[57] **CLAIM**

The ornamental design for a lake dock pole, as shown as described.

DESCRIPTION

FIG. 1 is a top, front and left side perspective view of a lake dock pole showing my new design, the rear being

plain and unornamented, the broken lines showing a rope are for illustrative purposes only and form no part of the claimed design;

FIG. 2 is a left side elevational view of a second embodiment of a lake dock pole showing my new design, the lake dock pole being the same as that in FIG. 1 except the second embodiment of the lake dock pole bears no opening for a rope nor a light on its front surface;

FIG. 3 is a front elevational view of a third embodiment of a lake dock pole showing my new design, the lake dock pole being the same as that in FIG. 1 except there is no light on the front of this embodiment of the lake dock pole;

FIG. 4 is a top, rear, and left side perspective view thereof;

FIG. 5 is a top, rear, and left side perspective view of a fourth embodiment of a lake dock pole showing my new design, the front being plain and unornamented;

FIG. 6 is a top, rear, and left side perspective view of a fifth embodiment of a lake dock pole showing my new design, the front being plain and unornamented;

FIG. 7 is a rear elevational view of a sixth embodiment of a lake dock pole showing my new design, the top, sides, and front being identical to the embodiment in FIG. 4; and,

FIG. 8 is a top plan view of the lake dock pole in FIG. 6.

The bottom of the lake dock pole being plain and unornamented.
