[57] CLAIM

The ornamental design for a night light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view as seen from the top, front and right side of a night light;

FIG. 2 is a perspective view as seen from the top, rear and right side of the night light of FIG. 1;

FIG. 3 is a top plan view thereof;

FIG. 4 is a front elevational view thereof;

FIG. 5 is a right side elevational view thereof, the left side being a mirror image;

FIG. 6 is a rear elevational view;

FIG. 7 is a bottom plan view; and,

FIG. 8 is perspective view similar to FIG. 2 wherein broken lines are for environmental purposes only, and do not constitute a part of the claimed design.

The characteristic features of this design reside in the indentation and opening in the rear surface, the rear indentation having a dimension at least that of a conventional wall plate as shown in FIGS. 2, 6, and 8.

The interior lamp and connector prongs are shown in broken lines in FIGS. 2, 3, 5, 6, 7 and 8 for illustrative purposes only and form no part of the claimed design.
