[57] CLAIM

The ornamental design of a rear sight for a handgun, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the rear sight for a handgun embodying the ornamental appearance of this invention as it would appear on the slide of a hand gun, shown in broken lines and which does not form any part of the design;

FIG. 2 is a top plan view of the rear sight for a handgun; FIG. 3 is a side elevational view of the rear sight for a handgun, showing one side thereof, the other side being virtually identical to the side shown in FIG. 1;

FIG. 4 is a rear elevational view of the rear sight for a handgun;

FIG. 5 a front elevational view of the rear sight for a handgun;

FIG. 6 is a bottom plan view of the rear sight for a handgun;

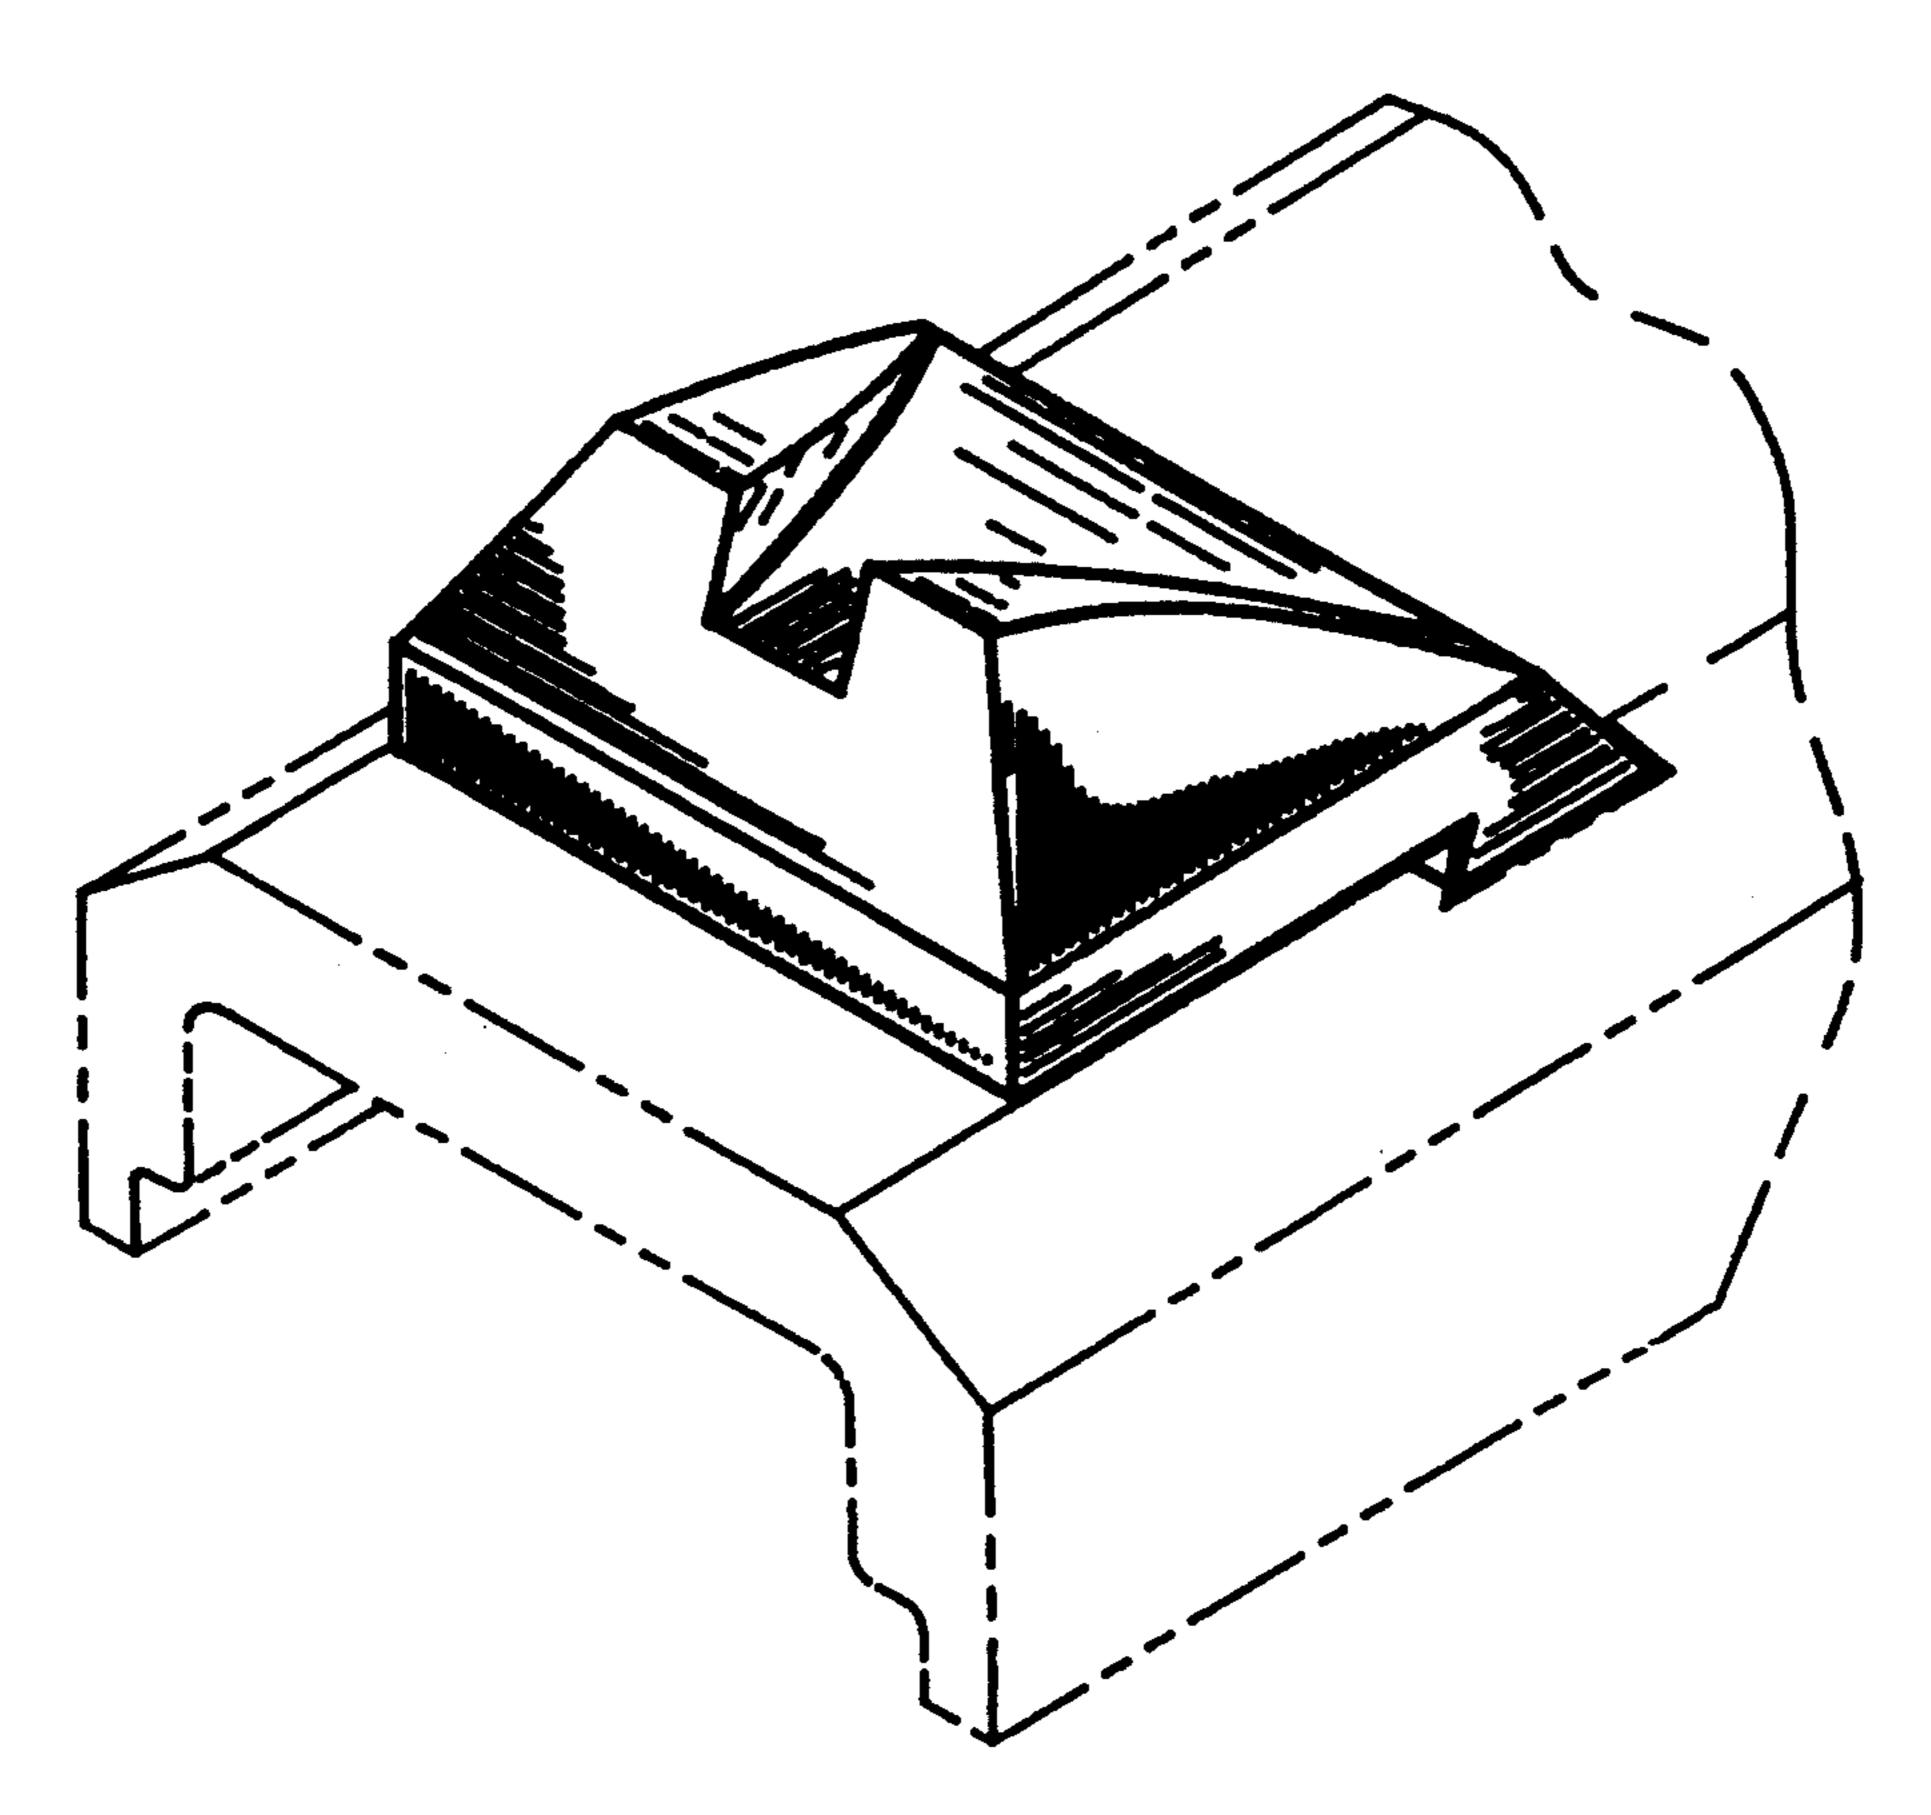

FIG. 7 is a perspective view of the alternate embodiment of the rear sight for a handgun of this invention; FIG. 8 is a top plan view of the alternate embodiment of the rear sight for a handgun;

FIG. 9 is a side elevational view of the alternate embodiment of the rear sight for a handgun showing one side thereof, the other side being virtually identical to the side shown in FIG. 7;

FIG. 10 is a rear elevatinal view of the alternate embodiment of the rear sight for a handgun;

FIG. 11 is a front elevational view of the alternate embodiment of the rear sight for a handgun; and,

FIG. 12 is a bottom plan view of the alternate embodiment of the rear sight for a handgun.
