[57] **CLAIM**

The ornamental design for a bracelet, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view showing our new design; FIG. 2 is a left side elevational view thereof (the right side elevational view being a mirror image thereof); FIG. 3 is a bottom plan view thereof; FIG. 4 is an end view of one of the links of the bracelet in accordance with our invention; and, FIG. 5 is a perspective view of the bracelet as it would appear on a wrist or ankle, only two links of the bracelet being shown for ease of illustration, the broken line showing illustrates the length of the article in this configuration only and forms no part of the claimed design. The broken line showing of clasp elements on either side of the bracelet in FIGS. 1-3 is for illustrative purposes only and forms no part of the claimed design.
