[57] **CLAIM**

The ornamental design for an intraocular lens folder, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a first embodiment of our new design for an intraocular lens folder showing the upper and left side from the handle end;

FIG. **2** is a top plan view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **3** is a bottom plan view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **4** is a head end elevational view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **5** is a handle end elevational view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **6** is a left side elevational view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **7** is a right side elevational view of the intraocular lens folder illustrated in FIG. **1**;

FIG. **8** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **1** taken along line **8—8** in FIG. **2**;

FIG. **9** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **1** taken along line **9—9** in FIG. **2**;

FIG. **10** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **1** taken along line **10—10** in FIG. **3**;

FIG. **11** is a perspective view, similar to FIG. **1**, of a second embodiment of our new design for an intraocular lens folder showing the upper and left side from the handle end;

FIG. **12** is a top plan view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **13** is a bottom plan view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **14** is a head end elevational view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **15** is a handle end elevational view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **16** is a left side elevational view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **17** is a right side elevational view of the intraocular lens folder illustrated in FIG. **11**;

FIG. **18** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **11** taken along line **18—18** in FIG. **12**;

FIG. **19** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **11** taken along line **19—19** in FIG. **12**; and,

FIG. **20** is a cross-sectional view of the intraocular lens folder illustrated in FIG. **11** taken along line **20—20** in FIG. **13**.
