[57] CLAIM

The ornamental design for a video telephone station, as shown and described.

DESCRIPTION

FIG. 1 is a top, front and right side perspective view of a video telephone station showing our new design with a video display module in its closed position; FIG. 2 is a top, front and right side perspective view of a video telephone station showing our new design with the video display module in its opened position; FIG. 3 is a top plan view thereof; FIG. 4 is a front elevational view thereof; FIG. 5 is a left side elevational view of the video telephone station, the right side being a mirror image thereof; FIG. 6 is a rear elevational view thereof; and, FIG. 7 is a bottom plan view thereof. The broken line showing of keys, lights, etc. is for illustrative purposes only and forms no part of the claimed design.
