[57] CLAIM

The ornamental design for safety goggles, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of safety goggles showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right side elevation view thereof, the left side elevation being a mirror image thereof;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a rear elevational view thereof; and,

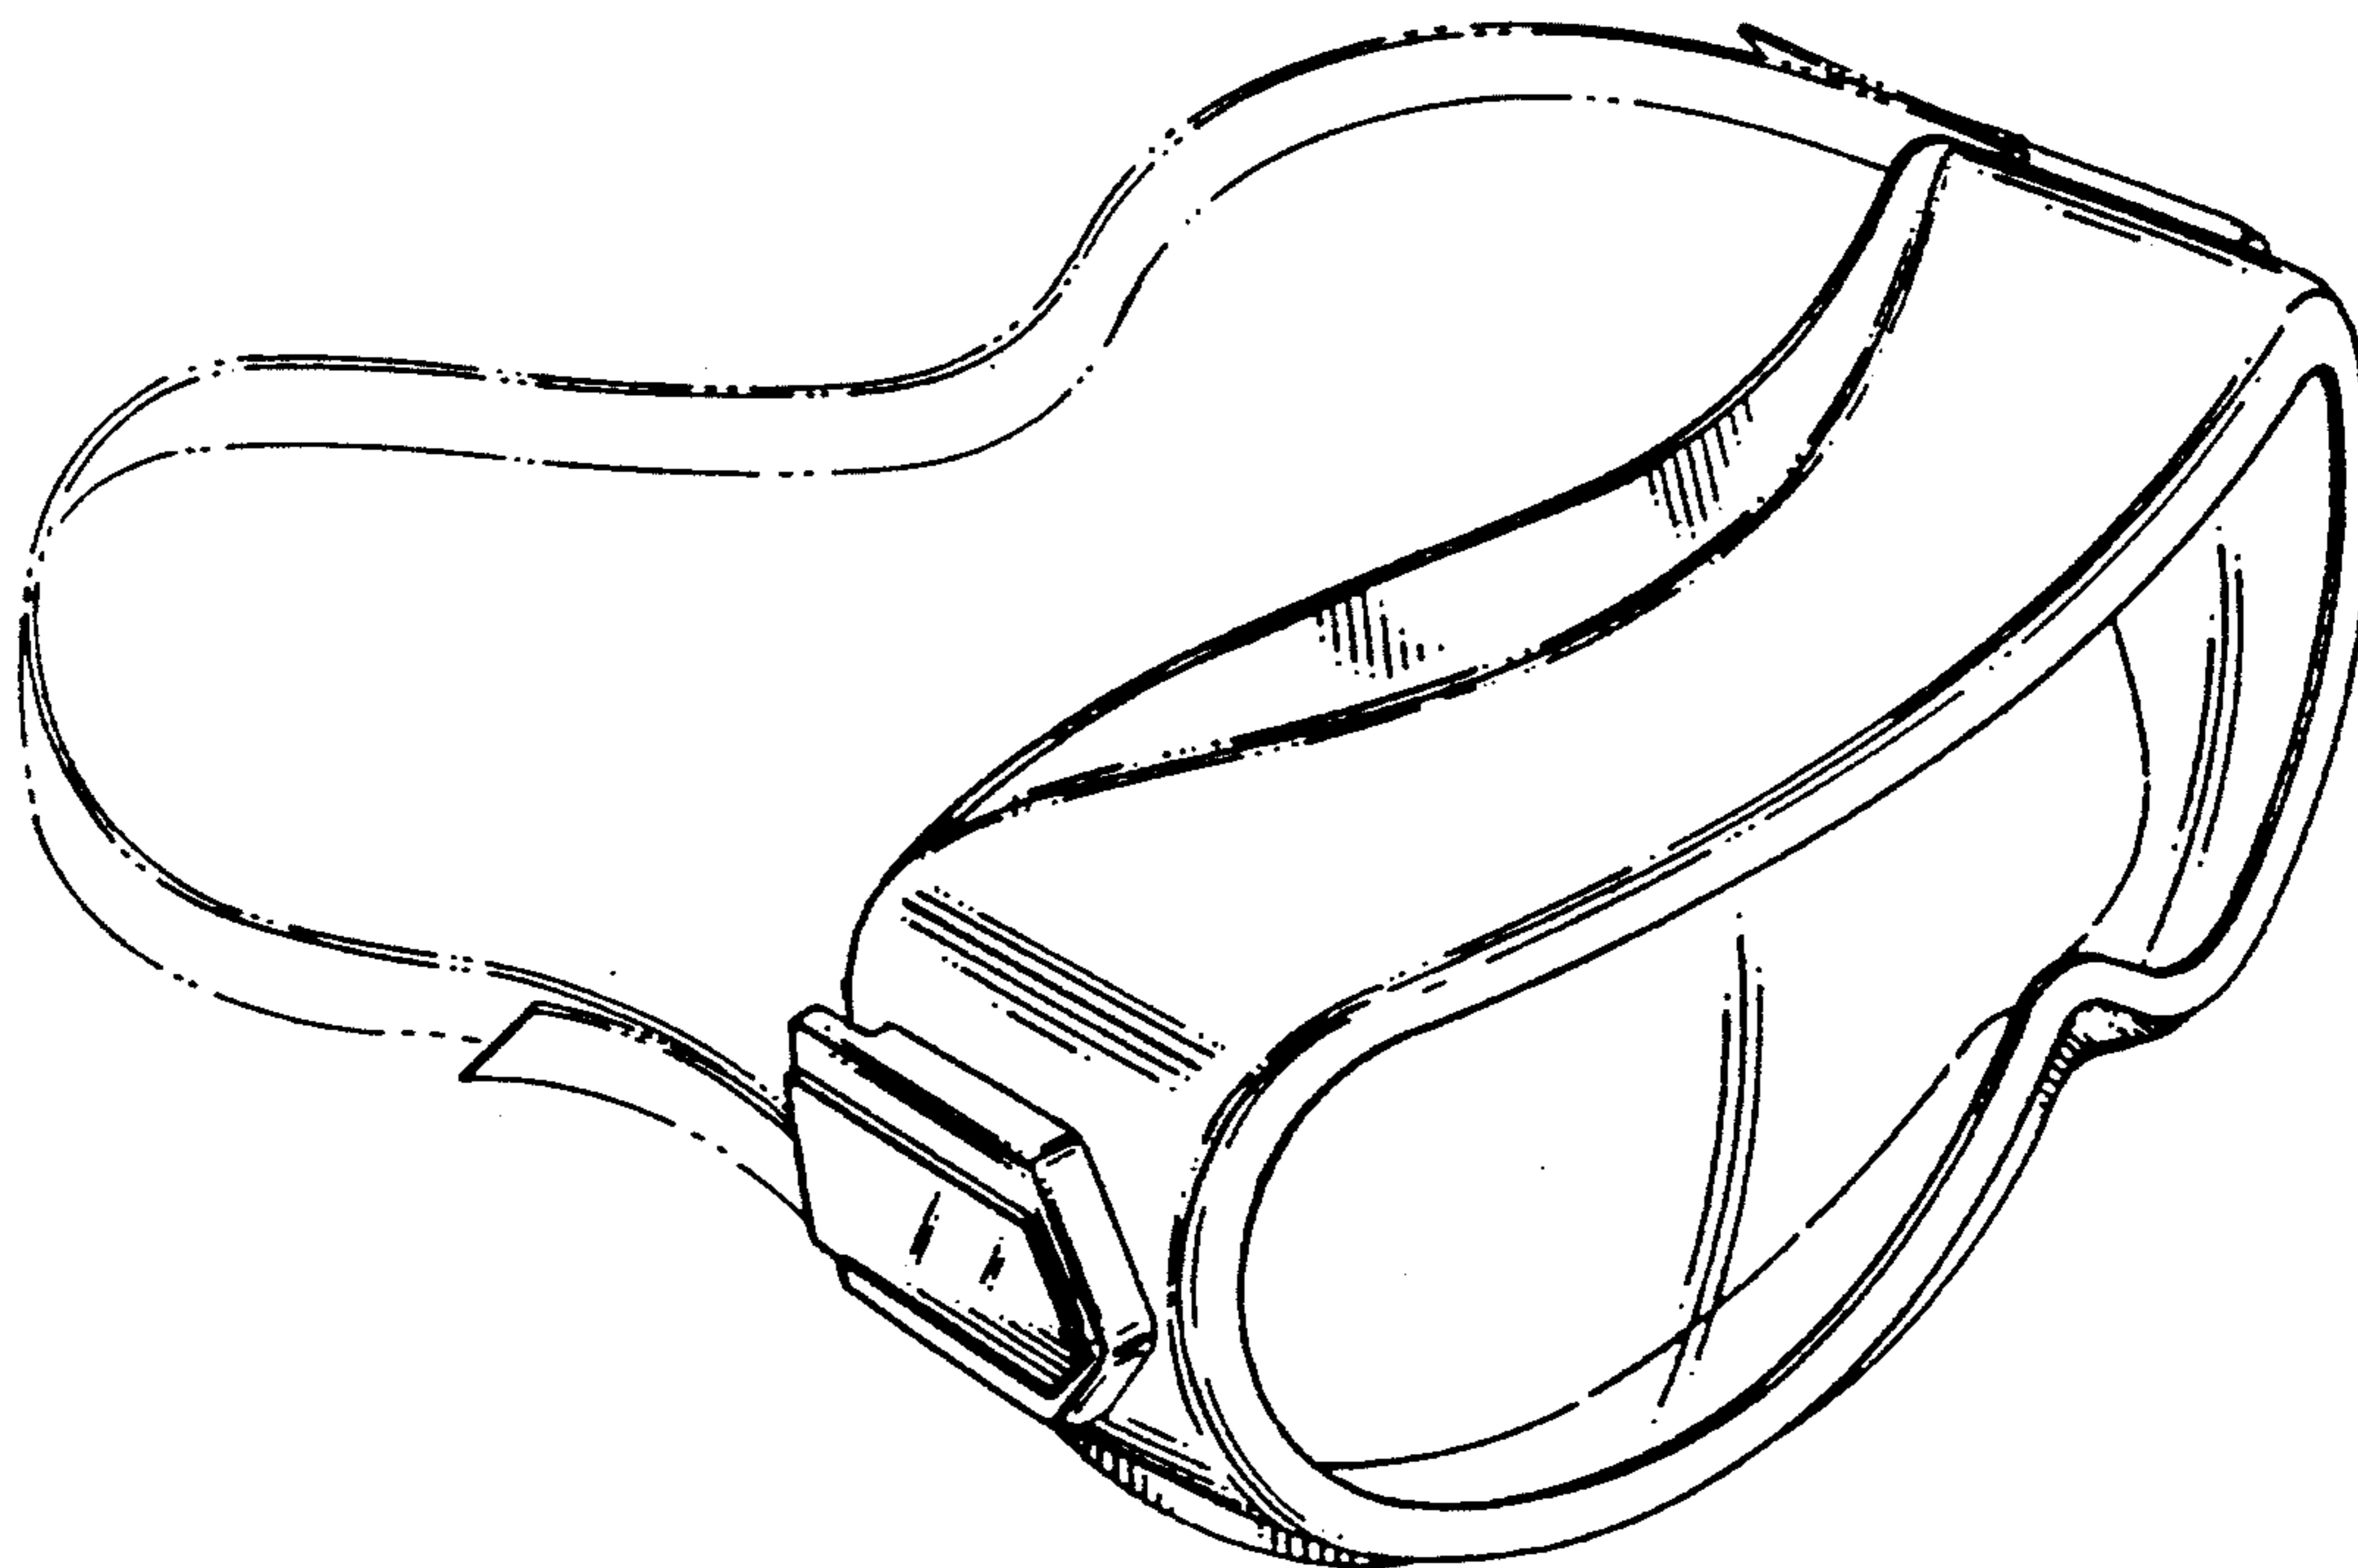

FIG. 7 is a perspective view thereof, the broken line showing of the head strap being for illustrative purposes only and forms no part of the claimed design.

The characteristic feature of the design resides in the ornamental appearance of the strap retainer as shown in combination with the safety goggles of FIG. 1, FIG. 3 and FIG. 7.
