[57] CLAIM

The ornamental design for a watchband for attachment to a belt, as shown and described.

DESCRIPTION

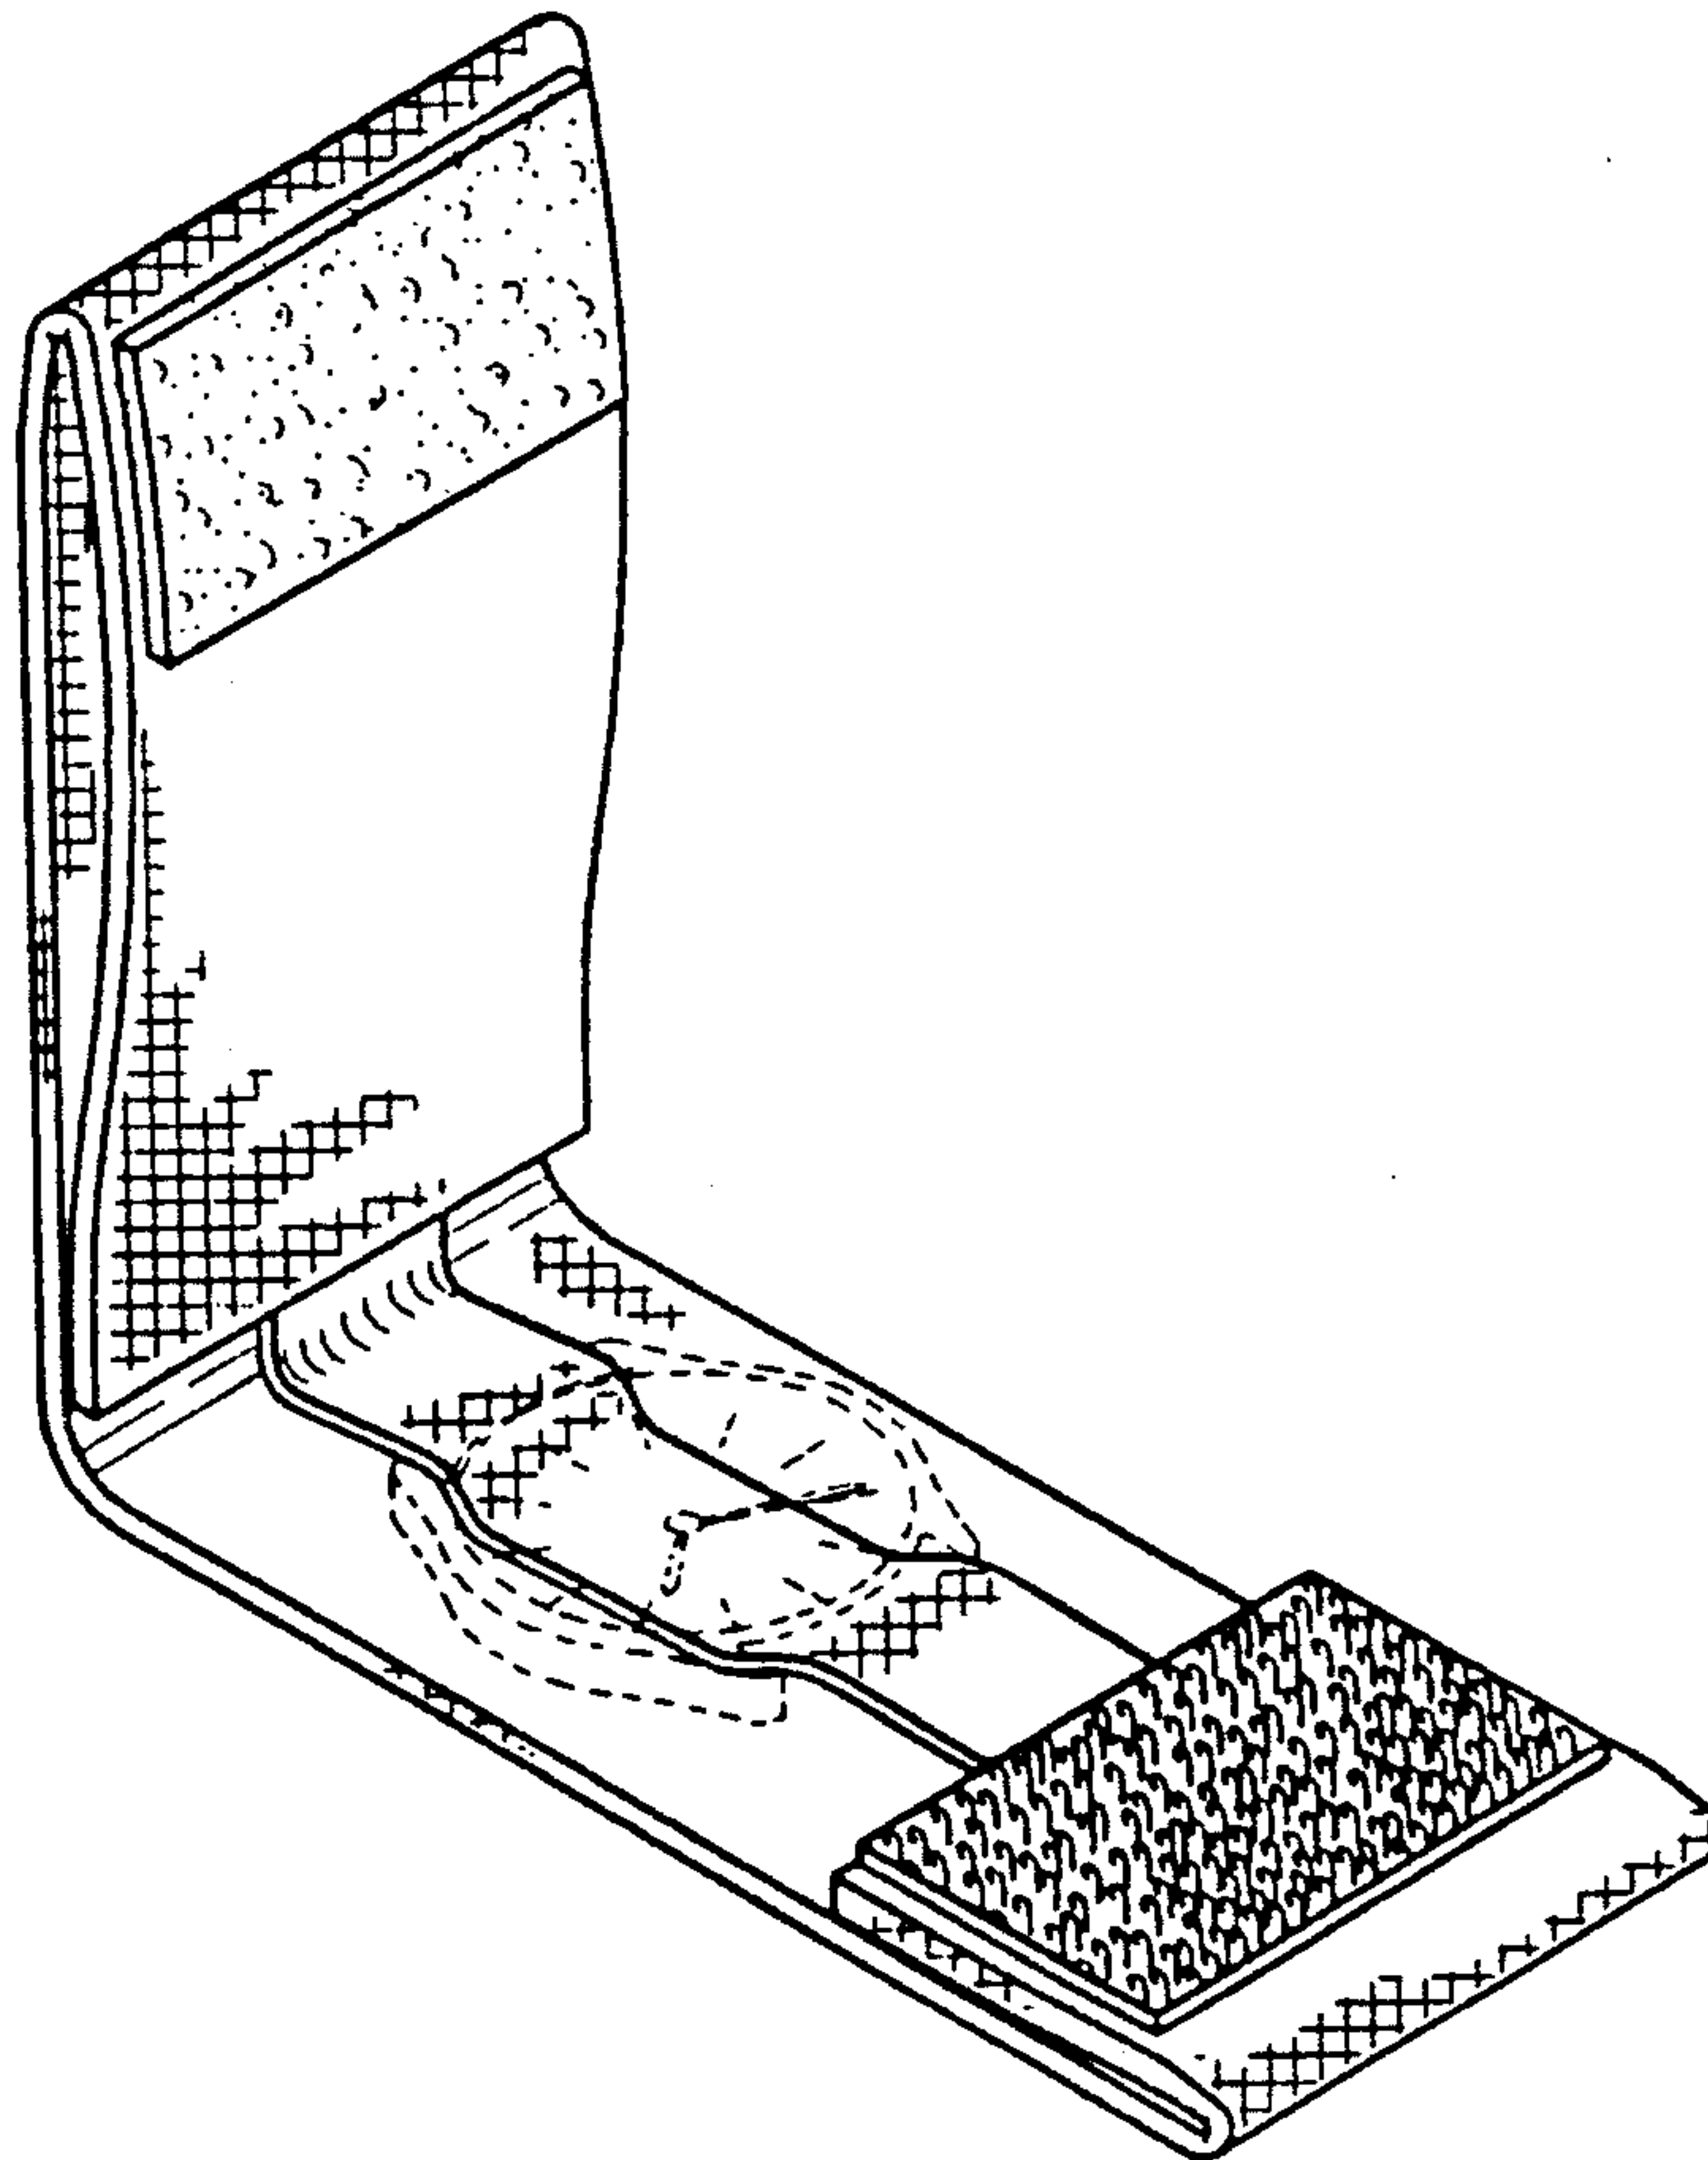

FIG. 1 is a perspective view showing the inner surface and left side of the watchband for securing to a wearer's belt of the present invention;

FIG. 2 is a perspective view of the rear and right side thereof;

FIG. 3 is a perspective view of the watchband of FIG. 1 in a closed configuration; and,

FIG. 4 is a perspective view showing the inner surface and left side of the watchband for securing to a wearer's belt of the present invention.

The broken line showing of a watch face is for illustrative purposes only and forms no part of the claimed design.
