[57] **CLAIM**

The ornamental design for a outer surface of a set of doors for an electronic equipment cabinet, as shown and described.

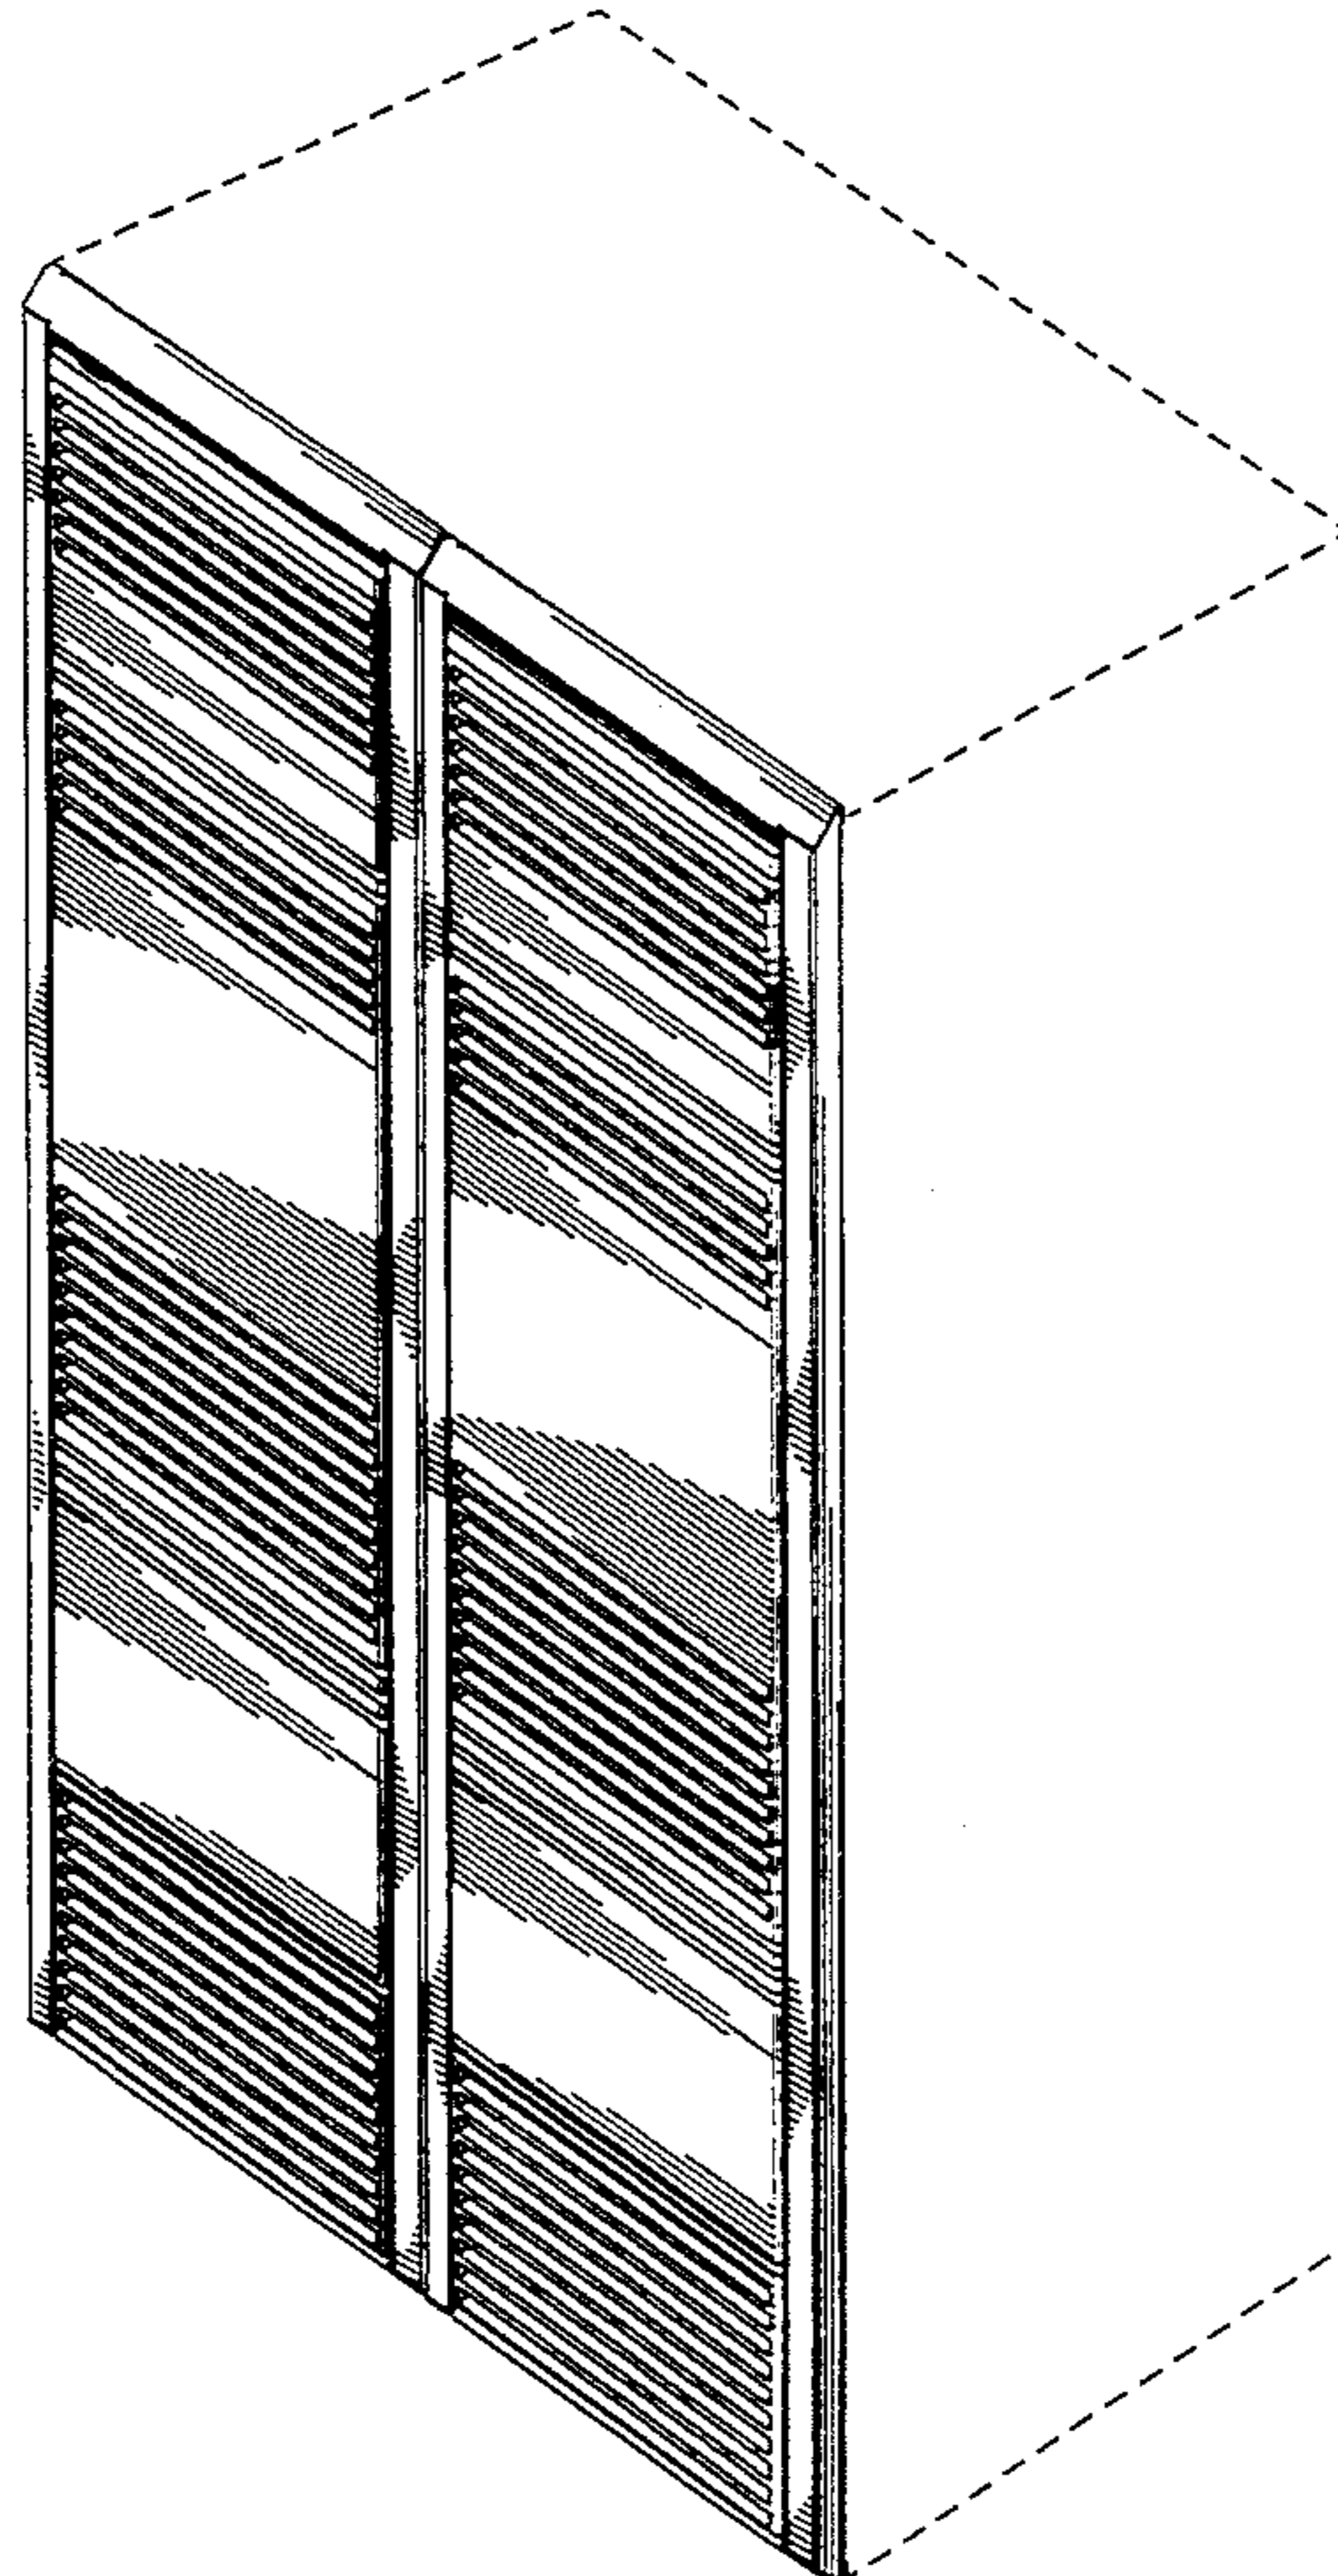

**DESCRIPTION**

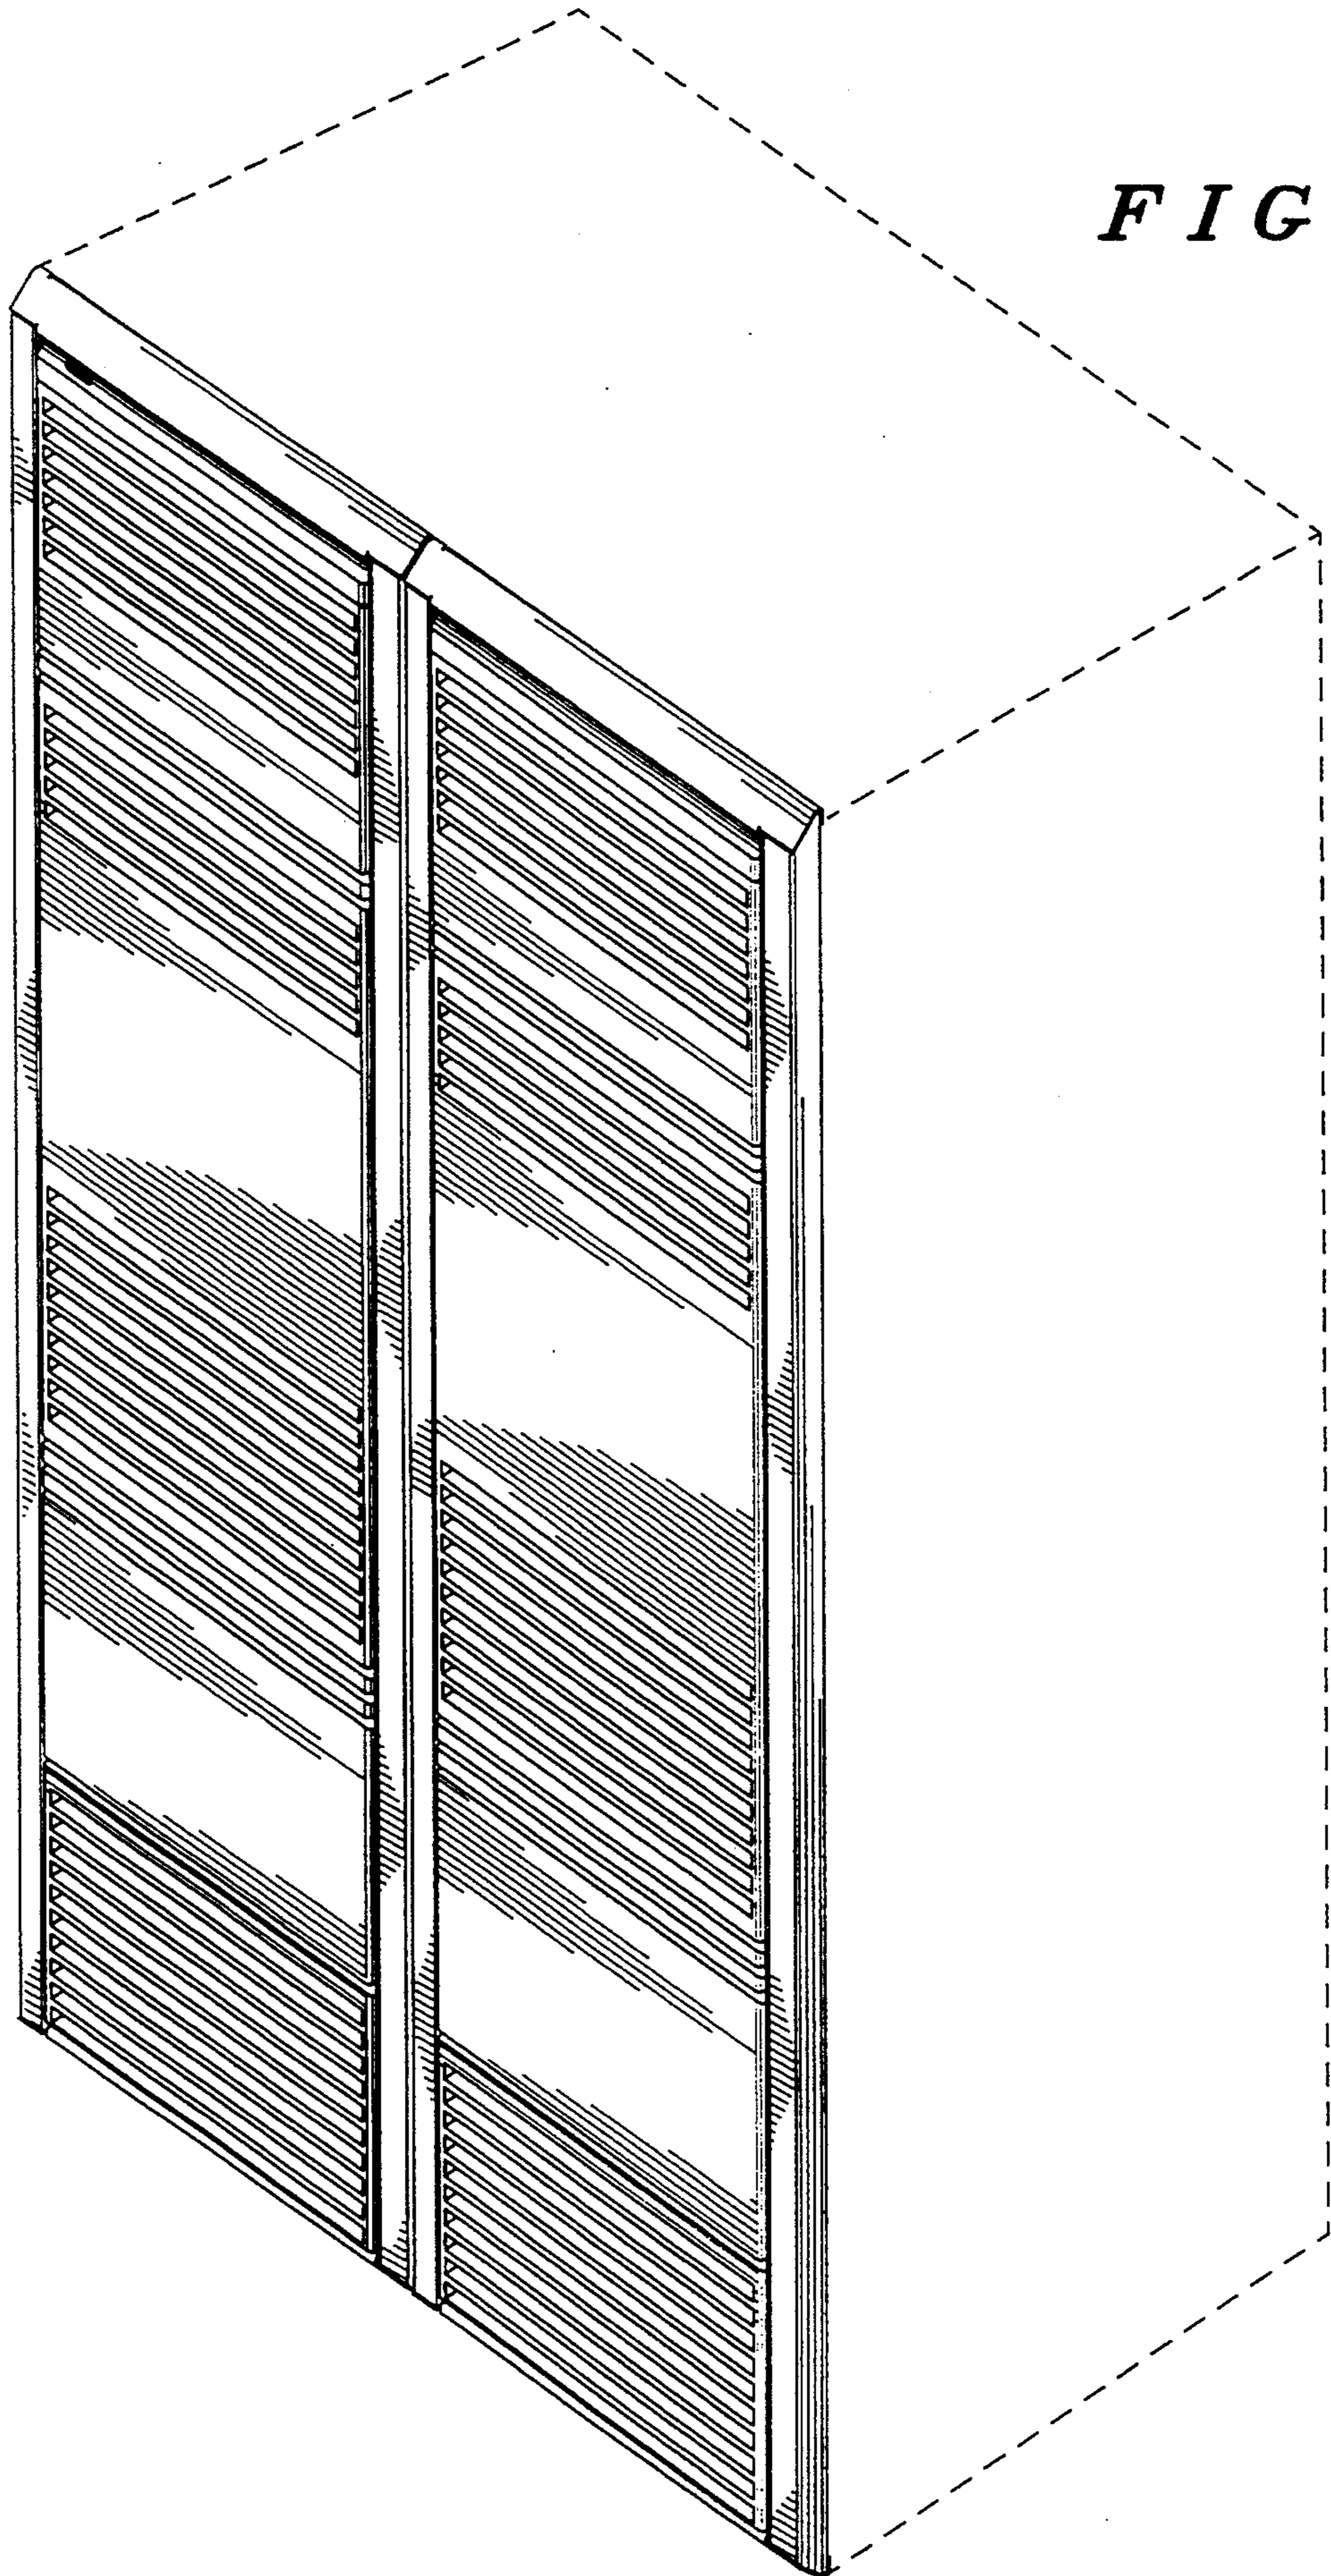

FIG. 1 is a front, top and right side perspective view showing our new design for the outer surface of a set of doors for an electronic equipment cabinet with the broken line matter being for the purpose of illustrating environmental elements only and forming no part of the claimed design;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a top plan view thereof, the bottom plan view being the same; and,

FIG. 4 is a front, top and right side perspective view showing a second embodiment of our new design for the outer surface of a door for a set of doors for an electronic equipment cabinet with the broken line matter being for the purpose of illustrating environmental elements only and forming no part of the claimed design. The plan and side elevational views are the same as the first embodiment.
