DESCRIPTION

FIG. 1 is a front and upper right perspective of a socket for mounting a printed circuit board module showing my new design. The broken line showing of the module is included for the purpose of illustrating environmental elements only and forms no part of the claimed design; FIG. 2 is a front elevational view thereof; FIG. 3 is a top plan view thereof; FIG. 4 is a bottom plan view thereof; FIG. 5 is a left side elevational view thereof, the right side elevational view thereof being the same; and, FIG. 6 is a rearview thereof.
