[57] **CLAIM**

The ornamental design for a transit recycling bin, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a transit recycling bin with the door in an open position showing my new design;
 FIG. 2 is a front elevational view with the door in an open position;
 FIG. 3 is a left side elevational view with the door in an open position;
 FIG. 4 is a rear elevational view of the present invention;
 FIG. 5 is a right side elevational view with the door in an open position;
 FIG. 6 is a top plan view with the door in an open position;
 FIG. 7 is a bottom plan view with the door in an open position;
 FIG. 8 is an isometric view with the door in a closed position; and,
 FIG. 9 is a front elevational view with the door in a closed position.
