## [57] CLAIM

The ornamental design for a recording medium storing case, as shown and described.

## DESCRIPTION

FIG. 1 is a perspective view of a recording medium storing case showing my new design;

FIG. 2 is a front elevational view of the recording medium storing case shown in FIG. 1;

FIG. 3 is a rear side view of the recording medium storing case;

FIG. 4 is a top plan view of the recording medium storing case;

FIG. 5 is a left side view of the recording medium storing case;

FIG. 6 is a front elevational view of the recording medium storing case with the right side of the case being opened;

FIG. 7 is a top plan view of the case in the condition shown in FIG. 6;

FIG. 8 is a rear side view of the case in the condition shown in FIG. 6;

FIG. 9 is a front elevational view of FIG. 6 slightly rotated in a clockwise direction;

FIG. 10 is a front elevational view with the left side being opened;

FIG. 11 is a top plan view of the case with the condition shown in FIG. 10;

FIG. 12 is a front elevational view of FIG. 10 slightly rotated, in a clockwise direction;

FIG. 13 is a perspective view of the case in a fully extended position;

FIG. 14 is a front elevational view of the case in the condition shown in FIG. 13;

FIG. 15 is a top plan view of the case in the condition shown in FIG. 14;

FIG. 16 is a sectional view taken on line 16—16 of FIG. 14, the central portion being shown;

FIG. 17 is a perspective view shown with the right side being open;

FIG. 18 is a perspective view of the case with the left side being shown open; and,

FIG. 19 is a front view of the case in the condition shown in FIG. 17.
