[57] CLAIM

The ornamental design for a knob portion of a pawl latch assembly for securing hinged panels together, as shown.

DESCRIPTION

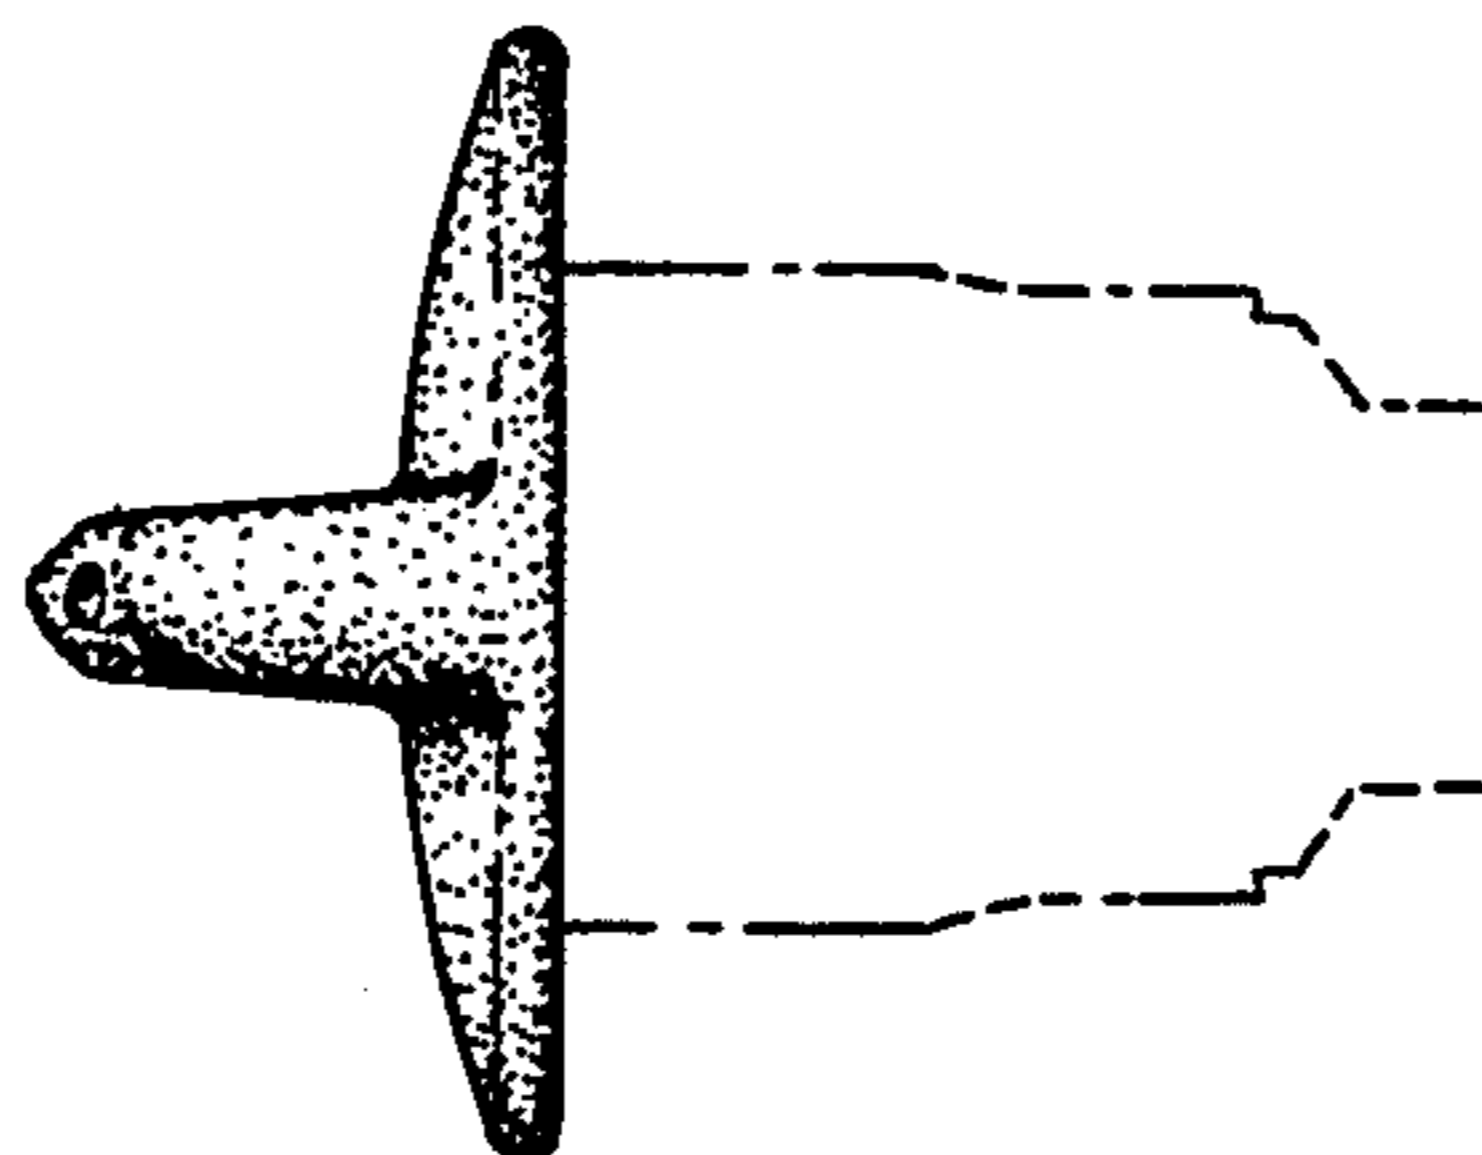

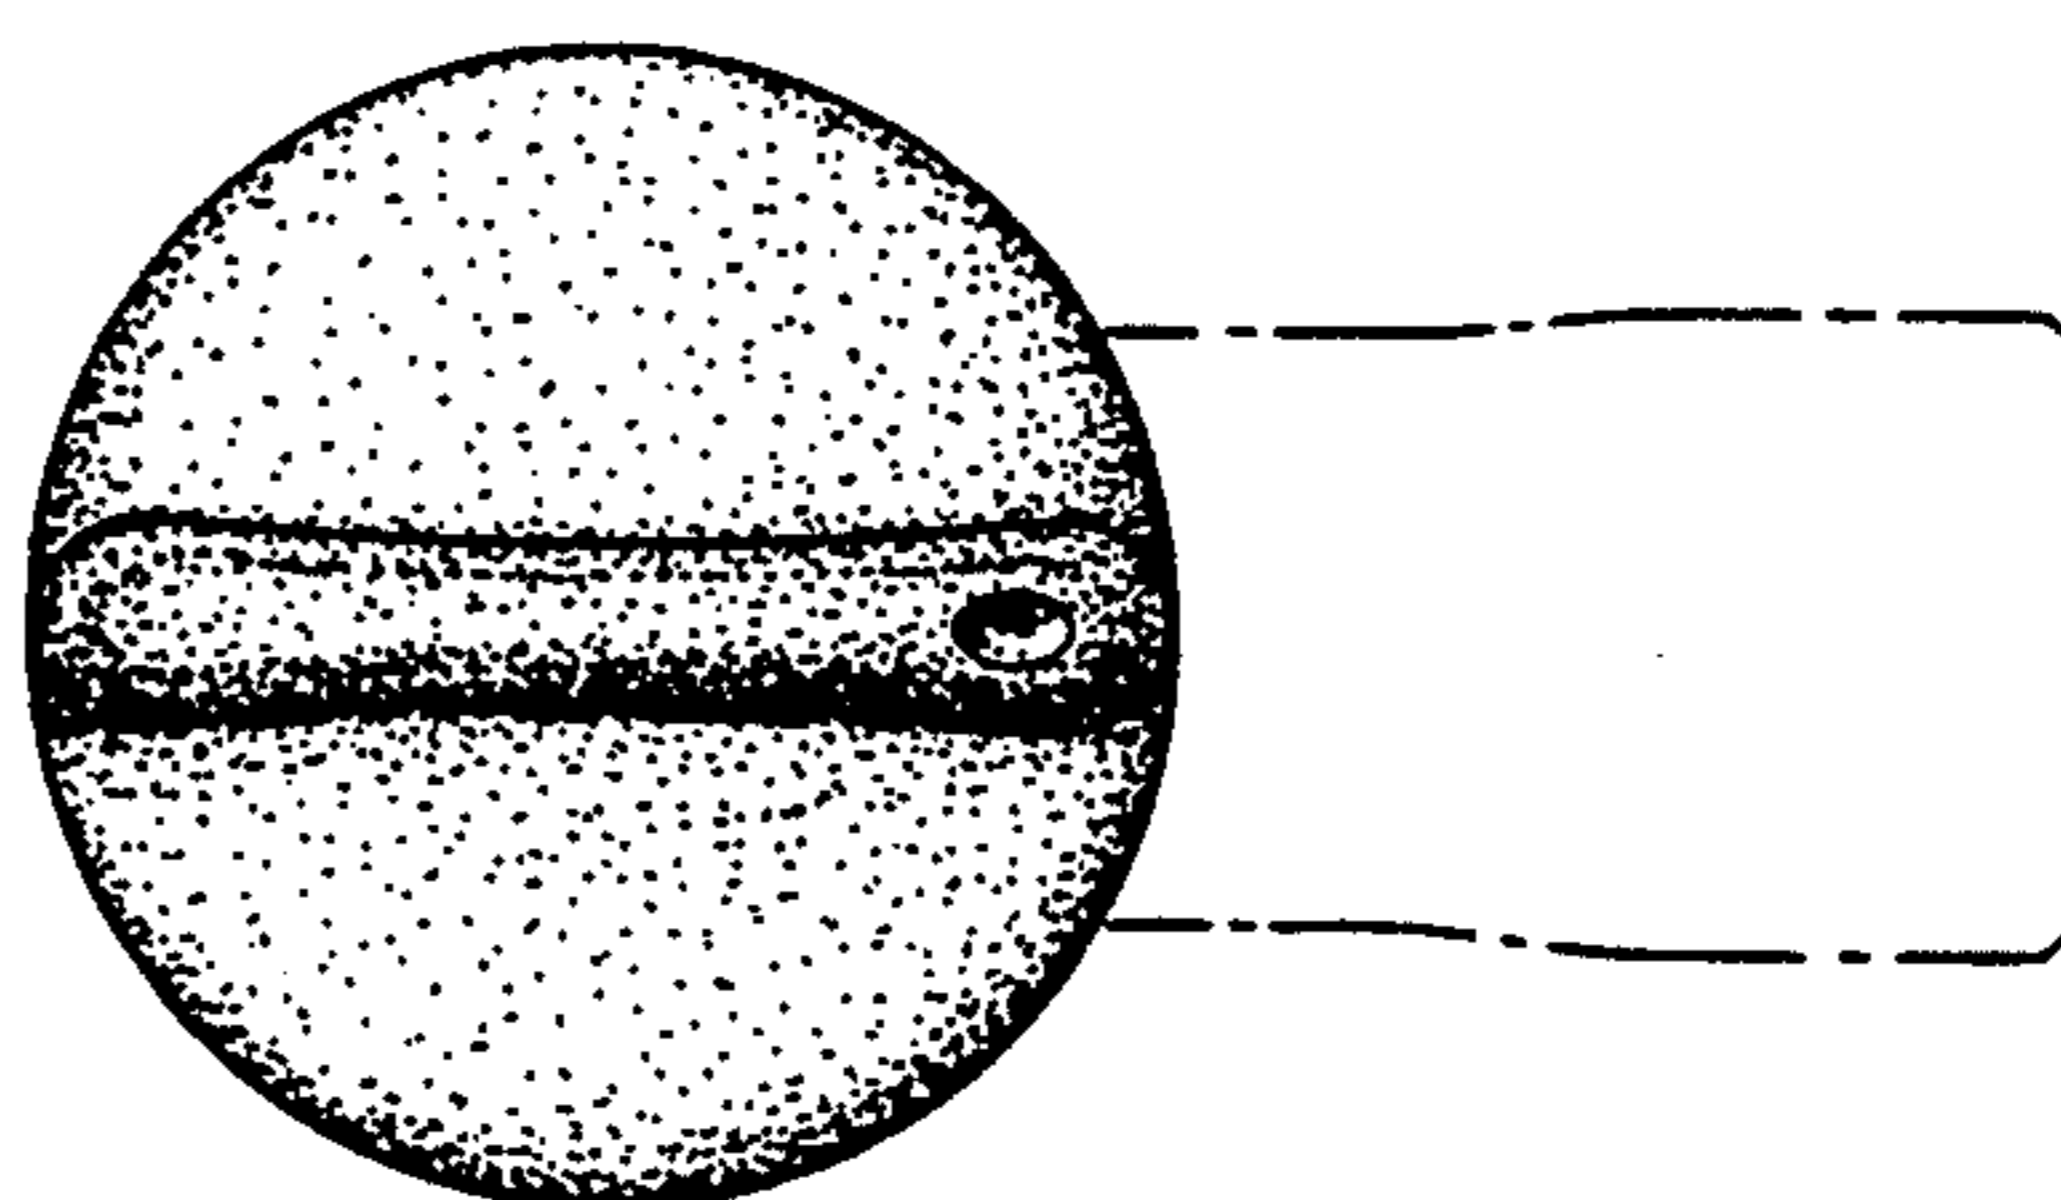

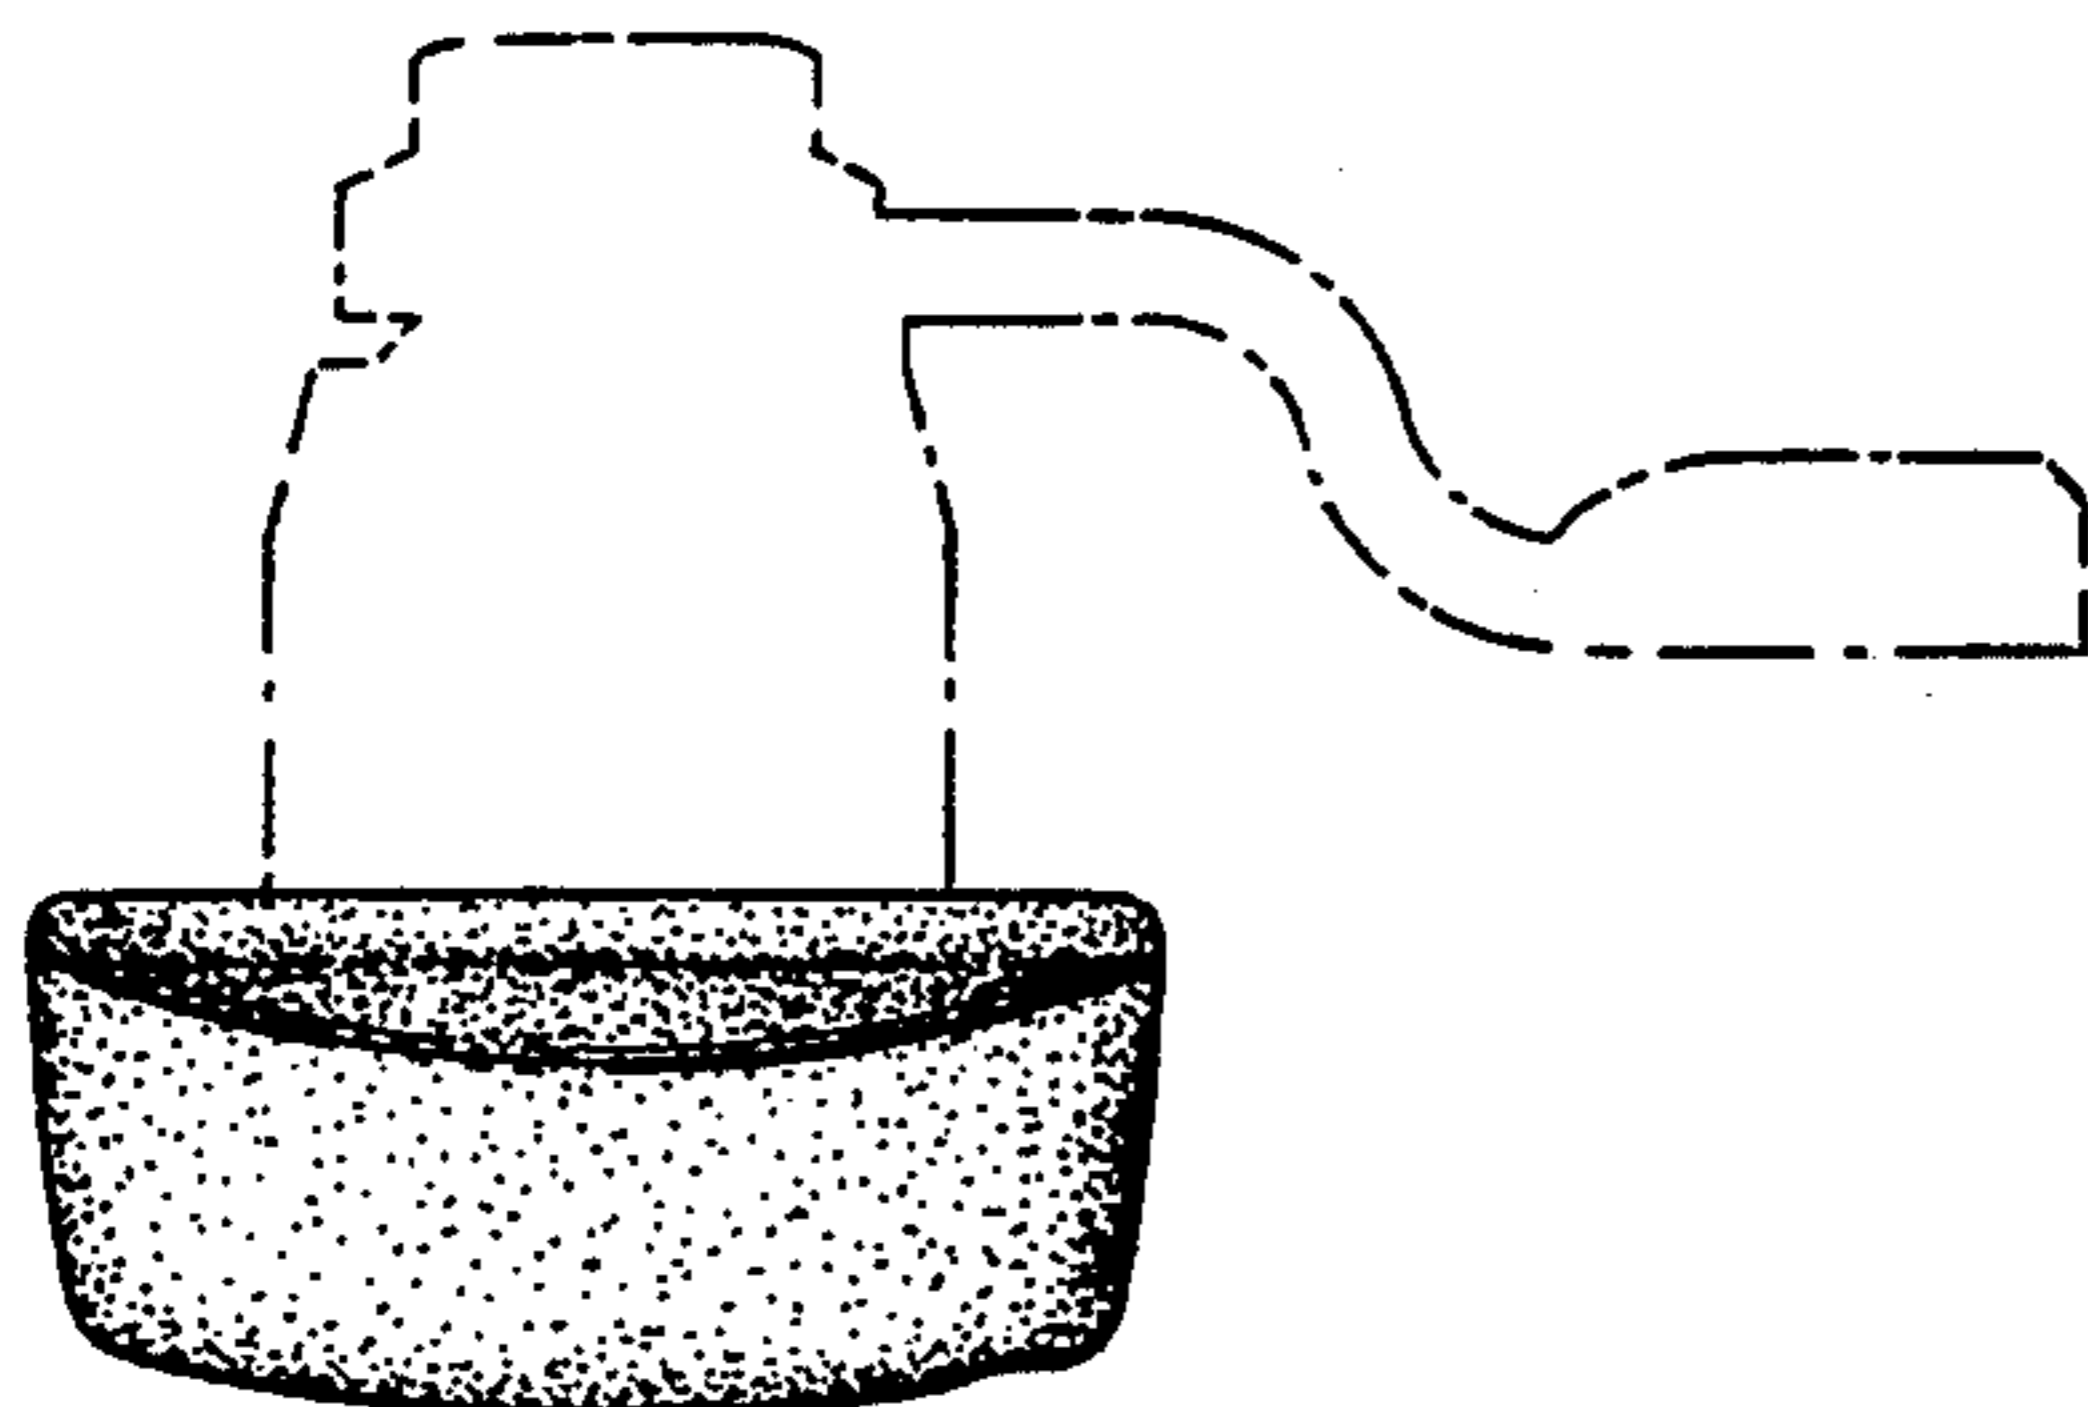

FIG. 1 is a top plan view of a knob portion of a pawl latch assembly for securing hinged panels together showing my new design, the bottom being a mirror image of that shown;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a left side elevational view thereof; and,

FIG. 4 is a right side elevational view thereof.

The broken-line disclosure of a pawl latch assembly is shown for illustrative purposes only and forms no part of the claimed design.
