[57] CLAIM

The ornamental design for a set of transparent Christmas lights, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the set of transparent Christmas lights in accordance with the invention; FIG. 2 is a front view of the light strip portion of the set of transparent Christmas lights of the present invention wherein silver colored wires are enclosed in a transparent sheath; FIG. 3 is a top plan view thereof; FIG. 4 is a right side view of the control housing with a portion of the attached light strip; FIG. 5 is a rear view of the control housing with a portion of the attached light strip; and, FIG. 6 is a bottom plan view of the control housing with a portion of the attached light strip. The control unit is omitted from FIG. 2 for the convenience of illustration. The cross-hatching is partially shown on the top surface of the control for convenience of illustration, it being understood that the cross-hatching is uniformly continuous over said surface.

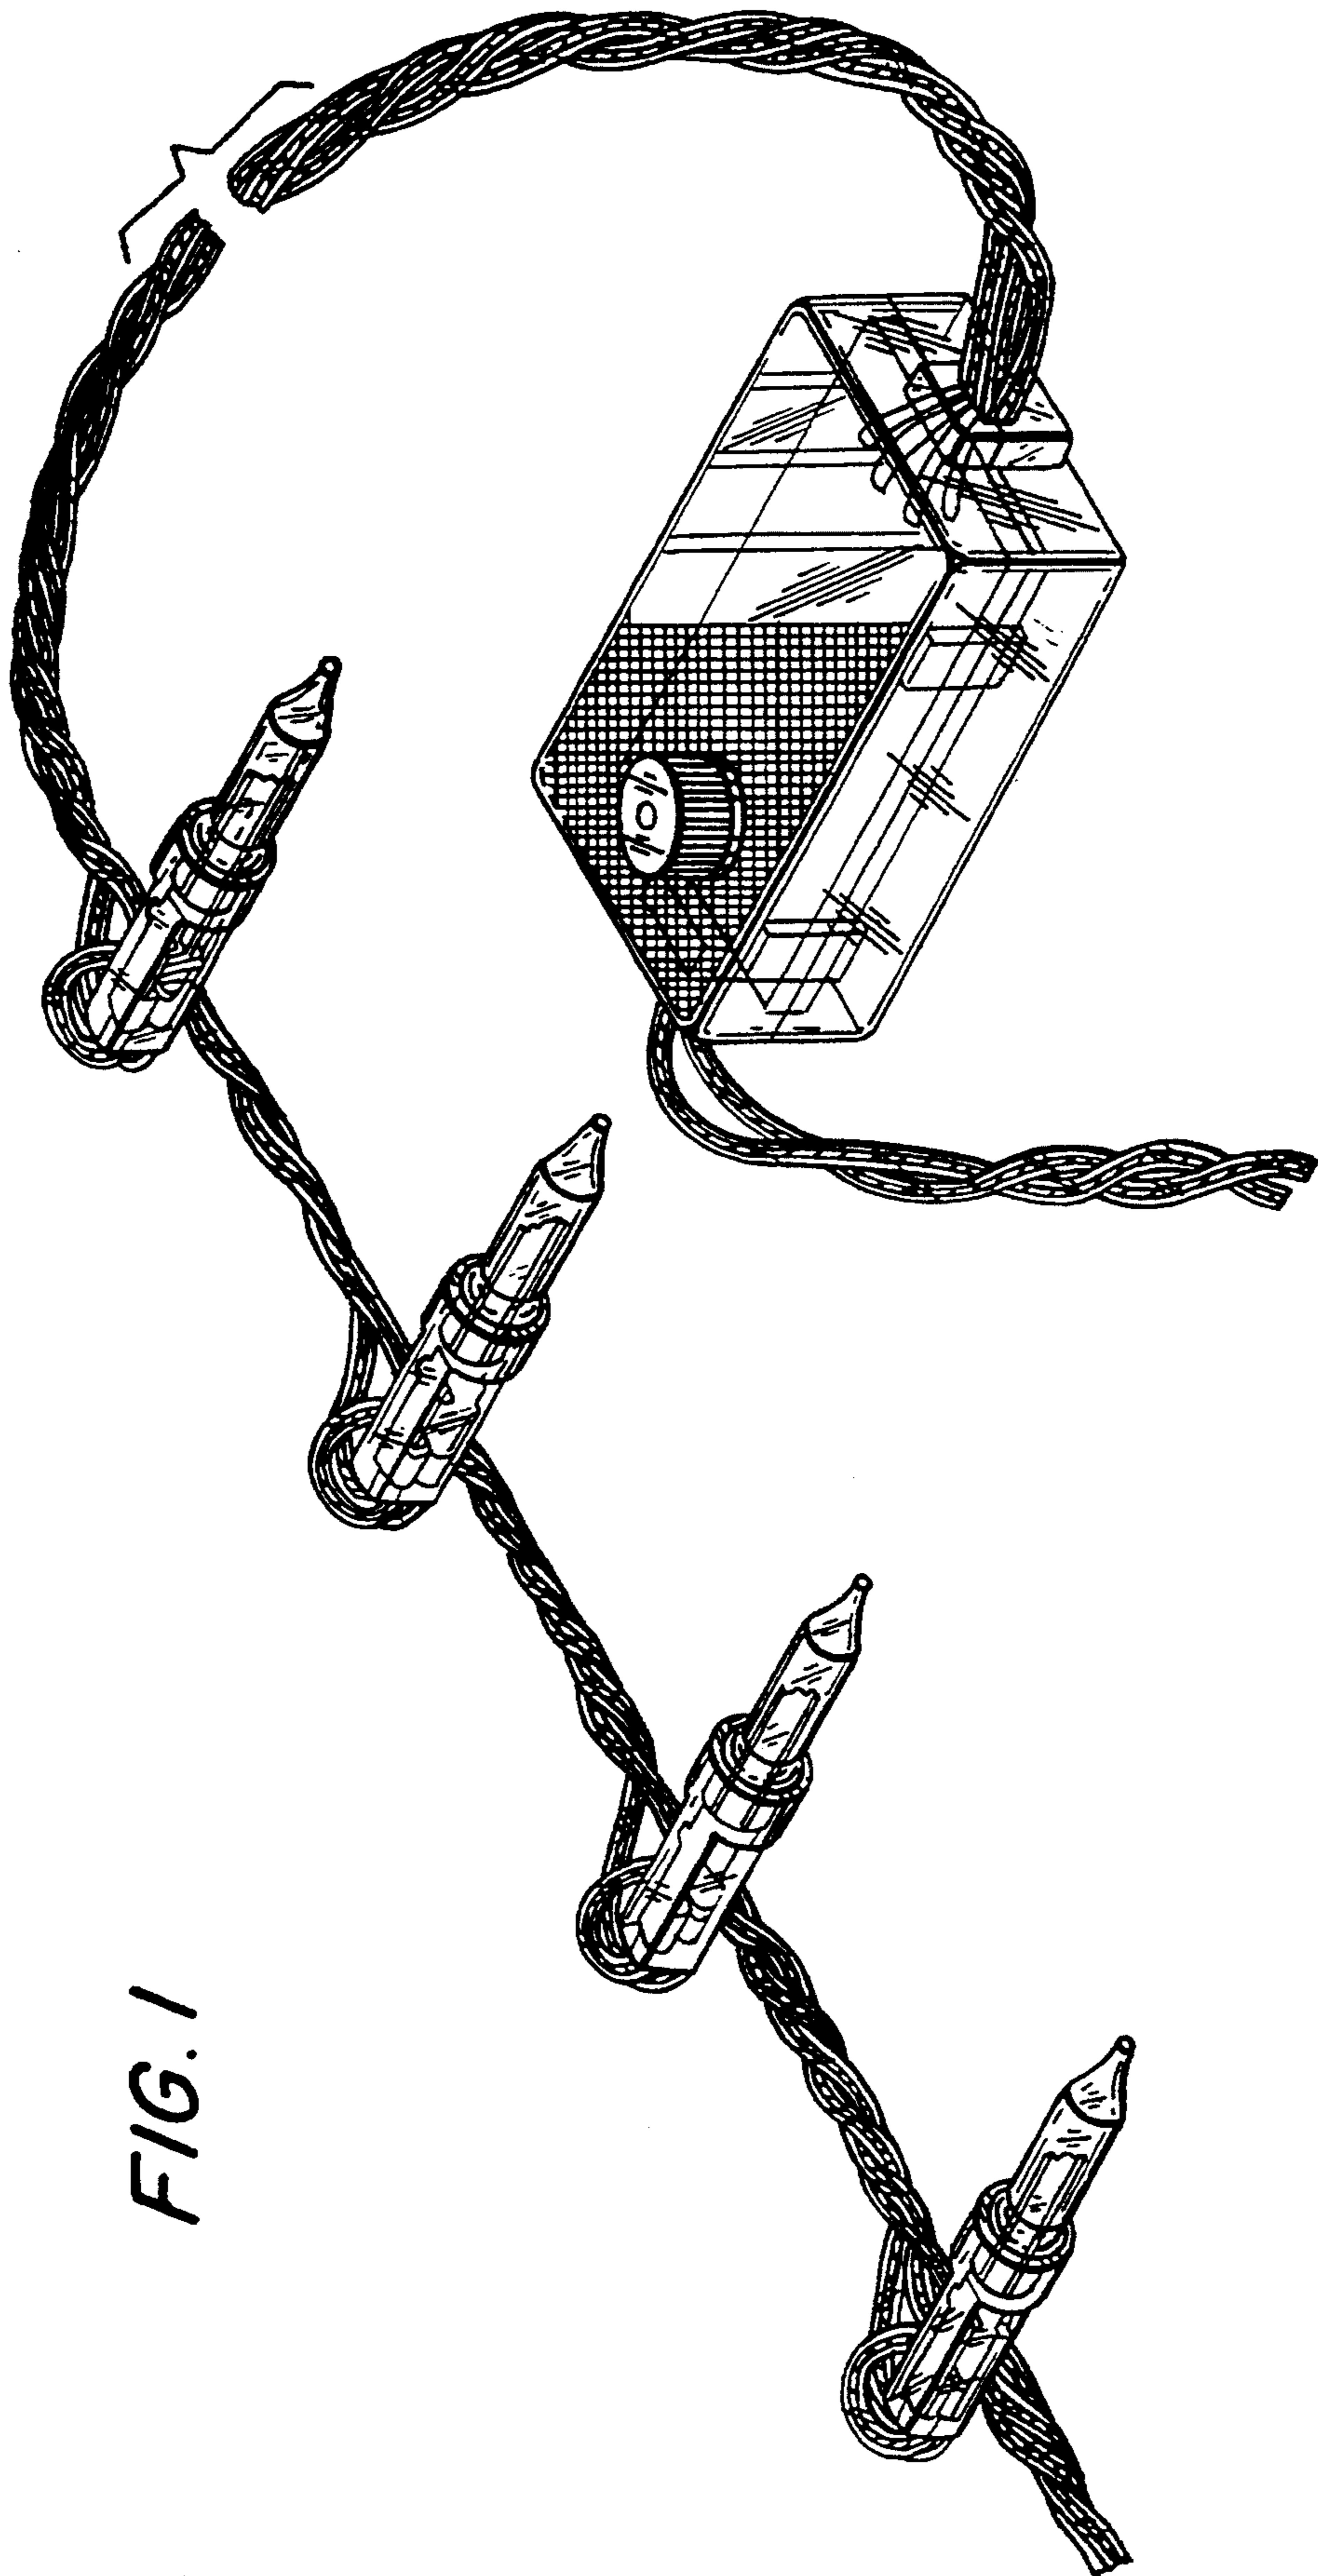

FIG. 1

FIG. 2

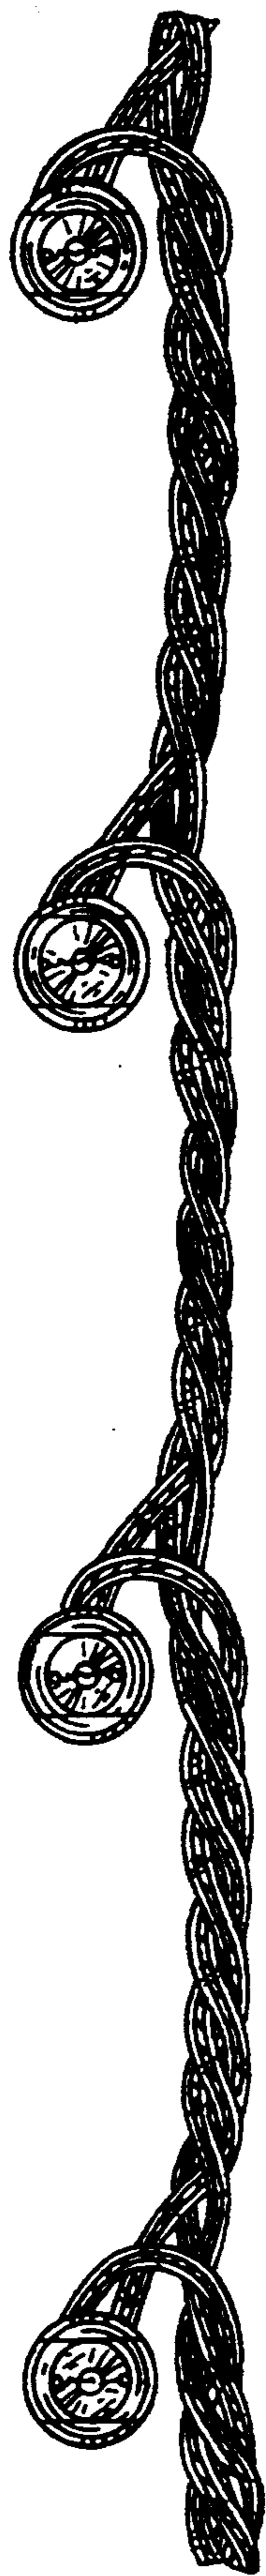

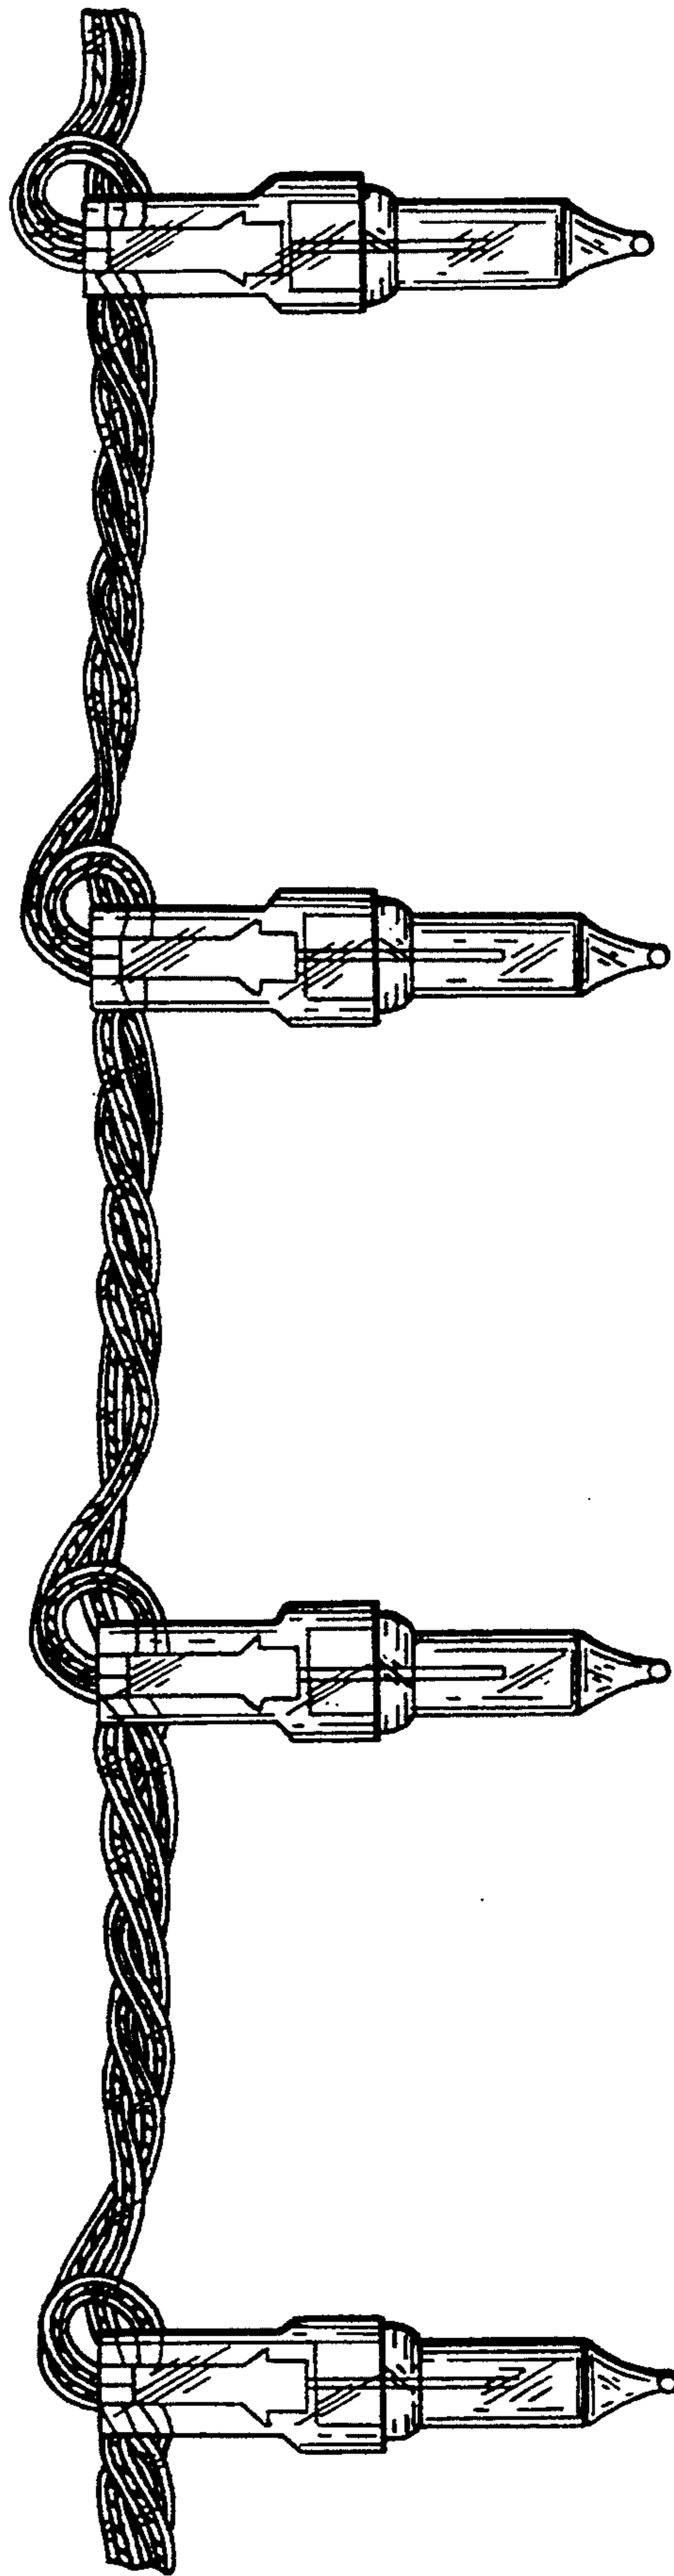

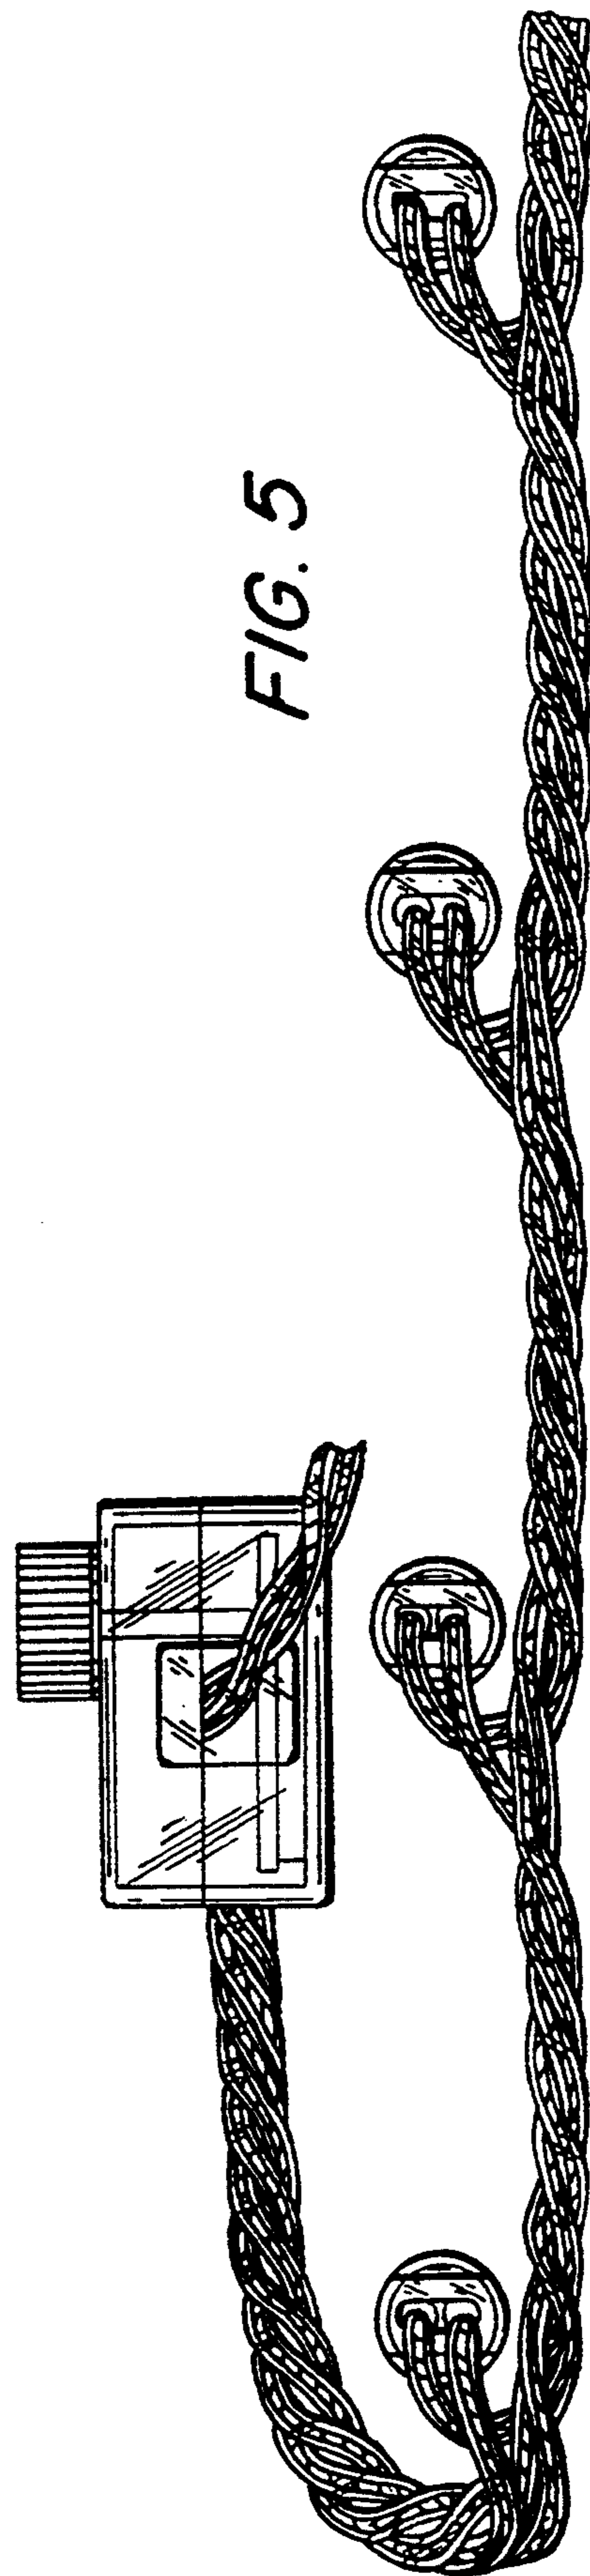

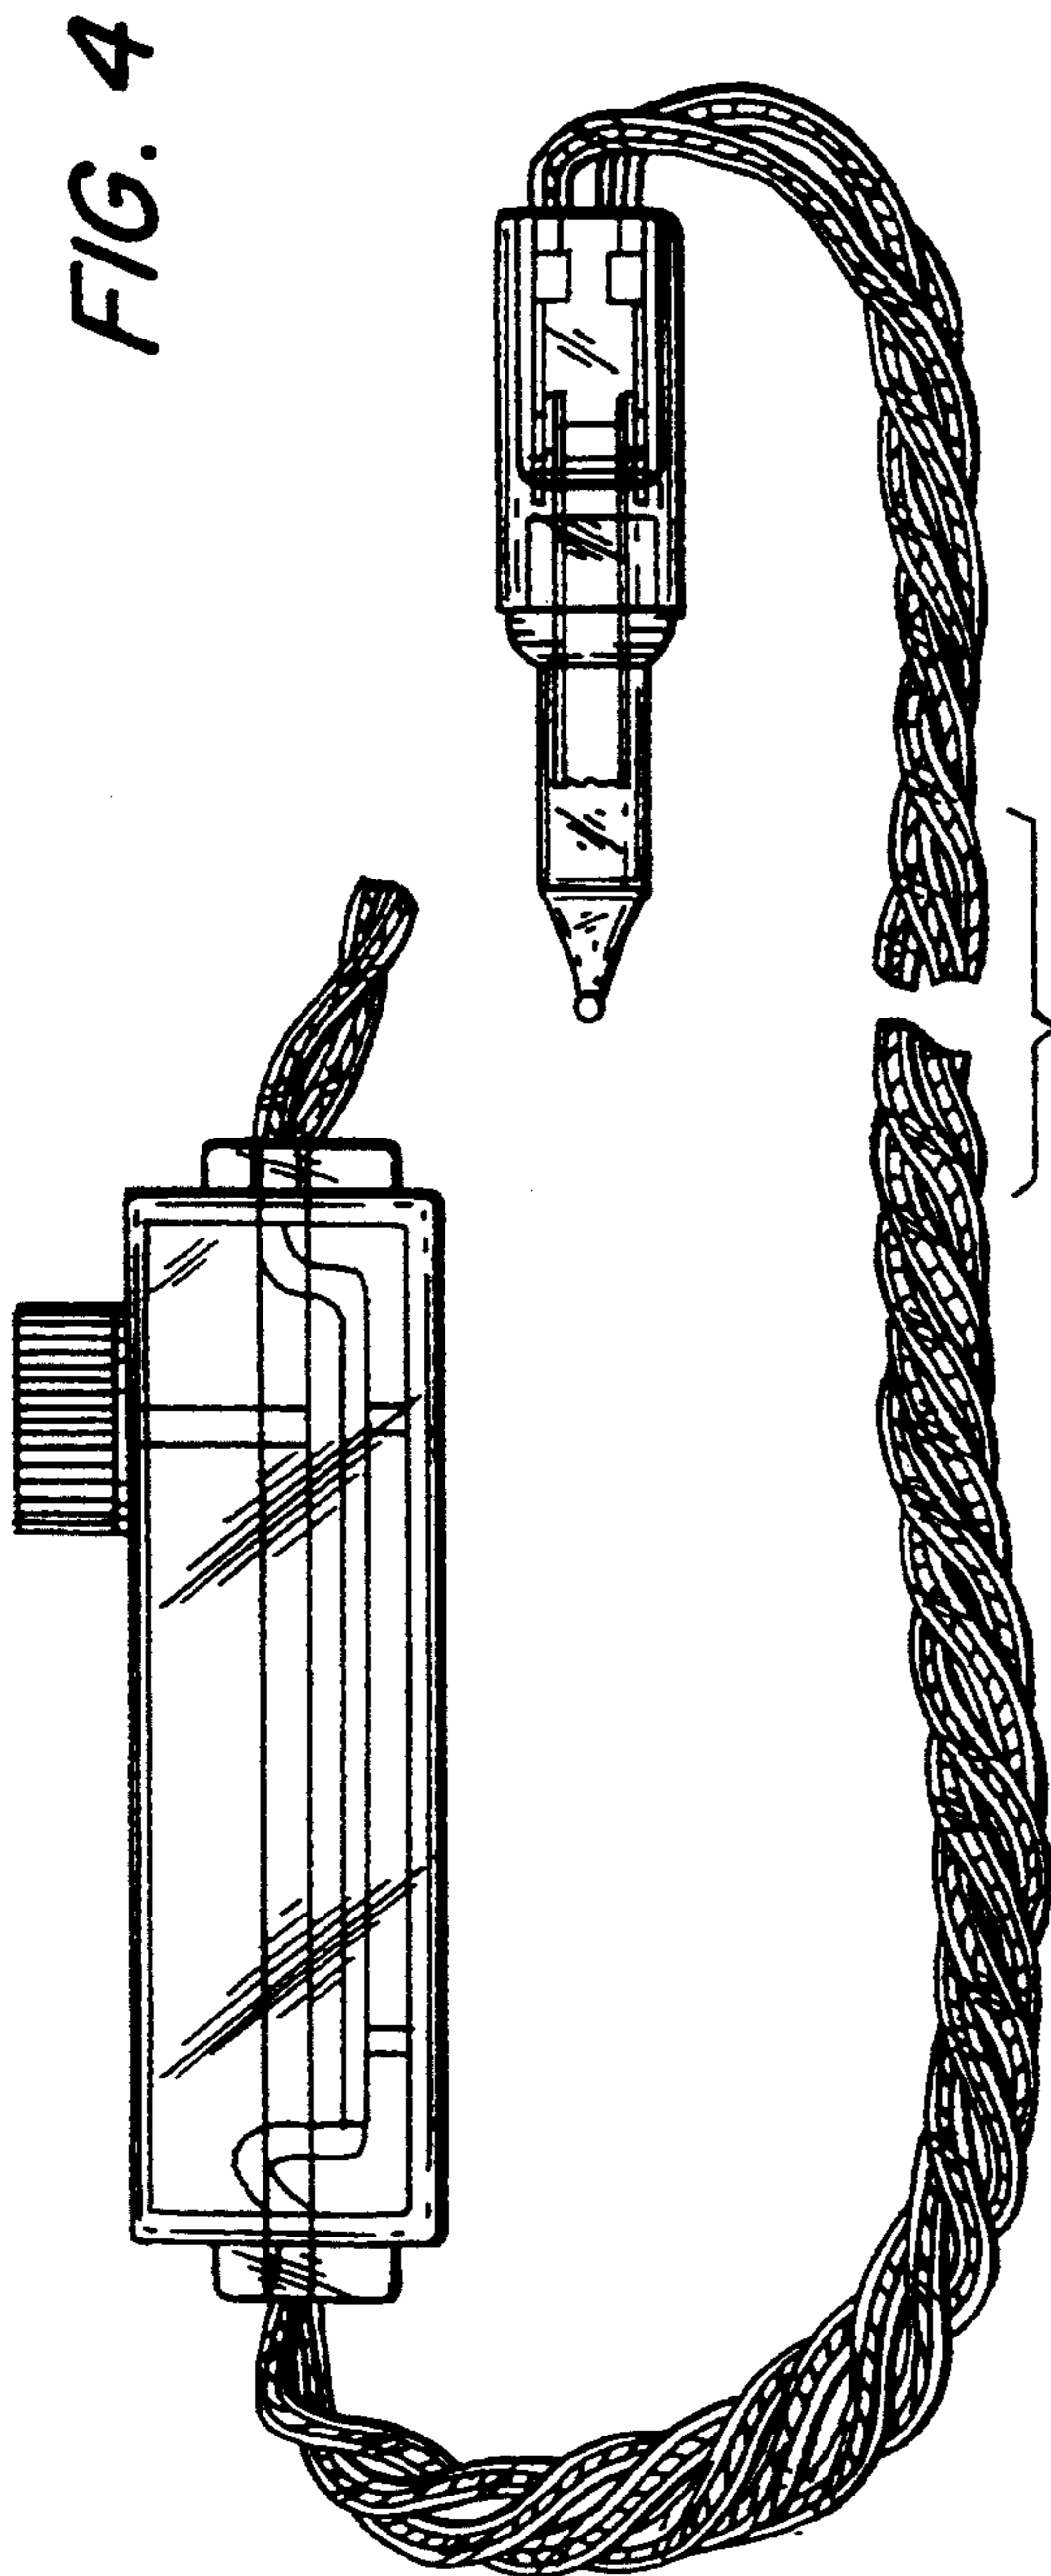

FIG. 3

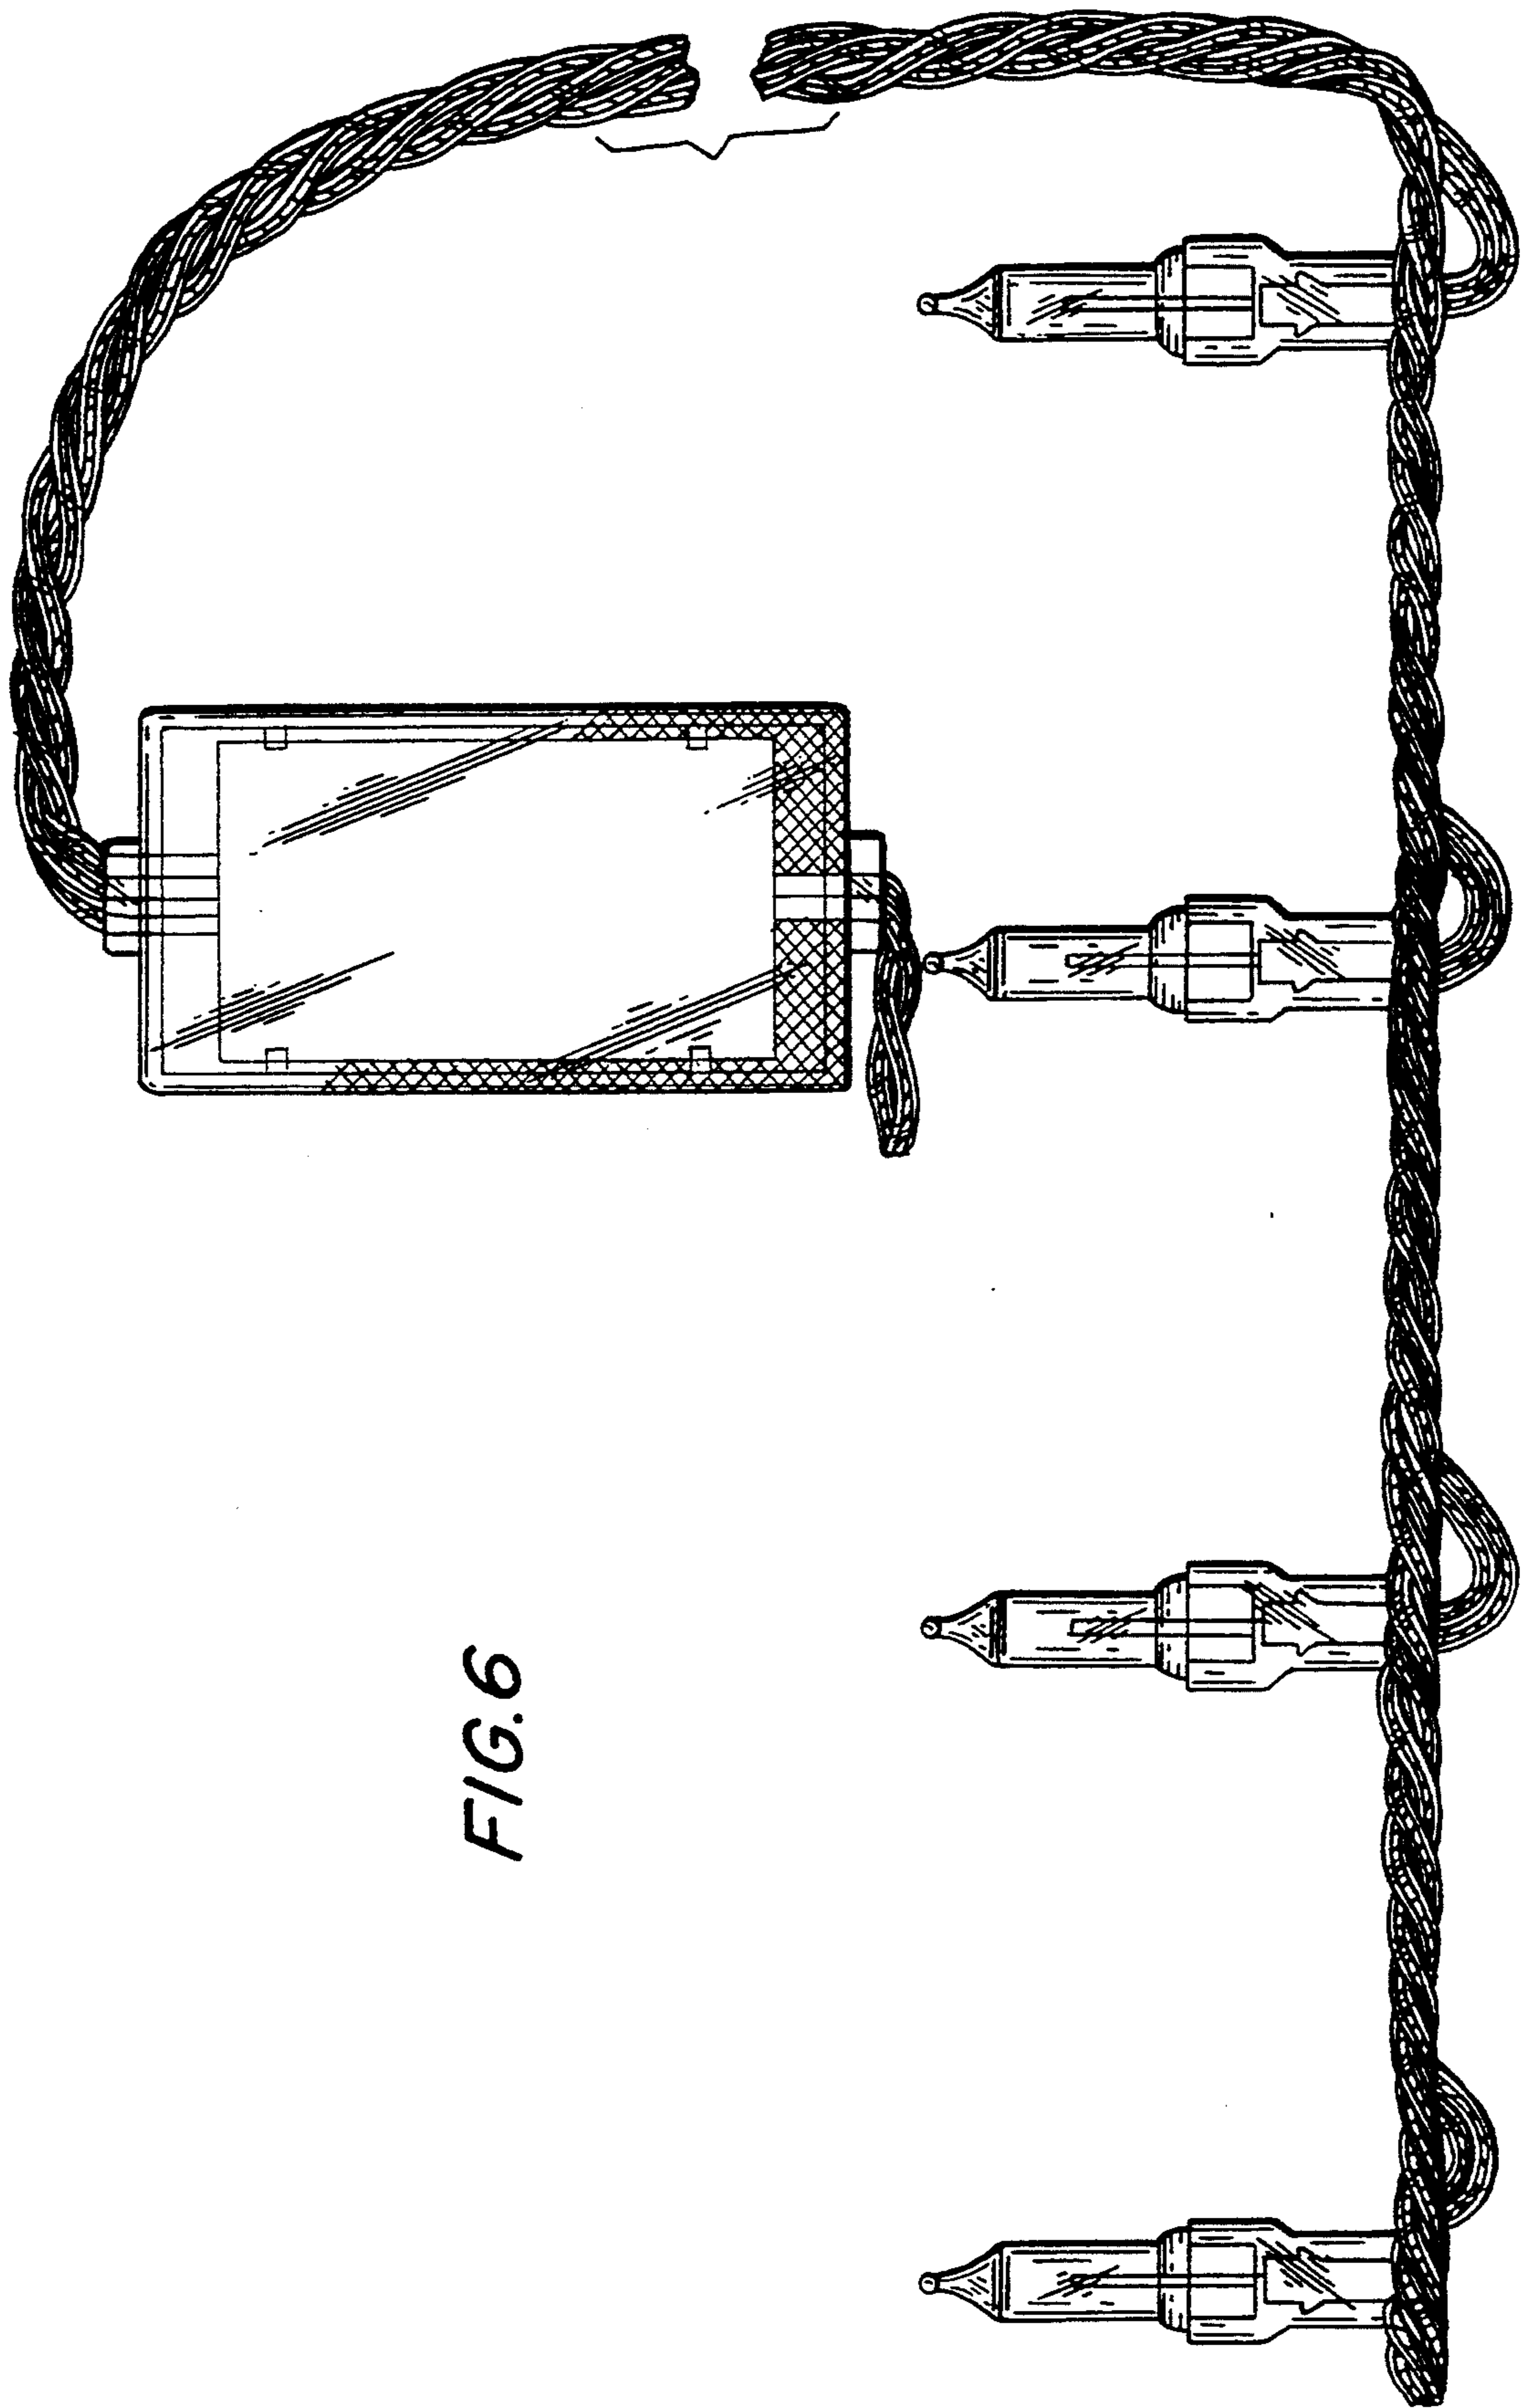

FIG. 6
