[57] CLAIM

The ornamental design for an embossed card package production system, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the preferred embodiment of the embossed card package production system of the present invention;

FIG. 2 is a front side view of the embossed card package production system of FIG. 1;

FIG. 3 is a plan view of the embossed card package production system of FIG. 1;

FIG. 4 is a left side view of the embossed card package production system of FIG. 1;

FIG. 5 is a right side view of the embossed card package production system of FIG. 1; and,

FIG. 6 is a back side view of the embossed card package production system of FIG. 1.
