[57] **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a tire showing our new design, it being understood that the opposite side is the same as that shown;

FIG. 2 is an enlarged fragmentary plan view of the tread pattern shown in FIG. 1;

FIG. 3 is a perspective view of a tire showing a second embodiment of our new design, it being understood that the opposite side is the same as that shown;

FIG. 4 is an enlarged fragmentary plan view of the tread pattern shown in FIG. 3; and,

FIG. 5 is an enlarged fragmentary plan view of the tread pattern of a tire showing a third embodiment of our new design, it being understood that the sides are substantially the same as those of the first and second embodiments shown in FIGS. 1 and 3 respectively.

The tread pattern is understood to be repeated throughout the circumference of all three embodiments of the tire as best illustrated in FIGS. 1 and 3 of the drawing.
