom plan view thereof;
FIG. **5** is an end view as seen from the left of FIG. **3**;
FIG. **6** is an end view as seen from the right of FIG. **3**;
FIG. **7** is a perspective view of a device for determining the arch configuration of a person's eye contour, showing a second embodiment of my new design;
FIG. **8** is a side elevational view thereof, the opposite side elevational view being identical thereof;
FIG. **9** is a top plan view thereof;
FIG. **10** is a bottom plan view thereof;
FIG. **11** is an end view as seen from the left of FIG. **9**; and,
FIG. **12** is an end view as seen from the right of FIG. **9**.
